

Nebraska SCHOOLS TO CLOSE EARLY IN HASTINGS

Board of Education Favors Plan as Wa Measure; Ger- man Dropped From Parish School Curriculum.

Hastings, Neb., Jan. 8.—(Special Telegram.)—The closing of Hastings schools two weeks earlier this spring, as a war measure, was favored by the Board of Education last night. It was agreed that Superintendent Everhart should place the matter before the teachers for their consideration. If the board's plan is adopted, school will be held on five Saturdays between now and spring. The plan will in no way affect the salaries of the teachers.

By unanimous vote of the congregation of Zion Lutheran church at its annual meeting Sunday afternoon, it was decided to drop the German course of instruction from the curriculum of the parish school. A verdict censuring the Burlington railroad, was returned by the coroner's jury investigating the wreck of the Burlington Red Cloud train here on December 31, in which Engineer David Llewellyn was injured.

Captain of Omaha Company Addresses Commercial Club

Norfolk, Neb., Jan. 8.—(Special.)—The 150 men who are members of a company commanded by Captain Glenn Willey at Camp Vodey, N. M., will return to Omaha in better condition morally and physically than they ever have been before, according to a statement made by their captain during a meeting of the Norfolk Commercial club Friday night. These 150 Omaha men came from the South Side, many of them having been employed in the packing houses. Omaha will be proud of these men when they return, said Captain Willey. "The army is not only making them into good soldiers, but is making real gentlemen out of them."

Parochial Schools Cut Out German Language

Lincoln, Jan. 8.—(Special.)—The State Council of Defense is receiving many assurances from private and parochial schools teaching German out in the state that the English language is being used entirely now, while others are getting it to as fast as possible. Some of the larger of the schools have already about half finished their confirmation classes in the German language and have asked permission of the council to finish. After Easter they will use the English alone, disposing with German.

Kimball County Lines Up For Thrift Stamp Campaign

Kimball, Neb., Jan. 8.—(Special.)—Kimball county completed its organization for the war savings and thrift campaign Monday. Harry O. Palmer, executive secretary to War Savings Director Ward M. Burgess, addressed the meeting and outlined the plan of campaign for the year. Mr. Palmer spoke at the county high school in the morning. He stated the letter W. S. S. meant war savings stamps, and that they also meant "we save Sammies". The American State bank of Kimball held its formal opening here Saturday. It has a capital stock of \$25,000. W. S. Rodman, formerly of Omaha is president, Oscar Olson vice president, and Walter M. Rodman cashier.

Registration Card Gives Clue To Identity of Alleged Forger

Lincoln, Jan. 8.—(Special.)—Possession of a registration card by Sol Ellenbalm of Omaha while sojourning in Cabell county, West Virginia, will enable the latter to take a trip back to that county escorted by Lieutenant of Police C. M. Watts, who received from Governor Neville this morning permission to return Sol to that state. According to Sheriff Watts, Ellenbalm was picked up as a suspicious character and the card found on him. His name was taken with the number of the card and evidence, and later when forged checks appeared suspicion pointed to the Omaha man and the officer was sent to bring him back.

Like a Boy at 50, Bubbling Over With Vitality-Taking Iron Did It

Doctor says Nuxated Iron is greatest of all strength builders—Often increases the strength and endurance of delicate, nervous folks 100 per cent in two weeks' time.

BOSTON, MASS.—Not long ago a man came to me who was nearly half a century old and asked me to give him a preliminary examination for life insurance. I was astonished to find him with the blood pressure of a boy of 20 and as full of vigor, vim and vitality as a young man; in fact, a young man he really was notwithstanding his age. The secret he said was taking iron—Nuxated Iron had lifted him with renewed life. At 30 he was in bad health; at 40 he was a careworn and weary man; at 50 he was taking Nuxated Iron, a miracle of vitality, and his face beaming with the buoyancy of youth. As I have said a hundred times over, iron is the greatest of all strength builders. If people would only take Nuxated Iron when they feel weak or run-down, instead of dosing themselves with habit-forming drugs, stimulants and alcoholic beverages I am convinced that in this way they could ward off disease, preventing it becoming organic in thousands of cases and thereby the lives of thousands might be saved who now die every year from pneumonia, grippe, kidney, liver, heart trouble and other dangerous maladies. The real and true cause which started their dis-ease was nothing more nor less than a weakened condition brought on by lack of iron in the blood. Iron is absolutely necessary to grow in as well as to change food into living tissue. Without it, no matter how much or what you eat, your food merely passes through you without doing you any good. You don't get the strength out of it and as a consequence you become weak, pale and sickly looking just as I was. If you are not strong or well, you owe it to yourself to take the following test: See how long you can walk without becoming tired. Next take two five-grain tablets of ordinary nuxated iron three times per day after meals for two weeks. Then test your strength again and see for yourself how much you have gained. I have seen dozens of nervous, run-down people who were all the while, double their strength and endurance and entirely get rid of all symptoms of dyspepsia, liver and other troubles, from ten to fourteen days' time simply by taking iron in the proper form. And this is true of all ailments, whether you are doctoring for months without obtaining any benefit. But don't take the old forms of reduced iron, iron acetate or tincture of iron simply because they are reduced iron. They are in a form that can be easily absorbed and assimilated, like nuxated iron, if you want it to do you any good, otherwise it will do you more harm than good. Many a man who has worn out his strength, who has been a prizefighter has won the day simply because he knew the secret of great strength and endurance and filled his blood with iron before he went into the fray, while many another has gone down to inglorious defeat simply for the lack of iron.—E. Sauer, M. D.
