Burgess-Nash Announce for Wednesday a Rousing

# "ROUNDUP" SALE

An Underpriced Effort to Put Our House in Order for the New Year

Probably The Most Remarkable Clearaway That We Have Ever Had

If we operated merely on present market conditions, we would probably not have our usual "Roundup" or clearaway this year—for "bargain goods" are "scarce as hen's teeth."

Almost every kind of merchandise in our store is worth more than its present market price; and when present stocks are sold out we will have to pay more for the same goods—often goods that are not equal in quality.

Every newspaper tells you the story of rapidly advancing prices. But we are merchants—not speculators! We are not here to make the most dollars possible out of our customers this year. We are here to give the best possible service to our customers. This year and every year—for a whole lifetime.

We are, therefore, going to clean up our stocks and take our chances on the future—no matter what we have to pay when we go into the market again, because we don't count anything a loss when it becomes our customers' gain.

Never has there been a time since we have been in business that it was so definitely to our customers' advantage to lay in full supplies of all goods likely to be needed—while the opportunity is here.

Practically every section of our store is represented in this annual "Roundup" with remarkable values, in an effort to set our house in order for the New Year.
