

HIGH MONEY RATES DISTURB STOCKS

Railroad-Situation and Uncertainty of War Outcome Keeps Wall Street Upset.

New York, Dec. 15.—The perplexing railroad situation, higher money rates, due mainly to extraordinarily heavy disbursements by and to the federal government, and increasing concern respecting the course of foreign military and political developments were the more disturbing features of another very unsettled week in the stock market.

The familiar tale of new low records was repeated with added force and breadth, many high class railway and industrial issues joining the already long list of new minimums for periods extending from a few years to almost a generation. Apprehension was accentuated by concurrent declines in various foreign government bonds and domestic railroads which plainly denoted the lack of buying power or indifference of investors.

\$7,000 Raised by Athletes For Big Red Cross Fund

Lincoln, Neb., Dec. 15.—Samuel Avery, chancellor of the University of Nebraska, today announced that the University Athletic department has made a preliminary contribution of \$7,000 to the Red Cross and that further contributions are to follow. The athletic department, by strict economy, has reduced its expenses this year by more than \$13,000 from last year's mark and is giving its entire proceeds to the Red Cross. The sum given today is a part of the proceeds of the football season. Nebraska is said to be the only university giving all of its athletic proceeds to the Red Cross, and according to reports, is the only member of the Missouri valley conference, which finished the football season with a surplus.

RAPID CHANGES WITH SNOW FOR COMING WEEK

Washington, Dec. 15.—Weather predictions for the week beginning Sunday, issued by the weather bureau today are:

Northern Rocky mountains and plateau regions: Frequent snows, with rapid alterations of temperature; temperature slightly above the normal on the whole.

Southern Rocky mountain and plateau regions: Fair, without decided temperature changes.

Fifty Omaha Sailor Boys Coming Home for Christmas

Fifty Omaha sailors, now in the hospital corps at Great Lakes naval training station, have been granted furloughs extending over Christmas. The men will make the trip home in a special coach, leaving the station December 22 and returning December 29.

The Omaha men have been in training nearly six months. It is expected that their trip home will be their last before going to sea, as their schooling is completed. Most of the men are Omaha high school graduates, and a number are University of Nebraska students. The party will be in charge of Norris Lynn, assistant instructor in the hospital school. Lynn formerly was employed on a daily newspaper advertising staff. Recently he was promoted to pharmacist's man, third class.

Railroads Get Trains Back on Schedules

With a decided break in the temperature and with little snow blowing, railroads have been able to get their trains back onto pretty close to the regular schedules. Most of the trains arrived on time Saturday morning. Freight traffic went back onto schedule and railroad men, believing that good weather is on the way, started freight trains out on schedule, giving perishable stuff ample protection against freezing.

Seabriske Appointed Head Flour Distributor

New York, Dec. 15.—George A. Seabriske, a member of the New York produce exchange and New York agent for the Pillsbury Flour Mills company, today accepted appointment as head flour distributor of the food administration. He will supervise the distribution of flour through the nation's retail trade from the miller to the consumer.
