Many Expected to Attend; All Farmers of State Eligible to Enter for Prizes.

Ames, Ia., Jan. 28.—Preparations are all made for the 15th annual state corn and small grain show here in connection with farm and home week, January 28 to February 2.

"We are offering 125 different cups for the best corn grown in the different counties of the state," says H. J. Eichling, secretary of the Iowa Corn and Small Grain Growers' association, which has charge of the show. "Besides these, there will be scores of cash and machinery prizes for good exhibits. All of the farmers of the state are eligible to enter samples of corn and small grain. Entry blanks and premium lists will be sent to any who write to me at Ames for them."

Plans being completed are for what Dean C. F. Curtis declares is "the finest program we have ever had in the 17 years that we have had a short course at Iowa State college."

The housing committee has plans made for taking care of at least 3,800 people, as many as attended last year. For animal husbandry, soils, horticulture and farm crops the idea of increased food production will be stressed. The home economic program for women will deal with food conservation, war-time dishes and their preparation, economical ways to save fat, sugar, meat and flour and with ways to reduce the clothing budget. The farm engineer program will take up the tractor as a means of securing an increased crop this year in spite of the labor problem.

In addition to the program as first announced, word was received recently that Hugh Gibson, secretary of Ambassador Brand Whitlock of Belgium, and Joseph Grew, secretary of state, will be in Ames, both just back from investigations in Europe, will come to Ames to tell the inside story of conditions in Europe.

Gibson and Grew will speak at one of the mass meetings which will be held each evening during the week in the college gymnasium, where 3,000 can be seated. Senator W. S. Kenyon will come from Washington to address one of these meetings if possible for him to get away.

Hon. Lafayette Young, chairman of the State Council for Defense; Hon. J. F. Deems, food administrator; Hon. A. M. Dwyer, state superintendent of public instruction, and Dr. R. A. Pearson, president of the Iowa State college and now temporarily assistant secretary of agriculture at Washington, are others who will appear on these evening programs. Thursday evening will be in the form of a great farmers' banquet, at which more than 1,000 will be served.

## METCALFE RAPS COURT DECISION

Says Ruling of High Court Is Not Consistent; Constitution Must Be Amended.

Politics which formerly nursed and coddled men of foreign birth must now be set to work to pass the constitutional amendment preventing aliens from voting in this state and restricting votes to American citizens. Richard L. Metcalfe told women of the political and social science department of the Omaha Woman's club. It was at a meeting in the Metropolitan clubhouse, Monday afternoon.

War-Time Lesson.  
"The war was needed to teach us that we are not American here, but are rapidly drifting into a number of foreign settlements," he said.

Mr. Metcalfe characterized as highly absurd the condition which now exists—namely, that an alien is not permitted to complete his naturalization if he has already taken out his first papers, according to a ruling of the supreme court, yet an alien is still permitted to take out his first papers.

Suff's Turned Down.

The State Council of Defense refused to amend by striking out the word, "male," as requested by suffragists, for fear of injecting the suffrage issue into the matter, the speaker told the women. This was important, he said, because alien enemies will be permitted to vote on the measure in November, according to law.

Suffrag would benefit anyway, he pointed out, since 20,000 voters, most of them opposed to suffrage, would thereby be disfranchised.

Declaring that he had enlisted to get a whack at the kaiser and that he considered it a good time to start, the German speaking person was badly pummeled by the soldier. ### TRAINED NURSE GIVES RECIPE FOR GRAY HAIR

Gives Recipe for Simple Home-Made Remedy That Quickly Darkens It.

Mrs. A. Dixon, a well known Brooklyn trained nurse, made the following statement regarding gray hair: "Streaked, faded or gray hair can be quickly turned black, brown or light brown, by the use of the following remedy that you can make at home: 'Merely get a small box of Orlax powder at any drug store. It costs only 25 cents and no extras to buy. Dissolve it in one ounce of water and comb it through the hair. Find directions for use come in each box. 'You need not hesitate to use Orlax as a \$100.00 gold bond comes in each box guaranteeing the user that Orlax does not contain silver, lead, zinc, mercury, aniline, coal-tar products or their derivatives. 'It does not rub off, is not sticky or gummy and leaves the hair fluffy. It will make a gray haired person look twenty years younger.'—Adv.

### TODAY'S BEAUTY HINT

It is not necessary to shampoo your hair so frequently if it is entirely and properly cleansed each time by the use of a really good shampoo. The easiest to use and quickest drying shampoo that we can recommend to our readers is one that brings out all the natural beauty of the hair and may be enjoyed at very little expense, by dissolving a teaspoonful of Canthrox, which can be obtained from any druggist, in a cup of hot water. This makes a full cup of shampoo liquid, enough so it is easy to apply it to all the hair instead of just to the top of the head. This, when rubbed into the scalp and onto every strand of hair, chemically dissolves all impurities. It is very soothing and cooling in its action, as well as beneficial to both scalp and hair. After rinsing out the lather so created, you will find the scalp is fresh, clean and free from dandruff, while the hair dries quickly and evenly, developing a bright luster and a soft fluffiness that makes it seem very heavy.—Advertisement.
