

This Is the Store With the Stocks

We are prepared to serve you this Christmas season from immense stocks in every line of Holiday merchandise.

We Began Our Buying for this Christmas season months and months ago, and had stocks shipped to us many, many weeks before this holiday season began, avoiding any possible railroad, express or freight delay, assuring complete stocks when December rolled around.

Another Benefit of this foresight and early buying comes to you now in lower prices than would otherwise prevail—because we bought long before the recent rise in prices and thus are able to give you full share of the savings we made.

So, if you will keep in mind that

THIS IS THE STORE WITH THE STOCKS

you will save much time in your Christmas shopping and be assured of obtaining just what you want at moderate prices.
