Will There Be a VICTROLA In Your Home This Christmas?

The Gift Supreme
Easy Payments If Desired

The instrument that brings the world's greatest artists to your home, is sure of a welcome at Christmas time.

Never in the world's history has it ever been so easily possible to keep up-to-date in the thorough knowledge of all things musical. The Victrola brings you, no matter where you are, as no other instrument can do, the most famous singers and musicians in the world.

There are many styles at many prices and one style in particular is adapted to your requirements.

We will be glad to demonstrate any machine or record you wish to hear.

Pompeian Room

COMPLAINTS ON 20 I. W. S TO BE FILED SATURDAY

Bureau of Investigation Has Made Thorough Examination; Many Likely to be Discharged From Jail.

Complaints will be filed Saturday against probably 20 of the 64 Industrial Workers of the World, arrested in a raid on local headquarters three weeks ago.

"We have gathered exhaustive information by personal examination of all those arrested," said Chief Eberstein of the bureau of investigation. "We have discharged four of the men, and probably will discharge a number of others."

Complaints Near Completion. The complaints are now being completed by Assistant United States Attorney Saxton.

George F. Vanderveer of Seattle, attorney for the Industrial Workers of the World organization, is in the city, coming here from Chicago, where he is counsel for the indicted men of that city. He had a consultation with Eberstein and Saxton, and was permitted to visit the prisoners in the county jail. Vanderveer declares that the I. W. W. do not practice sabotage, the destruction of machinery and other property.

Non-resistant Body. "The organization is non-resistant," he said. "The strike is their weapon. They do not believe in violence because the minute they start violence the troops are called out, and they fail to gain their ends."

When his attention was called to pamphlets advocating sabotage, he declared that the I. W. W. publication house merely prints these and sells them, but "doesn't put any official endorsement on them."

Burlington Finishes Work On the Chalco Cut-Off

The Burlington has about finished construction work on the Chalco cut-off and the expectation is that it will be ready for train service about the first of the year. From the start there will be freight train service from Omaha to Sioux City, by way of the cut-off, with the inauguration of passenger train service a little later.

The work of reconstructing the grade and taking out some of the curves and eliminating grades between Ashland and Greenwood is about finished. The track laying is well along and it is expected that the new track will be in use by the first of the year.

Open Headquarters for Red Cross Christmas Week Drive

Headquarters for the Red Cross Christmas week drive for 40,000 members in Douglas county open Saturday morning in the Keeline building, Seventeenth and Harney streets, in the quarters formerly occupied by the State bank.

Henry Doorly is chairman of the campaign committee. The Red Cross headquarters, however, will be in active charge of J. E. Davidson. These men and S. S. Caldwell, W. A. Schall, W. A. Pixley and others on the committee will devote their entire time for the next three weeks to organizing for the big campaign.

Colonel Welsh Says Month Of November Remarkable

"A remarkable November this has been," says L. A. Welsh of the local weather bureau. "We have had 231 degrees of excess temperature above the average for the month. The normal temperature for November in Omaha is 48 degrees. Same days we had as high as 72 degrees. The temperature was above the normal on all but three days during the month." The fogs which have been seen nearly every morning during the month were produced by the unseasonably warm weather.

Record Breaking Rush For Marriage Licenses

"Cupid" Stubbendorf, marriage license clerk, worked up a fine appetite for Thanksgiving dinner making out marriage licenses for couples desirous of celebrating the big day in style. The rush was a record breaker. Licenses to wed were issued to 31 couples Wednesday. Two late comers had to have theirs on Thanksgiving day.

Receipts Fairly Heavy On Omaha Grain Exchange

Receipts were fairly heavy on the Omaha Grain exchange. There were 92 cars of wheat, 72 of oats and 72 cars of corn on sale. New corn sold from \$1.30 and \$1.37 a bushel, slightly under the Wednesday's prices. Oats were sluggish and steady, prices being about the same as Wednesday, when sales were made around 70 and 73 cents a bushel.

Planning Commission Would Widen 20th Street

The city planning commission has again presented to the attention of the city council the importance of widening Twentieth street, Leavenworth to Dodge street, before a building in contemplation shall have been erected at Twentieth and Harney streets.

City Authorizes Purchase Of Public Playground Sites

The city council authorized the purchase of two blocks in Christie Heights, between Thirty-sixth and Thirty-eighth streets, north of Q street, for public playground purposes. The price was \$16,500. The tract will be improved next spring.

Only 94 Per Cent of Vehicles In Omaha Streets Are Motors

Six per cent of all vehicles in Omaha streets are horse-drawn. A traffic census taken by the City Planning commission on Leavenworth, Harney, Farnam and Douglas streets, at Twenty-fourth street, showed that 13,211 vehicles passed east and west between 7 o'clock a. m. and 7 o'clock p. m., and that 829 were horse-drawn.
