- Rut Proof
- Gasoline Proof
- Oil Proof
- Non-Skid

Brictson TIRES have NINE exclusive money-saving features. The cheapest tires in the long run. Thousands of automobilist confirm this claim

20% DISCOUNT ALLOWED TO ALL STOCKHOLDERS

The development and growing demand of BRICTSON TIRES has made it necessary for our company to provide ample capital for the construction of a large, modern factory, which we will build in the city of Omaha at an early date, moving our present factory here, which has been established for the last eight years in Brookings, South Dakota, when our Omaha factory is completed.

A NEW TIRE

In addition to a standard line of tires, such as all automobilists are familiar with, we will soon place on the market a new Brictson Rubber Tire, which will mean one of the most important and substantial changes made in tire building in recent years. It will bring into use a new method of construction which will very materially reduce the service costs at least 100 per cent. The tire industry is in its infancy. The demand today for high grade tires is crowding all the factories to the limit of their production. \$1,000 originally invested in any of the automobile tire manufacturing companies that are today familiar to all automobilists, have made a fortune in dividends paid and enhanced value of stock.

Brictson Tires are being sold in every state and many foreign countries. 10 per cent of the automobile tire business in Omaha trade territory alone, based on a net profit of \$5.00 per tire and \$1.00 per inner tube, will enable us to pay a dividend of 63.3-4 per cent on the common stock of our company, and a fixed 7 per cent dividend on the company's preferred stock.

HERE IS YOUR OPPORTUNITY

We have less than \$100,000.00 of 7 per cent cumulative preferred stock of our company, which we offer at par, namely \$100 per share, with which we are giving as a bonus, with each share of preferred, two shares of common stock. All stock of our company is of a par value of \$100 per share, fully paid and non-assessable. We have the tentative plans of our new factory to be erected in Omaha and will announce the location at an early date. Fill out one of the coupons below and mail today. We will book all subscriptions as received and the above offer is made subject to prior sale of stock.

CASH COUPON

The Brictson Manufacturing Co., 1015-24 W. O. W. Bldg., Omaha, Neb.

I hereby authorize the Brictson Manufacturing Company to issue and deliver to me _____ shares of its 7 per cent cumulative preferred stock at its par value of \$100 per share, which stock is fully paid and non-assessable, according to the company's subscription plan. It is understood that there will be issued and delivered to me two shares of its common stock, free, with every one share of preferred which I purchase, which stock is of a par value of \$100 per share, fully paid and non-assessable. This purchase entitles me to buy my tires at 20 per cent discount from the company's list price.

I herewith enclose \$ _____, payment in full.
