

SOUTH SIDE

MIXED DRINK UPSETS THIS MAN'S STOMACH

Police Find Individual Who Tried Carbolic Acid and Alcohol as a Beverage.

A man was found unconscious in a coal yard at 4817 South Twenty-sixth street late Friday afternoon by the police, who brought him to the station. His condition indicated that he had been drinking alcohol. Dr. Emery, who attended him, said that he had been drinking a mixture of carbolic acid and alcohol. He had evidently been unconscious several hours. The police have not learned his name.

The South Side police say that since May 1 they have faced the problem of the "prohibition drunk," the man who is drunk from "medicated" alcohol. They claim to have discovered many new drunks, ranging from bay rum to fermented raspberry "jam." The police court sometimes acknowledges that it is puzzled as to the shade of distinction between "drunk" and "sick." Usually the medicated alcohol user pleads "sick," but the police pronounce it "plain drunk."

Live Stock Exchange

Names Candidates for Office

The South Omaha Live Stock exchange Friday afternoon nominated the following officers for the ensuing year: President, W. B. Tagg; vice president, W. T. Cox; directors, James Byrne, C. S. Hibbert and James Root. The president and vice president are elected for one year and the board of directors for three.

Auto Thieves Unusually Active on the South Side

Ray Jones, 3722 South Twenty-seventh street, reported to the South Side police that some time Thursday night thieves broke into his garage and stole his automobile. Leonard Blessing, 3632 South Twenty-third street, reported that thieves broke into his garage Friday night and stole an expensive fur-lined overcoat. Several other persons reported to the police that thieves had tampered with their garages.

Magie City Gasop.
Steam heated apartment, Scarce block, four rooms \$25 and \$30.

A joint meeting of the Ancient Order of United Workmen lodges will hold a banquet Tuesday evening at the Ancient Order of United Workmen temple, 10th and 11th Streets. Speakers from several states will be present. Lodge members plan to make this an important affair.

A military funeral was held Friday afternoon for Harry Johnson, colored, a soldier.

He was one of the South Side contingent in Carson Funeral and Burial in honor of which many were sent home Friday. In a escort of soldiers accompanied the cortege from the Larkin chapel to Graceland Park cemetery for burial.

Dietz Memorial Stages

Special Patriotic Service

Dietz Memorial Sunday school will hold a special patriotic service Sunday at 11 a.m. in honor of its 13 young men who have enlisted under the colors.

"Will our boys come back?" is the subject on which the pastor, Rev. H. P. Hunter, will talk.

The Junior Sunday school choir will render special music.

Mr. D. Tombe will give a reading, "I'll Fly My Flag Till My Boy Comes Back." Mrs. Tombe has two sons in the service.

Little Elva Oviatt, 12 years old, will recite an original poem of her own composition.

A recitation by Sadie Nicholas completes the program.

Dr. J. L. Franz, superintendent of the school, will preside.

Central Labor Will

Aid Red Cross Drive

Hearty and effective co-operation of the various local trades unions with the coming Red Cross drive was urged by President Reynolds at the weekly meeting of the Central Labor Union at Labor Temple Friday night. Sixty chairmen of local unions have been made heads of committees to insure the success of the drive, Mr. Reynolds said.

C. L. Shamp, delegate to the national convention of the American Federation of Labor held recently at Buffalo, N. Y., addressed the meeting. He referred to President Wilson's speech at the opening of the convention as "the greatest a president of the United States, had ever delivered."

High School Boys to Help Out Postoffice Department

Postmaster Fanning has issued calls to the Central High school for 25 boys to help in the office and on the routes during the Christmas rush. Several boys are already working after school, being excused from the last period. The school will close earlier than planned this year, that the boys may have more time to help the business men.

The school glee clubs and orchestra will give a concert next Friday night.

Limit on Salaries.

Packers are forbidden to make any permanent additions to their plants or any improvements which will increase their capital value, without express authorization from the chief of the meat division.

A check is placed on deductions that may be written off for depreciation, and it is provided that no unreasonable salary or bonus shall be treated as part of the operating expenses. The larger packers are re-

quired to close their books at least six times a year and the smaller ones four times.

Packers' books and records are to be open for inspection at all times.

Inedible by-products are defined as including soaps, glue, gelatin, glycerine, ammonia, sand paper, curled hair, gut string, pharmaceutical preparations, leather, fertilizer, and products made from horn or bone.

already voiced approval of the effort.

Frank P. Corrick, who has just returned from a trip to the Pacific coast and the northwest, called on the governor and asked him to endorse the movement.

Next Sunday will be American Bible school day and all churches and Sunday school organizations will be asked to hold special collections for support of the national fund.

PACKERS PLACED UNDER STRICT RULE

Larger Corporations Not Permitted to Make More Than Nine Per Cent on Their Investments.

Chicago, Dec. 8.—(Special Telegram)—The firmness of the control which the government intends to place over the packing industry was shown in the detailed rules and regulations given out today by the meat division of the food administration.

Every detail of the business of both large and small packers is to be under supervision, in accordance with the regulations drawn up under the direction of Joseph P. Cotton, who is at the head of Meat division. Packers are classified under two general heads: Those doing a business of more than \$100,000 annually and those doing less. The larger division includes Armour & Co., Swift & Co., Wilson & Co., Cudahy Packing Co., and Morris & Co.

Profit Rate Fixed.

All packers are to operate under government license and each licensee is forbidden to make any change in his business that will bring in a profit beyond the fixed limit. The larger packers are permitted to make not more than 9 per cent on their investment, except on by-products, where the limit is placed at 15 per cent. Smaller packers are allowed 2½ per cent on gross value of sales.

Lines are drawn sharply between departments of the packing business in which food products are handled and by-products which have not food value.

No limit is placed on raising, feeding and fattening of livestock. As some packers operate stock yards and banks, these are also exempted from profit regulations.

Limit on Salaries.

Packers are forbidden to make any permanent additions to their plants or any improvements which will increase their capital value, without express authorization from the chief of the meat division.

A check is placed on deductions that may be written off for depreciation, and it is provided that no unreasonable salary or bonus shall be treated as part of the operating expenses. The larger packers are re-

quired to close their books at least six times a year and the smaller ones four times.

HOW TO PREVENT APPENDICITIS

Appendicitis is primarily due to the poisons formed by decaying food in the bowels. It is a disease caused by improper bowel elimination. Many people have only a small passage in the center of the bowels while the sides are clogged with old, stale, fermenting matter. They may have a bowel movement every day, but it is not a complete movement and the old stale matter stays in the system to cause trouble.

Adler-iks. This picture is of a bowel disorder such unclean bowels cause headaches, stomach trouble and 90 per cent of all other sickness. The old foul matter sticking to the sides of the bowels often stays in, for months, poisoning the body and causing the listless, tired feeling known as "auto intoxication."

HOW TO AVOID TROUBLE

The way to avoid sickness and to keep full of ambition is to watch your bowels. Just as you keep the outside of your body clean, you should also KEEP THE INSIDE CLEAN.

It is even more important to keep the bowels well cleaned, because the more MOTTLED the bowels the more likely they are to become diseased.

Druggist D. Hawks, Goshen, Ind.: "One

of our leading doctors has used Adler-iks

in cases of stomach trouble with wonderful success. He has not lost a patient and saved many lives."

J. E. Puckett, Goshen, Ark.: "I had bad stomach trouble. After taking Adler-iks I feel better than for 20 years. Haven't

had a bowel movement for 10 days now."

Miss E. Hoblett, Saginaw, Oba.: "Thanks

to Adler-iks I can sleep all night now;

never had a bowel movement for years."

Miss L. A. Austin, Aspinwall, Minn.: "I

was never so strong, my stomach was so

weak. Adler-iks made me feel better and

now I am able to work and gain health."

Adler-iks is sold only by the leading

druggists, each city and town in the

United States. It is sold in ready prepared form.
