# White Elephant Sale Includes Kitchen Spoons And Hollander Gowns

On Wednesday and Thursday, January 30 and 31, mornings, afternoops and evenings, the Auditorium will be transformed into a huge department store. By means of brown burlap and some clever carpentering many booths will come into being and in these little shops all kinds of articles will be on sale. The booths so far arranged for will be filled with furniture, books, pictures, household necessities, millinery, men's clothes, children's clothes, shoes, china, even-

ing dresses and things to eat. This sale is sponsored by the Omaha branch of the League for Women's Service and all its members are enthusiastic over the possibilities for success. In other cities \$2,000 to \$6,000 has been realized.

A White Elephant sale is a sort of a glorified rummage sale; the idea is to have people give articles that are good and usable, but that the present owner no longer cares for, I know of some very pretty pieces of furniture that will be given because a certain well known woman has recently changed her drawing room. Dorothy Dix says that it is the very worst kind of waste to keep something stored away in your house that at her home. Miss Lillian Swanberg

could be iseful to another. The prices of articles will range from the very inexpensive things like kitchen furnishings, to quite moderate sums in exchange for Hollander evening gowns.

The children's booth will rejoice in a real donkey, in a nice little stall. The hairs of his head will be numbered and if you guess the right number you can take him home. Two small Florida alligators have also been promised.

Coffee and sandwiches will be served in an attractive booth; a pleasant place for refreshment after a morning or afternoon of Red Cross work.

Articles will be received on the two days before the sale at the Auditorium. A committee will be at the building to receive and sort them.

The work of the League for Woman's Service is well known in Omaha, It has done very vital and far-reaching things at the two posts. Omaha and Crook. Many of the furnishings of the Young Men's Christian association buildings were given by it; and great quantities of knitted garments have been distributed. Mending and comforts for the soldiers have been continually thought of. The Khaki club was given many furnishings. Hundreds of Christmas boxes went on their message of cheer to various camps, and soldiers' families here at home have not been forgotten when they needed help over

riage of Miss Florence Ruth Booth, The money realized from the sale will go toward the general expenses of the league. The rooms in the court which took place Saturday at the house are rent free. As there is a home of Rev. R. L. Wheeler, who crying need for yarn it is prohable performed the ceremony. The wed-

nearly four times as much sugar per person as Italy or France. Eat less candy and sweet things. "Use fruits and vegetables.

Men and women who succeed do it largely by getting rid of all handicaps as well as overcoming all obstacles.

Ill health is the worst handicap that can furnish an obstacle to success. With poor health, few indeed can ever hope for great ad-vancement-or, indeed, expect to hold their own.

Yet ill health is seldom necessary. Usually it can be prevented by simple precautions and overcome by proper attention. APPROVED

Most disorders arise from poor digestive conditions. Many of these symptoms are the result of an inflammation of the mucous membrane lining the stomach and intestines. Often 8

Any woman who tires easily, is nervous or irritable, or looks pale, haggard, and worn should at once have her blood examined for iron deficiency-administration of simple Nuxated Iron will often increase the strength and endurance of weak, nervous, careworn women 100 per cent in two weeks' time.

"There can be no strong, healthy, benuti-ful, rosy-checked women without iron," says Dr. Ferdinand King, a New York Physician and Medical Author. "In my recent talks to physicians on the grave and serious conse-quences of iron deficiency in the blood of American women I have strongly empha-sized the fact that doctors should prescribe more organic iron-nuxted iron-for their nervous, run-down, wenk, haggard-looking women patients. Pallor means anagemia. The skin of the anagemic woman is pale, the flesh skin of the anaemic woman is pale, the flesh flabby.
