The stand was taken that in the use of graham bread the people are not conserving wheat but using it to disadvantage.

Cairo Grocer Hastens to Correct Food Law Violations

Grand Island, Neb., Dec. 8.—(Special.)—That retail grocers must comply with the regulations of the food administration was emphasized in this county during the last few days when complaint reached the office of Jack Donald, of the state board here, that G. A. Dove of Cairo had been selling sugar by the sack. Inquiry was at once made to verify the complaint and when it was admitted by Mr. Dove that this had been done, it was stated that Mr. Donald gave notice that the sugar must be immediately removed from the purchasers or an infraction would be sent to do so. The information at hand in effect is that the Cairo retailer was not informed of the inflexibility of the rules and that the departure on his part from the food regulations was not intentional. He showed no disposition whatever to resent the orders, but indicated his complete willingness to do all he could to correct the matter.

Slight Error in Figures Of Douglas Indebtedness

Lincoln, Dec. 8.—(Special.)—A report published from the office of the state auditor yesterday showing that the bonded indebtedness of Douglas county was \$1,967,000, has been discovered to be wrong owing to the failure of the proper officials of the county to report the payment of \$100,000 road improvement bonds.

The auditor received a telephone message this morning from the office of the Douglas county clerk, informing him of the discrepancy, which will reduce the indebtedness of the county by that sum. Since December 1, the county has paid off \$180,000 of the 1898 refunding bonds, which will lower the bonded indebtedness of the county, leaving the amount \$1,687,000.

Figures of Assessors and Clerks on Taxes Differ

Lincoln, Dec. 8.—(Special.)—According to figures prepared by State Auditor Smith taken from the reports of county clerks to the secretary of the state board of assessment, 71 of the 93 counties have reported the footings of the tax list and by those figures, the totals amount of state taxes to be charged the counties reporting is \$3,541,736.54.

The reports made by the county assessors of these same counties to the secretary of the state board of equalization, this report being used as a basis upon which to base the state levy, would have raised \$3,545,010.35, or \$3,273.84 more than will actually be raised, according to the reports of the county clerks.

Doctor Says Crying Need Of The Woman Of Today Is More Iron In Her Blood

TO PUT STRENGTH IN HER NERVES AND COLOR IN HER CHEEKS. Any Woman Who Tires Easily, Is Nervous or Irritable, or Looks Pale, Haggard and Worn Should Have Her Blood Examined for Iron Deficiency. Administration of Nuxated Iron in Clinical Tests Gives Most Astonishing Youthful Strength and Makes Women Look Years Younger.

"There can be no healthy, beautiful, rosy cheeked woman without iron," says Dr. Ferdinand King, a New York Physician and Medical Author. "In my recent talks to physicians on the grave and serious consequences of iron deficiency in the blood of American women, I have emphasized the fact that doctors should prescribe more organic iron—nuxated iron—for their nervous, run-down, weak, haggard-looking women patients. Pallor means anemia. The skin of the anemic woman is pale, the flesh flabby. The muscles lack tone, the brain fags and the memory fails, and often they become weak, nervous, irritable, despondent and melancholy. When the iron goes from the blood of women, the roses go from their cheeks."

"In the most common foods of America, the starches, sugars, table syrups, candies, polished rice, white bread, crackers, biscuits, macaroni, spaghetti, tapioca, sage, builders, if we eat these things, we are taking iron into our system.
