

'WORST DISASTER THAT HAS BEFALLEN ANY CITY IN WORLD'

Canadian Officers Describe Devastation in Halifax as Comparable to Nothing That Has Happened Before.

(By Associated Press.)
Halifax, Dec. 7.—An ever-increasing number is being taken from the completely devastated Richmond district to the relief station. An army of rescue workers is searching among the ruins for bodies and for those who have survived amidst the wreckage left by the explosion and fire.
Canadian officers who have seen long service in France characterize the catastrophe as the "most fearful which has befallen any city in the world."

The city was in darkness tonight except for the flame from the fires still burning in the wrecked buildings in the north end. The electric light and gas plants have been virtually destroyed and the only lights available are kerosene lamps.

Americans Lend Aid.

Soldiers, sailors and police patrolled the streets tonight and upon them fell the major portion of the burden of searching among the ruins for the dead and wounded. The Canadians were assisted in this work by sailors from an American warship in the harbor.

The flame-swept area covers approximately two and one-half square miles. It begins at what is known as the North street bridge, extending north to Pier 8, on the Richmond waterfront and back to a point running parallel with Gottingen street. Nothing has been left standing in this section of the city. Only a pile of smouldering ruins marks the spot where the great building of the American Sugar Refining company stood. The dry dock and all the buildings which surrounded it were destroyed.

The Richmond school that housed hundreds of children was demolished and it is reported only three escaped.

THINKS HUSBAND DEAD; WEDS AND NOW IS DIVORCED

Los Angeles, Cal., Dec. 7.—(Special Telegram.)—When Mrs. Laura Weaver read in an Omaha newspaper that her husband had been killed in a wreck she was prostrated with grief. Inquiry among relatives confirmed the story, as she thought, and so when a former sweetheart courted her she lent an ear. They were married November 18, 1916.

Six months later Mrs. Weaver received a letter from her first husband, who stated that he was not dead and that he was on his way home. She separated from James W. Weaver, husband No. 2, immediately and filed suit for annulment of the marriage.

She was granted a decree by Judge Jackson today.

Disasters of Recent Years Claim Heavy Toll

The Halifax disaster is the most tragic explosion in the number of lives lost, in the last quarter century. Instead, few catastrophes of any nature exceeded it in the number of dead. Here are some of the worst disasters in recent years:

Edison plant of the DuPont Powder company at Chester, Pa., in April last, 112 persons lost their lives.

Messina earthquake in 1908, 200,000 lives lost.

Mont Pelee volcanic eruption on the island of Martinique in 1902, 40,000 persons killed.

Earthquake in the interior of Italy in 1915, 35,000 dead.

Troquois theater fire at Chicago in 1903, claimed 652 lives.

Sinking of the excursion steamship General Slocum in the East river, New York, in 1904, death list of 1,400.

Earthquake and fire in San Francisco, 1906, took the lives of approximately 1,000 persons.

Steamship Titanic in collision with an iceberg in 1912, a toll of 1,503 dead.

Steamship Empress of Ireland went down in 1914 in the St. Lawrence river with the loss of 1,027 lives.

Sinking of the Lusitania by a German torpedo and the steamship Eastland in the Chicago river in 1915 with death lists respectively of 1,198 and 812.

WAR CHARITY GRAFT EASY FOR MANY CON MEN

New York, Dec. 7.—Confidence men came to New York from all parts of the country to prey upon persons ready to contribute to war charities, Michael J. Delahunty told District Attorney Swann today, after pleading not guilty to an indictment charging him with forgery and grand larceny in connection with the raising of funds to aid soldiers' dependents.

"The defendant announced he would help in the war charities inquiry here and went before the grand jury.

"It was the easiest graft I ever engaged in," Delahunty said to the prosecutor. "Every person you met fell and fell hard. It was easier than picking up rocks along the Palisades. I was not the only one doing it. 'Dead sure men' came from all over the country to New York, where it had gone forth the graft was easy, and the town was soon filled with 'con men'.

"That's what spoiled the game. Some of them were not satisfied with a couple of hundred dollars and started out to use sledge hammer methods and people began to take notice. Right there is where I quit."

Lester Winkelman, indicted with Delahunty, also pleaded not guilty and will testify before the grand jury.

RUSS PREMIER SAYS SLAVS ARE 'FOOLS'

Ten Days' Armistice Arranged; Army Command in Caucasus Refuses Peace and Proposes to Continue War.

(By Associated Press.)
Petrograd, Dec. 7.—The social revolutionary newspaper Dictionaroda (the People's Work) publishes a letter from Kerensky, the former premier, in which the following passages occur:

"Do you not see that your frankness is being made use of and that you are being deceived? You were promised peace with the Germans within three days. Where is it? Where is the liberty which was promised you?"

"It is dishonorable, infamous, Fools! It is I, Kerensky, who tell you this. For eight months I safeguarded the liberty of the people and the future happiness of the masses of workers. Now they realize that when I was in power liberty and democracy really existed."

Dukhonin Warned Against Germany.

The last message sent to the troops by General Dukhonin, the commander-in-chief of the Russian forces, before the Bolshevik forces captured his headquarters at Mohilev and Bolshevik troops killed him, solemnly warned them against breaking treaties with the entente allies and alienating the defenders of the Russian democratic regime.

The message declared that the Russians would become slaves of imperialism Germany where cunning and lies prevented the exercise of justice

Thousands Who Fleed from Turks Now Starve in Russian Caucasus

New York, Dec. 7.—Thousands of old men, women and children who sought refuge in the Caucasus from the barbarities of the Turks in Armenia are dying from hunger as a result of the overthrow of the Russian provisional government, according to a cable message received by Secretary of State Lansing from F. Willoughby Smith, American consul at Tiflis, Russian Caucasus, and made public today by the American committee for Armenian and Syrian relief.

The counter revolution eliminated the funds provided by the provisional government for the maintenance of orphanages and asylums and for the distribution of food and clothing to the refugees, the message states.

In addition to the sums already promised by the New York committee \$200,000 monthly will be required to continue the relief work, Consul Smith says.
