2,652,541.22 Pat O'Day . . . . . 543 Cattle—A very moderate run of cattle showed up, 273 loads, about 6,000 head. This makes approximately 9,800 cattle for the two days, or 11,000 less than for Monday and Tuesday last week, and 6,000 short of the same two days a year ago. The market presented no new features as compared with Monday, the demand being somewhat restricted on account of transportation dif-ficulties and prices ruling steady to a shade lower for both beef steers and butcher stock. So far this week it has been a very uneven and uncertain market for anything in the way of killing stock, and prices are n much the same notches as they were a the low time last week. Only a few stock cattle and feeding steers were included in the receipts, and for the most part they found a ready sale at just about steady prices.

Hogs-The heaviest run of hogs of the season to date was on hand this morning.

and the trade for the most part was rather slow and draggy. Packers were bidding and buying hogs at prices that were anything 20@25c lower than yesterday. The best price paid was \$16.25, 20 cents under that paid yesterday. The bulk of the hogs moved at \$16.00 mis. 15. Only a small portion of the offerings had changed hands around 10:30, the majority still being un-sold, with indications of a weakening in

Sheep—Teday's light run of sheep and lambs moved very slowly. Uncertain conditions prevailing throughout the country had a bearish effect on packing buying, and little was done in either sheep or lambs by midafternoon. Frices looked fairly firm packer buyers being slow to bid, but holding on to any offerings that looked suitable for their purposes. Yesterday's \$17.25 fat lamb top will probably caich the best today. Fat sheep were scarce and were largely of the canner and chopper variety. A few culls sold around \$7.00.28.00. CHICAGO GRAIN AND PROVISIONS.

Corn Goes Slightly Lower Because of Bet-ter Weather Conditions. Chicago, Jan. 15 .- Corn averaged slightly Chicago, Jan. 15.—Corn averaged slightly lower in prices today mainly as a result of better weather conditions than had been expected. The market closed unsettled, at the same as vesterday's finish to \$45 \tilde{1}c lower, with January \$1.27\tilde{2}c and \$1a\tilde{3}c lower, with January \$1.27\tilde{6}c and \$1a\tilde{3}c lower, with January \$1.27\tilde{6}c and \$1a\tilde{6}c net. Provisions scored sains of \$2\tilde{6}c to \$17c. Bright skies instead of a new anow storm which was looked for put the bulls at a disadvantage in corn. A slight incresse of the United States vielble supply total tended also to case values and there were reports that a large number of loaded cars were waiting throughout the west, especially in lows, ready to be hauled to mar-ket, as soon as motive power and clear tracks were available. The fact however, that the contract ock of corn here has been exhausted led a transient upturn in the January de-

bins 26 per cent in sacks, to arrive corn—Spot, easy, kilo dried, No. 3 yellow, \$1.77, and No. 3 mixed, \$1.72, cost and freight New York, prompt shipment; Argen-New York, Jan. 15 .- On the progressive ontraction of business today's stock market consistently pursued its indefinite trend

the last fortnight Early irregularity gave way to moderate strength, this in turn being succeeded by an irregular rally just before the close.

Suggestions that the first business day
of the week be made a holiday in eastern territory, pending adjustment of the existr economic strain, excited little attention first, but probably exerted a sentimen-

tal influence later.

An advance in call loans to 6 per cent also served to restrain speculative ardor. The rise was ascribed to a sudden inquiry due to final payment on the second Liberty loan. Incidentally, second Liberty 4's News of the day threw little light on the foreign situation, but rumor again dealt with the dividend status of certain industrials. The cut in the Willys-Overland divi-dend accounted for the advance of the motor division, but other equipments and specialities were lower most of the day. United States Steel fluctuated within a radius of 2 points, but closed virtually un-changed at 90, contributing fully one-third

to the day's operations. Rails averaged 1 point recessions, with partial recoveries.

The few issues of strength were represented by shipping, Crucible Steel, Mexicans and several of the less active miscellaneous issues. Sales amounted to 485,000

In the general bond list heaviness ruled, both as to rails and industrials. Liberty 3% s were quoted at \$35.55 to \$95.50, first 4's at \$97.59 to \$97.40, and second 4's at \$36.44 to the new minimum of \$95.14. Total sales (par value) aggregated \$4.478,000.
