Mr. Gary, whose subject was "Business during and after the war," stated that Germany was stronger than ever and that he subscribed to the opinion of an eastern newspaper that it would be wholesome for every American business man to place over his desk the words, "Germany is winning the Y. He thinks that two or three more years will bring a victory for democracy over Meeting Called to Start Drive autocracy-mayhap sooner, but meanwhile he insists that even optimists like himseli should unblinkingly face the fact that so far the fruits of victory belong to the central powers. The director general appealed to shippers and consiguees to help in provided for, to pay for improvereleasing cars to meet the national emergency, and to make special ef- work already contracted for, and parforts even before the higher demur- tially finished. Roads were requested rage charges go into effect to clear terminals as a contribution to the suc-

Presidents were asked to day reaches \$10. This maximum then will be charged for every day or fraction thereafter. Much higher rates have been charged on the Pa- property or maintenance of carnings. cific coast and in several other dis-
