

### VICTIM OF "DOPE" HABIT TAKEN IN CHARGE BY WIFE

**Dr. Munson Released on Bond Through Efforts of Devoted Women; is Removed to Sanitarium.**

Dr. H. O. Munson, arrested last Friday night in his office, 601 Paxton block, on a charge of selling morphine and cocaine, has been released on \$5,000 bond.

His is a story of a promising young physician dragged from his career by the insidious inroads of the "dope" habit. It is also a story of the devotion of woman. For his wife and mother came to his rescue in his extremity. It was they who obtained the bond for his release from jail and it is they who took him from the United States marshal's office after the bond was signed and conveyed him to a sanitarium for treatment in the hope of redeeming him and winning him back to a life of honor and self-respect.

Dr. Munson, when brought to the marshal's office after spending five days in jail deprived of morphine, was a physical wreck. He walked up, and down the room.

**Says He's Punished.**

"Oh, I surely am being punished! I surely am being punished!" he kept saying to himself. "I never suffered in my life as I have suffered in these days."

Marshal Flynn finally persuaded him to lie down on the lounge. When the bond was approved and signed he was taken to a waiting automobile by his wife and mother.

Dr. Munson was graduated from Creighton medical college some years ago and had a good practice until the "dope" habit fastened itself upon him. He was accustomed to taking 10 grains a day.

**Changes in Food Rules**

**Announced to Hotel Men**

Announcement of the change in food administration rules was made by Gurdon W. Watters, federal food administrator for Nebraska, yesterday afternoon at a meeting of 125 hotel and restaurant men at Hotel Paxton. That a greater saving of pork and bacon will be effected in the homes through observing breakfast as the meatless meal and further that public eating places will be enabled to move their by-products more quickly were given as the reason for the change by the administrator.

The hotel and restaurant men present unanimously agreed to rigidly adhere to the meatless day and porkless day and the meatless meal program. They also pledged themselves to begin observance of the new regulations today.

E. V. Parrish, publicity manager of the food administration, reviewed the new rules and regulations, emphasizing the interpretations of the pound-for-pound sale of substitutes with wheat flour.

"The ruling means," said he, "that retailers must sell a total amount of substitutes in weight with the amount of wheat flour sold."

Suggestions that all public eating places should serve a vegetarian lunch or dinner, which the customer might take in lieu of regular orders, was made by Richard Kitchin, assistant state chairman of hotels and restaurants.

**Clement E. Chase Honored  
By Two Universities**

Clement E. Chase, now chief engineer in charge of the reconstruction of the high bridge across the Hudson river at Poughkeepsie, has been awarded by the American Society of Civil Engineers the Collingwood prize for 1917 for his paper entitled "The Cherry Street Bridge, Toledo, O." The same paper brought Mr. Chase the Fuertes medal from Cornell university.

Mr. Chase also has charge of the steel inspection for the Pennsylvania road of the new railroad bridge over the Ohio at Louisville, Ky., which is to have a 645 channel span, a record-breaker for its type of construction.

**Milwaukee to Run**

**Homeseekers' Excursions**

General Passenger Agent Haynes of the Milwaukee announces that every Tuesday from March to December, inclusive, this year, the company will run homeseekers' excursions from the east into the Dakotas and Montana. Special rates will be made with a view to settling the vacant land in the states of the northwest.

Officials of the other lines assert that if the Milwaukee runs homeseekers' excursions into the northwest, it will be a break from an agreement entered into with the Western Passenger association and will likely result in all western and southern lines following suit.

**McGuire Says He Will Protest  
Granting Soft Drink Permits**

City Prosecutor McGuire has notified Superintendent Kugel of the police department that he will protest granting 1918 soft drink licenses to all persons who were convicted of law violations in connection with these parlors since May 1, 1917.

Mr. Kugel stated he received a list of 60 who would be affected if the city council should sustain the protests of the prosecutor.

It will be discussed by city council committee of the whole next Monday morning.

**School Engineers Are**

**Given More Employment**

Buildings and grounds committee of the Board of Education met a delegation of engineers of the school buildings Thursday night to discuss a 25 per cent wage increase asked by the engineers.

"We explained that the engineers will be paid this year on a basis of 12 months, instead of 10 months, and that explanation cleared away a misunderstanding. The matter of granting a raise of pay has not been disposed of," stated Chairman Warfield of the committee.

# A Clearaway of Men's Suits and Overcoats

## Specially Reduced for Saturday to \$21.50

EVERY man with a thought for economy, should take advantage of this remarkable offering.

You may wonder why we do it, especially with the price of woolen cloth advancing to about a prohibitive figure, and with the U. S. government taking over the output of many of the big woolen mills.

Well, to be candid with you, our stock of men's suits and overcoats is too big, and we are putting this section, like others of our store, on a war-fitting basis and willingly accept the sacrifice that we may accomplish this end.

Every garment possesses all the points there are to a suit, thorough satisfaction with the way they fit, the way they're made and the way they look and wear—splendidly tailored throughout. In style and fabric everything that is new is represented. The tailoring shows the master touch of America's greatest designers. All sizes represented, from 33 to 46.

There's a wide range of materials, including plain serges, good staple styles that will be desirable for the coming season. All reduced to the one price, Saturday, at **\$21.50**.

## These Sample Lots of Men's Shirts Marked With Greater Reductions to Insure an Immediate Clearaway Saturday 95c and \$1.15

TO be frank, it is almost a crime to offer such splendid, high grade shirts as these are, at such a great sacrifice, and right in the constantly advancing market, too. But one reason for it is to give you the benefit of a close margin and "keep business going as usual."

We could have marked them at the price they were intended to sell and made a big profit, but that's not our way, so out they go.

They're made of the most desirable materials for spring and summer, 1918—materials that always go into high grade shirts, such as madras, percales, pongee fabrics, mercerized cloths, silk fiber, etc.; all made coat style with turnback cuffs and stiff cuffs, and offered at **95c** and **\$1.15**.
