

# MERCURY BEGINS UPWARD CLIMB: 2 BELOW AT NOON

### Sunshine Ushers in Crisp Winter Day; Omahans Shiver Through Force of Habit; Cold Hits Railroads.

It was cold Monday morning, but not as cold as some people would make their friends believe. The threadbare interrogation, "how cold is it," got a response something like this from the average shivering Omahans: "oh, about 25 below, though I guess it was colder than that early in the morning."

As a matter of fact it was colder at 8 o'clock than it was at 5 o'clock. But it was only 12 degrees below at 8 o'clock, and then the mercury began to climb, reaching 2 degrees below zero at noon. The official reading atop the postoffice at 5 o'clock Monday morning was 10 degrees below zero.

When the sun came out, a crisp, snappy winter day broke over Omaha. With a light wind and sunshine, the temperature is scheduled for a further drop during the day.

The storm which raged over the Dakotas and the northwest generally expended itself during Sunday, striking this region with moderate force.

Warmer in Wyoming. Out in Wyoming, at least in the northern part, railroad men have discovered a break in the cold wave, but nowhere else are there any indications that it has been fractured in the least.

According to the morning reports coming from the stations along the lines of the west, the weather continues cold, with one to two inches of new snow over a greater portion of western Nebraska.

Although northern Nebraska this morning the temperatures were 10 to 22 degrees below zero, the coldest reported being at O'Neill. Over the line, at Winner, S. D., the reading was 25 degrees below. West of Long Pine the weather seemed to be a little warmer and in several localities zero and slightly below was reported.

The Union Pacific reported zero to 15 below through Nebraska, with 36 below at Green River, Wyo. Green River was the coldest spot on the railroad map.

Throughout the central and southern portions of the state, temperatures five above to 10 degrees below, with a northwest wind blowing.

Passenger trains coming into Omaha were one-half to three hours late, while the freight trains were running on a bit and miss schedule. An effort was made to maintain a schedule, but delays at stations disarranged all the plans.

Perishable freight was held back for warmer weather and the oily things to be speeded up were the coal trains and those handling provisions. They were kept moving. At the stations in the state no live stock was loaded out, everything being held in yards where there was plenty of feed and water.

Washington, Dec. 10.—Continuance until the middle of the week at least of the severe cold weather that has overspread eastern districts and the south was predicted today by the weather bureau. The western cold wave is advancing eastward rather slowly and this morning the line of zero temperature had reached only the west front of the Appalachian mountains. It extended as far south as Tennessee. Freezing temperatures were reported on the east gulf coast and in north and central Florida.

### Second Son of Van Rensselaer Enters the Balloon School

Jerry Van Rensselaer, jr., son of J. Van Rensselaer, superintendent of the Pacific Fruit express, traveling car agent for the company, with headquarters in Chicago, has resigned his position and has enlisted in the Fort Omaha balloon corps. The young man is married and has one child.

Jerry is the second of Mr. and Mrs. Van Rensselaer's sons to enlist. Frank, an older boy, married and the father of three children, recently enlisted and is now a captain, attached to the quartermaster's department and stationed in Washington.

Beverly, a third son, has made three applications for enlistment and each time has been rejected on account of a slight defect in his hearing. He is of draft age and is hoping that when his name is drawn he will be accepted for some arm of the service.

### Y. W. C. A. Drive Has Netted Sum of \$14,000 to Date

The Young Women's Christian association reports a total of nearly \$14,000 in its campaign to raise funds for its work. The following committees reported the amounts given, \$2,000 of which was donated by clearing house banks:

Men's committee	\$3,622.25
Women's general committee	2,550.00
Business women	2,140.36
Churches	1,192.80
Daughters American Revolution	50.00
Nurses	1,446.11
Collected in stores	522.42
Theaters and movies	1,601.24
Total	\$13,985.21

### Grain in Storage Two Million Under Last Year

Grain stocks in storage in Omaha elevators are 2,458,000 bushels less than on the corresponding date of last year, according to the report of the inspection department of the Omaha Grain exchange. The figures are:

Wheat	422,000	1,294,000
Corn	128,000	427,000
Oats	670,000	1,850,000
Rye	81,000	163,000
Barley	16,000	2,700,000
Total	1,327,000	2,785,000

### More of New Street Cars To Go Into Service Soon

More of the new double vestibule cars have been put into service by the street railway company. At this time of the 40 built in the Omaha shops last summer nine have gone into service, all on the Farnam street line. It is expected that the remaining 31 will be in commission within the next ten days that they may be used in handling the holiday trade. It is the intention to equip the Farnam street line with these cars and those that are not needed there will go onto the Harney line.

# CHURCH BAZAR IS ON IN COURT HOUSE

### Rotunda of County Building Will Be Shopping Center For the Next Two Weeks.

The big Unity bazar is on. The court house for the next two weeks will be one of the big shopping centers of the Christmas season.

Crowds of bargain seekers are expected to crowd the usually serene and quiet confines of the building dedicated to the solemn workings of the law, and cries of "cash" and "wrap Mr. Smith this package please," will echo throughout its marble corridors to the exclusion of the droning mandates of the judges.

Tables loaded with every holiday article from slippers to father were spread in the rotunda by the women of the four churches, the first relay of the 20 churches which will conduct the bazar for the Christmas shopping season. The churches represented are divided into five teams of four, and each set will hold the tables for two days. Churches of all denominations in Omaha are taking part. The proceeds from the bazar are to be turned over to the Red Cross.

The bazar will be in charge of ladies from the Methodist Episcopal church, Mrs. C. C. Shimer, chairman; Good Shepherd, Mrs. T. A. Fry; Grace Lutheran, Mrs. J. F. Smith, and St. Andrew's Episcopal, Mrs. John Douglas, for the first two days.

The ladies say they have made articles to sell which they would like to receive themselves as Christmas gifts. They will render expert assistance and advice to all male shoppers. Men, do your shopping early.

### Want to Close Minnesota Saloons at 7 O'clock

W. F. Nelson, member-at-large of the Minnesota public safety commission, is in Omaha in connection with the proposed closing of saloons at 7 o'clock p. m. in the Gopher state.

The commission, of which this visitor is a member, has to do with wartime measures. The state body has an executive committee of five members and seven members-at-large with state-wide police powers.

The Hennepin county commission last week recommended that saloons of our county should be closed at 7 o'clock p. m. There are 380 saloons in Minneapolis and the present closing hour is 10 o'clock p. m. We feel that 7 o'clock would be a good conservation measure," stated Mr. Nelson.

He added that recommendations will be made to the state commission to make the 7 o'clock closing of state-wide scope.

Mr. Nelson believes his state has effectively disposed of the Industrial Workers of the World. He affirmed that the Industrial Workers of the World, when operating in Minneapolis, co-operated with certain elements of socialists and with the Nonpartisan league.

### St. Vincent De Paul Society Holds Annual Meeting

St. Vincent de Paul society, a Catholic charitable organization of laymen, held its annual meeting at the Bohemian Catholic Turner hall, Archbishop Harty and members of Omaha clergy were present. There are 16 conferences in the city, with a membership of 214.

Reports showed that more than 900 relief cases were handled in the last year, in addition to much special work such as visits to the county hospitals, St. Joseph's hospital, the Riverview detention home and other institutions.

The juvenile court committee of 16 members, one from each conference, reported 89 cases successfully handled. Reports also were made on the workmen's hotel and the boy's home at Twenty-fifth and Dodge streets.

### Red Cross Appeals for Women to Make Bandages

The Red Cross appeals for aid. The central division has been asked for 1,000,000 surgical dressings to be sent to France by January 1. Two particular kinds of dressings have been asked for especially and the Omaha chapter, has sent out an urgent plea for volunteer workers to help accomplish this task. Any women who will help are asked to report to room 209 in the Baird building every morning, if possible, to work from 9 o'clock until 1 o'clock. Trained instructors will be on hand to teach the women how to make the surgical dressings so badly needed by the hospitals in France.

### Matters Applies to the Court for a New Trial

Thomas H. Matters filed a motion for a new trial in federal court. The motion covers 64 pages. Three weeks ago Matters was found guilty by a jury of 14 counts charging him with aiding President Leubben of the defunct First National bank of Sutton to issue certificates of deposit illegally. The case has been in court three years. On the first trial Matters was found guilty and sentenced to six years in federal prison. The circuit court of appeals remanded the case for retrial. If the motion for a new trial is overruled Matters will appeal the case again to the higher court.

### To Vote on Buying Gas Plant Here in the Spring

The city council committee of the whole has recommended for passage an ordinance which provides that the question of public ownership of the gas plant shall be submitted to a general vote next spring.

The plan is to proceed under eminent domain, as authorized by the last legislature.

### Proposition to Widen 20th Street Indefinitely Postponed

The city council committee of the whole recommended to postpone indefinitely the proposition of widening Twentieth street, Leavenworth to Farnam streets. Protests were filed against the project.

### Two Schools Closed For the Lack of Heat

The main building of the High School of Commerce and the South Franklin schools are closed on account of inadequate heating arrangements.

# YOUTH OF OMAHA HASTENS TO BEAT THE NEXT DRAFT

### Enlistments Heavy Under the Drive of 250 Soldiers From Fort Crook This Week.

The young men of Omaha are "issers" and not "wassers." The "Enlistment day" propaganda promulgated by army officials to encourage enlistments is being carried out to successful fruition.

Omaha men are responding in great numbers to the appeals of soldiers from Fort Crook to enlist in the army this week and not wait to be drafted later. They must enlist before Friday.

All forenoon the clerks at the army recruiting office were busy explaining various phases of army life to prospective applicants and up until 11 o'clock more than 100 men had signed their willingness to undergo the preliminary examination. Recruiting officers are confident that fully 300 men will enlist today.

Many Waiting Turns. Throughout the day the corridors of the army building were filled with a seething mass of humanity, from the beardless youth of 17 to the gray haired man of 40, each patiently awaiting his turn to enter the recruiting room to undergo the preliminary examination.

Recruiting was given a great stimulus through the efforts of 250 regular soldiers from Fort Crook who are posted at downtown street intersections importuning men of all ages to make this week one of the largest in history, so far as enlistments are concerned.

After taking the preliminary examination in Omaha the applicants are sent to Fort Logan, Colo., where they undergo the real test, and if they pass they will then be assigned to different regiments for duty.

Many young men of draft age are taking advantage of the opportunity to enlist now and select the branch of the service they desire, preferring to go now rather than waiting until they are called and assigned to that branch of the service where the government sees fit to send them.

The soldiers were entertained at luncheon at the Commercial club. Up to noon 125 men had been brought to the recruiting station by the soldiers stationed about the downtown streets.

### Thieves Break Through and Steal From H. Lincoln's Store

After breaking into the grocery store of H. Lincoln, 3522 Leavenworth street, Saturday night and making off with 34 sacks of flour and 11 cases of canned goods, with a horse and wagon, stolen from the barn in the rear of the store, the bold burglars met with an accident three blocks away, with the result that the wagon was put out of use.

The thieves then broke into the barn of Morris Levinson, 3215 Leavenworth street, and stole a horse and wagon, which they used to haul their plunder away from the wrecked outfit.

Detectives Jolly and Walker found Levinson's horse and wagon tied to a pole near the postoffice yesterday morning. No trace of the burglars was found. "All of the plunder except two sacks of flour was missing. Police are conducting a further investigation.

### Morals Squad Raids Pool Hall; 14 Inmates Arrested

The morals squad raided the pool hall of J. Silaris, 1311 Douglas street, last night and arrested 14 inmates whom the officers found gambling.

They were gathered around two large tables playing cards. A sign which read "No loating. This place is for players only," was tacked on the wall in the rear of the place where the tables were. All were released on bonds.

### Ice Harvest at Carter Lake Begins Wednesday

Lakeside Ice company will begin cutting ice at Carter lake Wednesday. Ice on Carter lake now is seven inches thick, the ice people report, is hard and firm and promises the best natural ice in years. The ice company is in need of men for the harvest which starts Wednesday. Men are asked to report at Thirteenth and Manderson streets at 7 a. m. Wednesday.

# JOHN KELLEY DIES FROM HIS INJURIES

### Well Known Broker and Mason Dead as Result of Auto Collision With Union Pacific Train.

John Kelley, aged 57, well known flour broker and lodge man, who was fatally injured when a Union Pacific flyer collided with his automobile on the crossing at Elkhorn, November 30th, died at Nicholas Senn hospital Sunday noon.

Mr. Kelley was a prominent Mason. In his 32 years residence in Omaha, he had been closely identified with the work in York Rite Masonry, being at the time of his death the president of the Masonic Temple Craft, which has to do with the building of the new Masonic temple, which is just nearing completion.

Mr. Kelley was a life member of St. John's Lodge, No. 25, Past High Priest of Omaha chapter, Past Thrice Illustrious Master of Omaha Council, No. 1, East Commander of Mt. Calvary Commandery, No. 1, Knights Templar, Tangier Temple of the Mystic Shrine and member of Maple Leaf chapter, Eastern Star. He was formerly very active in Travelers Protective association affairs and had retained his membership in the same.

In his commercial career, Mr. Kelley had been closely identified with McCord Brady, Hughes Brothers company, Updike Milling company, and only recently had taken up the flour brokerage business.

Besides his wife, he leaves his mother, one daughter, Mabel, two sons, Dr. Ernest Kelley of Omaha, and Dr. John Kelley of Central City, Neb., four brothers and two sisters.

The funeral will be in charge of Knights Templar, Tuesday, at 2 p. m., at the old Masonic temple, preceded by services at the residence 2719 Pinkney, at 12:30 o'clock.

### RECENT ARRIVALS BEGIN TRAINING IN BARRAGE FIRE

(By Associated Press.) With the American Army in France, Friday, Dec. 10.—A division of American troops, recently arrived in France, will begin regimental maneuvers Sunday and will be trained in barrage fire, the American artillery working with American aviators. The site picked for the practice is rolling ground. The artillery will lay a barrage up to the first objective, over theoretical German trenches. The infantry, following up the fire, will occupy the trenches and then execute a flank movement, which will enable the men to study the barrage moving on to the second objective.

The signal corps will get the benefit of the maneuvers, for they will be carried out as if an actual attack were being launched, and the business of the signal men will be to establish and maintain communication between the advancing sections and the regimental and brigade headquarters in the rear.

Telephone communication is to be used from the objective point to both headquarters. The helicopter will be employed between the first and second objectives to regimental headquarters, while radios will be sent from airplanes from all points to brigade headquarters.

### CUBA SOON WILL DECLARE WAR UPON AUSTRIA-HUNGARY

Havana, Dec. 9.—The belief was expressed by several congressmen this afternoon that President Menocal tomorrow would send a message to congress asking that a declaration be made that a state of war exists between Cuba and Austria-Hungary.

Cuba was the first of the Latin-American countries to follow the United States in declaring war against Germany, and the expectation is that it will duplicate this action in the case of Austria-Hungary.

### Villa's Return to Ojinaga Expected During This Week

El Paso, Tex., Dec. 10.—Francisco Villa and his main column of troops are expected to return to Ojinaga, opposite Presidio, Tex., during the present week, according to Mexican secret service agents here. They claim to have information that Villa is making his way by a circuitous route from his camp southeast of Ojinaga, to the border port to resist the efforts of the federal column from Juarez to recapture that port.

Martin Lopez and his band of raiders, who were defeated in Santa Clara canyon last Tuesday, were reported today to be in the vicinity of Satevo, where they were reorganizing. The home defense troops in that district have taken up arms against Lopez's men and a number of the raiders were reported to have been killed Friday in a brush with the home guards.

### Captain Morehouse Goes by Train Instead of Automobile

Lincoln, Dec. 10.—(Special.)—After viewing with some misgivings the flying snow and a rapidly falling temperature, Captain Nye Morehouse of Omaha and his bride, formerly Miss Meica Stout, who were married here yesterday and had planned their wedding trip in an automobile to Camp Sam Houston, in Texas, changed their minds and took a train for the southern camp, where the captain has been ordered to report as instructor.

That extra room will pay your coal bill. Rent it through a Bee Want Ad.

# BREAD IS BAKED HERE NOW UNDER THE NEW RULES

### Bakeries Start to Turn Out Loaves as Prescribed by the Food Administration.

Bakeries began baking bread Monday under the regulations prescribed by the baker's license which went into effect this morning. The licenses are issued to all bakers using 10 or more barrels of flour per month.

Under these regulations bread is baked in 16 or 24-ounce loaves or multiples of these units. In other words, bakers may bake bread only in 16-ounce, 24-ounce, 32-ounce, 48-ounce loaves, and so on.

The 16-ounce loaf is to cost 9 cents; the 24-ounce loaf, 13 cents; the 32-ounce loaf, 17 cents, and the 48-ounce loaf, 25 cents. These are the prices recommended for Douglas county by the state food administrator. These prices are for cash over the counter.

The ingredients entering into the making of the bread are also now government regulated. They are in the following ratio:

Flour	100%
Shortening or butter	8%
Fats, not to exceed	2%

Not more than 15 per cent of the fats are permitted to be animal fats. Must Keep Weight.

The loaves must contain the standard weight after 12 hours unwrapped. Bakers and creamery men of Nebraska who sought to get the government regulation changed so as to allow a greater proportionate use of buttermilk products in the baking of bread have been disappointed. The federal food administration has refused to allow the recommendation.

The committee here had recommended that as much as 72 pounds of buttermilk meal be allowed in the 196 pounds of flour, but the federal food administration held that six pounds is enough, and that in this small quantity buttermilk may be substituted for skimmed milk at the option of the baker.

# RECORD YEAR FOR PACKING COMPANY

### Cudahy Earnings Run Into Millions of Dollars, According to the Annual Report.

The annual report of the Cudahy Packing company for the year ending October 31 and given out by the president, Edward A. Cudahy, indicates that for the 12 months under consideration, the volume of business was far in excess of what of any previous corresponding period.

During the 12 months under review, Mr. Cudahy says that the company earnings, in round numbers, were \$4,430,000. This enormous business that brought about these earnings, was handled without any friction, due to the loyalty of employees and the friendly relations existing between all parties connected with the several plants.

Gross Sale of Products. The gross sale of all products during the year covered by the report approximated \$184,000,000, as against \$133,000,000 during the previous year, and the volume of meat in pounds, handled, was something like 10 per cent greater than during any previous year.

For live stock for slaughter in the several plants, last year the Cudahy company paid out \$129,000,000, as against \$87,500,000 the previous year, or an increase of nearly 40 per cent.

There was a large increase in the number of company shareholders and at the time of making the report, the individual holders of shares numbered something like 600.

The gross proceeds from the sales of all products derived from animals purchased and slaughtered, amounted to \$160,000,000 and the balance of the \$184,000,000 from the sale of edible products and such articles as glycerine, soaps, cleansers, etc.

After deducting all expenses, including the war tax, there was a net profit of \$2,500,000 left to be divided among the holders of the shares of stock.

### Helps Win the War.

During the last year the Cudahy company supplied the government with vast quantities of food supplies for the armies at home and abroad. In addition, vast stores of meats and food supplies have been sold to the allies, besides millions of pounds that have gone to the Belgian and other relief commissions.

In all particulars the officers of the company have complied with the regulations exacted by the government and the food administration agents. They have co-operated at all times, and are of the opinion that the best results will be attained by a study of economics, stabilization and stimulating the production of live stock by liberal prices, rather than by reducing or unduly restricting the profit of the packer, which it is asserted is so small that it is practically negligible as affecting the prices paid the consumer for his products.

### Burleson's Recommendation Attacked by Labor Head

Washington, Dec. 10.—Samuel Gompers, president of the American Federation of Labor, issued a statement yesterday attacking Postmaster General Burleson's recommendation that postal employees be denied the right to organize and affiliate with the federation. He said the federation was prepared to resist any effort to put the recommendation into effect.

"To deny the right of postal employees to organize," said the statement, "is to make mockery of our faith in democracy. If autocracy is harmful to the morals of our alien enemies abroad, then let us not introduce a species of it into our largest federal institution by attempting to disfranchise industrially the army of postal workers."

### Ulypto for Sore Throat, Stiff Neck

Try this Wonderful New Pain-Easer "Ulypto" Ointment, as nothing else has ever done before, chases away pain, brings down inflammation and congestion, limbers up stiff joints, eases sore muscles—in remarkably quick time. It cures pain

without irritation, and is wonderfully soothing. It contains the wonderful properties of the oil of the eucalyptus tree, together with other scientific ingredients. It gives relief instantaneously. It is free from the objectionable odor of mustard, and a few rubs are all that is necessary. Try it at once for rheumatic pains, neuralgia, stiff muscles, stiff joints, sore throat, earache, neuralgia, back pains, headache, colds in the head and chest, nose sore.

"Ulypto" Ointment is sold at all drug stores at 25c and for a 5c jar, or sent direct by the McMillan Chemical Co., Falls City, Neb.

### Quick Relief for Hoarseness

There's nothing so immediately effective for clearing the throat and voice, and relieving hoarseness, as "Ulypto Cough Drops." They are a new combination, containing the remarkable properties of the eucalyptus. Singers, speakers, smokers and everybody—children and grownups—with a raspy throat or hoarseness, should use nothing else. So at all drug stores, candy, grocery and cigar stores.

### BANISH CATARRH

Breathes Hyomei for Two Minutes and Stuffed Up Head Will Get Relief.

If you want to get relief from catarrh, cold in the head or from an irritating cough in the shortest time breathe Hyomei. It will clean out your head in two minutes and allow you to breathe freely.

Hyomei will end a cold in one day, it will relieve you of disgusting sniffles, hawking, spitting and offensive breath in a week.

Hyomei is made chiefly from a soothing, healing, germ killing antiseptic that comes from the eucalyptus forests of inland Australia where catarrh, asthma and consumption were never known to exist. Hyomei is pleasant and easy to breathe. Just pour a few drops into the hard rubber inhaler, use as directed and relief is almost certain.

A complete Hyomei outfit, including inhaler and one bottle of Hyomei, costs but little at drugists everywhere and at Sherman & McConnell Drug Co. If you already own an inhaler you can get an extra bottle of Hyomei at drugists.—Advertisement.

### COUGHS WASTE ENERGY

Careful physicians always point out that every cough wears human strength and tears down the body's resistive powers. The reason

# SCOTT'S EMULSION

is always best for coughs is that it peculiarly soothes the tender membranes while its rich, creamy food rebuilds the tissues to avert bronchitis and lung trouble. No alcohol—just food.

### Industry Paralyzed By Fort Smith Strike

Fort Smith, Ark., Dec. 10.—Industry in this city, as well as the operation of several large coal mines in this country, is completely paralyzed today as the result of the general strike inaugurated Saturday by the Central Trades and Labor assembly, in sympathy with the striking operators of the Southwestern Bell Telephone company. The city is in complete darkness last night and all electric driven machinery today is idle. Owing to the shutting off of electric power, Fort Smith newspapers were temporarily suspended.

### Sam Campbell, Aged Negro Character of Omaha, Dies

"Sam" Campbell, an aged colored man, for 25 years a familiar figure around Omaha as janitor in The Bee building and elsewhere, died at the state hospital yesterday as a result of an aneurysm, said to be a very rare affliction. "Sam" first gave evidence of the disease about a month ago, when he suffered a severe heart attack. He was born, and raised in slavery before the war. He leaves a wife and several children.

### Frozen Water Pipe Causes Damage in Uptown Hotel

The Wellington Inn was damaged between \$200 and \$300 early Sunday morning when a frozen lavatory pipe in a guest room burst. Fresh air lovers were primarily the cause.
