

FURS A Wonderful Sale SATURDAY

We have never had a sale at prices like these at this time of the year before—and it would not be possible now—except for the fact that we were able to purchase the surplus stock of a prominent New York Furrier (from whom we buy liberally), at such a remarkable concession that we are able to announce prices far, far below the real worth of the Furs.

Beautiful Scarfs, Muffs, Sets and Coats

At prices that would be astounding even a month or two later—now, right at the beginning of real Winter wear-time—they are truly amazing.

This sale offers you two fine opportunities: To buy for your own needs, or to fill out one or more of your Christmas Gifts.
