Campfire Girls Join Nation-Wide War Savings Campaign

The Campfire Girls throughout the nation, 100,000 strong, are going to be enlisted in the campaign for the sale of war savings stamps. It is expected that many thousands of dollars worth of stamps will be sold through their efforts.

The assumption of this great work, the spreading of the thrift campaign, affords a new field of activity for the Campfire Girls, who have given able assistance in every similar nationwide undertaking since the beginning of the war. Their work for the sale of thrift and war savings stamps will be in line with that of the millions of school children throughout the nation. They will not alone use their own savings for the purchase of the stamps, but will make a valuable force in spreading the gospel of "save and

War Savings Stamps Clubs.

In the matter of helping the organization of thrift and war savings stamps clubs their efforts will be extremely valuable. These clubs are to be established in factories, stores, oflices, banks and all other business institutions. The Campfire Girls will devote their efforts to organizing similar clubs for the purchase of thrift and war savings stamps in their respective communities.

To Have Smooth, White, Soft Skin All Winter

Does your skin chap or roughen easily in this weather, or become unduly red or blotchy? Here is a quick, easy way to over-Coit from Lawrenceville. Mrs. Coit spent the winter two years ago at Pass-a-Grille and was delighted with it. It is a small island in Tampa bay, with a large hotel on one end and about 200 winter homes. Mr. Coit is at the Fontenelle for the winter and his mother, Mrs. G. W. Coit, is established at the Blackstone.

Women now run the village of California, Ky., since nearly all of the men have joined the army. Mrs. Wheeler is postmistress while her husband is fighting. Mrs. Stanley Jones is performing her husband's dutter as a rural mail carrier and Mrs. E. Hernden has taken her son's place as railroad station agent.

His weather, or become unduly red or blotchy? Here is a quick, easy way to overcome the trouble and keep your complex'en beautifully white, smooth and soft the winter long. Just get an ounce of ordinary mercolized wax at the nearest drug, store and use a little before retiring, as you would cold cream. Upon arising, remove the coating with sudsy water. The wax, through some peculiar attribute, fleeks off the rough, discolored or blemished skin. The worn-out cuticle comes off just like dandruff, only in almost invisible particles. Mercolized wax simply hastens Nature's work. Used as required, it keeps the face constantly free from devitalized scarf skin and only the healthy, young-looking skin is in evidence. It's the best treatment known for weather-beaten, aged, muddy, freekled, pimpled and all unbeautiful complexions.

Some skins wrinkle easily in winter. There's an excellent remedy in a harmless wash lotion made by dissolving an ounce of powdered saxolite in a half pint witch hazel. This will quickly eradicate every line.—Adv.
