Receipts were largely what are known as local cattle from nearby what are known as local cattle from nearby shipping points, and not of particularly desirable quality as a rule. Trade was not overly active, but for the most part prices ruled a shade stronger than last week for beef steers and butcher stock, and the market would have been considerably higher if conditions of transportation were normal. Fair to very good beeves sold from \$10.25 to \$11.75, and a fair clearance was effected before noon. In stockers and feeders the market was active and prices a shade higher than last week.

Moderately Heavy Offerings Effect Extreme Losses in Final Hour After Erratic Course of Market.

New York, Jan. 14 - Stocks followed their recent erratic course today, advancing and receding within a circumscribed area until the final hour, when moderately heavy of points. There was little in developments over

the week end to inspire speculative con-fidence, a condition which the short inerest did not wholly ignore. Railroad earnings were again disap-pointing and the demoralized traffic sit-uation arising from the freight jam is cer-tain to find further reflection in returns for December and the current month. Wall Street believes control of the transportation companies will rest with con-gress and impending legislation is expected to bring that situation more prominently into the foreground.

## THAT BOOST MOTHERHOOD

Duluth Women Protest Street Car Advertisements Urging Rearing of Children; "Prussianism," They Say.

Duluth, Jan. 14 -- (Special Telegram.)-"The supreme accomplishment of women is motherhood." Street car signs displaying this legend have aroused a storm of protest from Duluth society and club women who see in the cards something that savors of German propaganda for an increased birth rate regardless of morality.

After receiving many protests, some of them made in person by prominent social leaders and others made over the telephone during the last week, Commissioner of Public Safety Silberstein in answer to the objectors said flatly today that the cards would remain in the street cars.

"Silly," he replied emphatically. "The meaning of the sign is clear to any intelligent person. One society woman told me she thought it was scandalous. Another said that the quotation savored of German morals. She said she thought it a bad thing for children to read."

Health Director E. W. Fahey said. "One woman called me up, I told her I Registrants are of all sizes and put up those cards and that we changed styles. Big and little, crippled and signs in the street cars once a month and that whether she likes it or not they will stay in the street cars until the regular changing time, the first of

the new month." Some of the women's organizations have cited to the city officials the fact that Germany is carrying on a campaign to make illegitimacy fashionable. Many women feel that the sign in question savors of German militarism and a propaganda urging people to produce children without regard to moral and economic conditions.

Utah Mining Men Protest

Government Operation Salt Lake City, Utah, Jan. 14.-Formal protest against government operation of metal mines was voiced today by the mining industry of Utah in a resolution adopted at a special meeting of the Salt Lake chapter of the American Mining congress.

The meeting was called to consider the proposition of sending delegates from Utah to a conference of western metal mining men to be held in Denver January 22. Announcement of the meeting was contained in a telegram from John T. Burns of Denver, general western secretary of the American Mining congress. The telegram also contained the information that Secretary Franklin K. Lane of the Department of the Interior was expected to attend the meeting and that Governor Emmett D. Boyle had been invited to be present.
