The Mother's Part

How do the mothers whose boys are in the army and on their way to France feel about this war? Maybe you have asked that question. A mother who has three sons in service handed the following clipping yesterday as an answer:

Edward Markham, the poet, under the unpatented title, "I Did Not Raise My Boy to be a Soldier," wrote this stanza:

"O mothers, will you longer give your sons to feed the awful thunder of the guns? What is the worth of all these battle drums if from the field he loved one never comes? What all these loud hosannas to brave if all their shafts is some forgotten grave?"

Dr. James L. Hughes of Toronto, who lost a son in Belgium, replies as follows: God gave my son in trust to me; Christ died for him and he should be a man for Christ. He is his own, and God's and man's, not mine alone. He was not mine to "give." He gave himself that he might help to save all that a Christian should reverence. All that enlightened men hold dear.

"To feed the guns." Ah, torpid soul! Awake and see life as a whole. When freedom, honor, justice, right, were threatened by the despot's might, With heart aflame and soul alight, He bravely went for God to fight Against base savages whose pride The laws of God and man defied.

Who slew the mother and her child, Who maidens pure and sweet defiled, He did not go "to feed the guns"; He went to save from ruthless Huns His home and country, and to be A guardian of democracy.

"What if he does not come?" you say. taking them an auto load of groceries, vegetables, jellies, canned fruit, meats and fowls.

The following west side people entertained Thanksgiving: Mr. and Mrs. J. Long had Miss Lulu Sturgin, David City; Miss Josephine Mallers, North Omaha; and L. Armbrust; Mr. and Mrs. H. G. Cloggett had as guests Mr. and Mrs. M. H. Mallon and E. C. Mallon, Benson; Mr. and Mrs. Park Edgar had Sergeant W. R. Blachett and wife and daughter, Miss May; Mr. and Mrs. F. C. Hammond had Mrs. I. A. Miller, Mr. and Mrs. D. Givens had Mr. and Mrs. E. E. Dowling and daughter, Miss Marian; Miss Verne Drury had Miss Ethel Hammond; Mr. and Mrs. E. Grover had Mr. and Mrs. F. C. Butts, Bobby Blake, Mrs. J. Blake, and Miss Ella Roberts; Mr. and Mrs. Frank Thomas had her parents, Mr. and Mrs. F. C. Hensman, Miss Bertha and Master James; Mr. and Mrs. B. E. Gantz had their parents, Mr. and Mrs. J. T. Gantz; Mr. and Mrs. Grant Hayes had her parents, Mr. and Mrs. M. Johnson, and sisters, Mrs. F. C. Jensen and family, Mrs. Joe Boyer and family, her brothers, Alford and Will Johnson, and their families, 23 in all. It was a family reunion.

Arthur Crittenden Smith and Mr. and Mrs. John Lee Webster have engaged boxes.

Unusually large out-of-town reservations have been made. There will be a party of 54 from Missouri Valley, 72 from Bellevue, 46 from Malvern, 38 from Glenwood, 92 from Fremont, 18 from Plattsmouth and 34 Brownell Hall students will attend in a body.

Patrons and patronesses for the San Carlo season include: Messrs. and Mesdames: W. J. Hynes, R. C. Howe, Everett Buckingham, G. W. Noble, Frank Walters, F. H. Pearce, George Minkel, Frank Hamilton, N. B. Updike, Harry Buckley, E. E. Huntley, William Newton, Arthur F. Mullen, W. H. Head, A. F. Jones, W. A. C. Johnson, P. T. McGrath, Frank Judson, J. J. Sullivan, Joseph Barker, C. B. Hamilton, C. C. George, T. F. Quinnan, Victor White, M. C. Peter, E. H. Sprague, George Ribbel, J. W. Patton, S. S. Caldwell, J. J. Holdrege, Misses: Mabel Wyatt, Mary Munchhoff, Mr. J. J. Brown.

Grand Opera Comes to Relieve Strenuous Days of Reliefs and Drives

Grand opera at the Auditorium, the San Carlo company for three days, beginning Monday, will prove a welcome diversion for society in these strenuous days of war relief drives and campaigns.

The presence of Colonel H. D. Hersey of Fort Omaha and his party and that of Colonel and Mrs. Douglas Settle of Fort Crook, for whom box party reservations have been made, to say nothing of the 1,000 khaki-clad men from both posts who will be guests of the opera company management, will lend an especially interesting touch to the opening night's performance.

Officers of L'Alliance Francais and the Omaha Woman's Press club, who will act as reception committee for the soldier boys, and the Italian consul and his party will occupy boxes. Mr. and Mrs. F. H. Davis, Mr. and Mrs. J. E. Davidson, Mr. and Mrs.

Ah, well! My sky would be more gray But through the clouds the sun would shine. And vital memories be mine, God's test of manhood is, I know,

Not "will he come?" but "did he go?" My son well knew that he might die, And yet he went with purpose high To fight for peace and overthrow The plans of Christ's relentless foe.

He dreaded not the battlefield; He went to make fierce vandals yield. If he comes not again to me I shall be sad, but not that he Went like a man—a hero true— His part unselfishly to do. My heart will feel exultant pride That for humanity he died.

"Forgotten grave!" This selfish plea Awakes no deep response in me. For, though his grave I may not see, My boy will ne'er forgotten be. My real son can never die, 'Tis but his body that may lie In foreign land, and I shall keep Remembrance fond, forever, deep Within my heart of my true son Because of triumphs that he won. It matters not where any one May lie and sleep when work is done.

It matters not where some men live; If my dear son his life must give Hosannas I will sing for him E'en though my eyes with tears be dim.

And when the war is over, when His gallant comrades come again I'll cheer them as they're marching by, Rejoicing that they did not die. And when his vacant place I see My heart will bound with joy that he Was mine so long—my fair young son, And cheer for him whose work is done.

SON OF JOSEPH SNYDER TO BECOME U. S. FLYER

Floyd Snyder

Alma, Neb., Dec. 1.—(Special.)—Thanksgiving day was a little brighter at the home of Joseph Snyder, former member of the legislature and well-known citizen of this place, because his youngest son, Floyd, well known to every one in Harlan county, has just passed with honors in the ground work of the United States aviation corps at Austin, Tex. Young Snyder passed a rigid examination to enter the work at Austin. Mr. Snyder will get a lieutenant's commission when he finishes the air work.

Air Service Needs 10,000 Recruits Before Dec. 15

The government has called for 10,000 recruits to enter various branches of aeronautic service. These men must all be enlisted before December 15. Sail makers, tailors, saddlers, cobblers, coppersmiths, metal workers, auto mechanics—these are only a few of the tradesmen required.

It has been said that upon the operation of the proposed American air fleet depends the whole success of the war. It follows that the demand for skilled men who can aid in the making of airplanes is as great as the demand for trained aviators.

Burlington Man Goes to Milwaukee in Chicago

After having been with the Burlington since he was a boy, W. M. Weidenhamer, superintendent of the Alliance division, goes to the Milwaukee, with headquarters in Chicago. It is not known what position he is to fill, but it is understood that it is one that is equally as good as he is leaving.

G. L. Griggs, superintendent of the Omaha division, with headquarters here, goes to Alliance to succeed Mr. Weidenhamer. The Omaha vacancy is filled by the appointment of J. H. Oydelt, who has been trainmaster at Brookfield, Mo.

Kansas lays claim to being the banner state of the union in the number of women who own and manage motion picture theaters.

Omaha Playwright's First Effort Is Story of Drafted Man

A new playwright, born and reared in Omaha, has come unheralded into local literary circles in the person of Miss Mae Greene, 2616 California street. Judging from the amount of favorable comment and unmistakable interest her initial play has aroused, she will not long remain in obscurity.

"Drafted" is the story of a young man, pampered and spoiled, who has been called to the colors. His obvious inclination to dodge the issue, his final surrender and the remarkable results of camp life and military training on the youth are cleverly woven into three acts.

Miss Greene's accomplishments are not confined to the literary field alone. She is a graduate Red Cross nurse and is now instructing a class at the Good Shepherd convent.

"But the writing of this play took up a great deal of your time, did it not?" she was asked. "Oh, no, I wrote this play in exactly 10 hours," was the surprising reply.

A. C. Thomas in Publicity Bureau for This City

Arthur C. Thomas has been chosen to assist in conducting the bureau of publicity of the Commercial club, now that Manager E. V. Parrish becomes publicity manager for the Nebraska food administration.

Mr. Parrish has been elected a member of the governing board of the bureau, so that the board will get the benefit and advantage of the former manager's experience and advice on all matters.

Mr. Thomas was formerly editor of the Horseman at Chicago, former associate editor and statistician of the American Horse Breeder, Boston, later assistant catalogue compiler for the Byrne-Hammer company of Omaha, former proprietor of the Times Printing company, Omaha, and the Benson Times, Benson, Neb. Until recently he was office manager of the Houghton Sulky company of Marion, O., but came to Omaha some weeks ago as secretary of the proposed Omaha interstate fair, which had to be abandoned for local reasons.

PROMINENT REAL ESTATE MAN PRAISES HORSE LINIMENT

Because of the Speedy Relief Obtained by Its Use.

The following is a testimonial of Mr. Frank W. McMillan:

"Some time ago I received a severe injury to my wrist, and tried various preparations to relieve the pain, but to no avail. I used G & G Nerve and Bone Liniment and to my astonishment and entire satisfaction, it relieved me at once. I can truly say that it is the cleanest and most effective liniment I have ever had the occasion to use, and I can highly endorse it to anyone who may be suffering with an ache or pain."

G & G Nerve and Bone Liniment is sold by leading druggists. Demand the genuine; substitution will prove a disappointment.—Adv.

To the Dead

By ARTHUR SYMONS.

Is there a waking sorrow in the grave? Is it not over, all that holds from sleep? No more the heavy-footed hours shall creep, No more in vain man's longing heart shall crave. The long suspense is over; earth that gave Calls back the gift—Ah, who should strive to keep? Dust over dust, a little narrow heap Holds all we love—Ah, who should strive to save?

Peace, peace is yours, O dead, and yours alone. What peace hath man, unstable man, whose breath Serves but in vain to winnow fruitless chaff? Yet will he ever seek, who ne'er hath known The flying phantom, Peace, till lastly Death Writes in that word 'the final Epitaph.

Mashed Potatoes—Boil in the same water 23 to 30 minutes. Drain and steam five to 10 minutes and then mash, adding salt, pepper, butter and milk.

SURPRISE THE FAMILY with a HOSPE PLAYER PIANO

You can get this in mahogany, walnut and oak. You also receive twelve rolls of music, a fine bench to match, a scarf, delivery in your home—all for \$475

What Former Members of the United States Senate and House of Representatives SAY ABOUT NUXATED IRON

Physicians explain why it so quickly puts such astonishing strength and youthful vigor into the veins of men and women. Dr. James Louis Beyea, Adjunct Professor for fifteen years in the New York Homeopathic Medical College, says severe tests made on himself and numerous patients absolutely convinced him of its extraordinary merit.—Often increases the strength of delicate, nervous, run-down folks 100 per cent in two weeks' time.

PROBABLY no remedy has ever met with such phenomenal success as has Nuxated Iron. Over three million people annually are taking it in this country alone. It has been highly endorsed and used by Former United States Senators and Members of Congress; physicians who have been connected with well known hospitals have prescribed and recommended it; Monseigneur Nannini, a prominent Catholic clergyman, recommends it to all members of the Catholic church; Sarah Bernhardt—"the Divine Sarah," the world's most noted actress, has ordered a large quantity sent to the French soldiers to help give them strength, power and endurance. Dr. A. J. Newman, late Police Surgeon of the City of Chicago, and former House Surgeon, Jefferson Park Hospital, Chicago, says Nuxated Iron has proven through his own tests of it to excel any preparation he has ever used for creating red blood, building up the nerves, strengthening the muscles and correcting digestive disorders.

Dr. James Louis Beyea, for 15 years adjunct Professor in the New York Homeopathic Medical College, says: "As a physician I have always been opposed to prescribing advertised remedies, and for 15 years, while Adjunct Professor in the New York Homeopathic Medical College, I taught my medical students that such remedies were generally valueless, but in the case of Nuxated Iron severe tests made on myself and numerous patients, have absolutely convinced me that it is a remedy of most extraordinary merit and one which should be generally prescribed by all physicians. Notwithstanding the fact that I am nearing my 80th birthday, a short course of Nuxated Iron has made me feel like a new man. Friends say, 'What have you been doing to yourself, you look so well and full of life?' In my opinion there is nothing like organic iron—Nuxated Iron—to put youthful strength and power into the veins of the weak, run-down, infirm or aged. But beware of the old forms of metallic iron which often do more harm than good. To be absolutely sure that my patients get real organic iron and not some form of the metallic variety, I always prescribe Nuxated Iron in its original packages."

Charles A. Towne, Former United States Senator and Member of Congress from Minnesota, Former Member of Congress from New York and Candidate for Vice-President, known as the silver-tongued orator of Minnesota, says: "As a member of Congress and a member of the Senate, I have been a participant in numerous campaigns and as candidate for Vice-President, I have expended enormous energy and reserve force were tremendously drawn upon. That I survived the trials and came into advanced middle life with the elasticity and strength of a boy is unquestionably due to the rigorous attention I have paid to the proper care of my body. Recently I have been taking Nuxated Iron and have found it of the greatest benefit as a tonic and restorative. Henceforth I shall not be without it. I am in a position to testify for the advantage of others to the remarkable and immediately recommended Nuxated Iron to all who feel the need of renewed energy and the regularity of bodily functions."

Obadiah Gardner, Former United States Senator from Maine and now Member Joint Inter-national Commission, appointed by the President, says: "I have used Nuxated Iron with complete satisfaction. I feel that in it you have found a most valuable remedy for the run-down constitution, the exhausted faculties and the most worn mind and body."

William V. Sullivan, Former United States Senator from Mississippi, says: "I have used Nuxated Iron with extraordinary success."

Joseph Taggart, Former Congressman, Member of the 62nd, 63rd and 64th Congress, says: "The effect of Nuxated Iron is almost instantaneous."

Dr. C. P. Grandfield, former First Assistant Postmaster General of the United States, says: "A short course of Nuxated Iron put me in a condition of physical and mental vigor decidedly unusual to a man of my age."

James Harvey (Cyclone) Davis, Former Congressman from Texas, says: "I am 64th Congress and I have used Nuxated Iron with extraordinary success."

Dr. Ferdinand King, New York Physician and Medical Author, says: "I heartily approve the stand taken by former members of the Senate and House of Representatives in coming out so strongly and endorsing Nuxated Iron. In my talks to physicians on the grave and serious consequences of iron deficiency in the blood, I strongly emphasize the fact that doctors should prescribe more organic iron—Nuxated Iron—for their nervous, run-down patients, because women are even more disposed to anemia than men. To preserve your youthful vim and vigor to a ripe old age you must supply the iron deficiency in your food by using Nuxated Iron, just as you would use cod liver oil, if you are not strong or well, you owe it to yourself to make the following test: See how long you can walk without becoming tired. Next take two five-grain tablets of Nuxated Iron three times per day after meals for two weeks. Then test your strength again and you will find how much you have gained."

NOTE: Nuxated Iron, which is widely prescribed by eminent physicians both in Europe and America, is a most reliable iron product.
