

# STREET CARS TO BE REGULATED BY CITY ORDINANCE

Fixed Time Schedules, Near-Side Stops and Sufficient Number of Cars Are Among Features.

City council committee of the whole approved a recommendation of Mayor Dahlman that the legal department prepare an ordinance which will contemplate near-side stops of street cars within a zone tentatively described as Leavenworth to Cumming streets, east of Twenty-fourth street.

The committee recommended for passage a street car regulatory ordinance which provides that the company shall maintain reasonable and fixed time schedules, operate sufficient number of cars, bring cars to full stops for passengers and require cars at intersections to stop for oncoming cars when the latter are within reasonable distance.

**Three to Investigate.**  
A standing committee of three city commissioners will investigate and recommend actions advisable and necessary to make this new ordinance workable.

Corporation Counsel Lambert made this comment: "When representatives of the street car company appear before the state railway commission they contend that commission has no power to regulate the company; and when they appear before this city council, they make a similar claim. They won't admit anybody has power to regulate the company."

"At the eleventh hour the state railway commission is taking a sudden interest in street railway affairs. There's something dark in the woodpile," said Commissioner Butler.

# GETS LIFE TERM FOR NETHAWAY MURDER

Judge Sears Says in Pronouncing Sentence He Has No Doubt of His Guilt.

Charles Smith, alias Larkin McCloud, negro circus roustabout found guilty of the shocking murder of Mrs. C. L. Nethaway on a shelf above the railway cut near her home August 26, 1917, was sentenced to life imprisonment by Judge Sears in criminal court this morning following a denial of a motion for a new trial.

Smith denied his guilt, when called upon for remarks, but accepted his sentence calmly.

In denying Smith a new trial Judge Sears reviewed the essential points in the evidence in the case and stated that the evidence "amply sustained the verdict of the jury."

"The defendant himself clears anybody else of committing the crime at that place. He says it was committed some other place and the body brought to the spot where it was found. The human body contains about three pints of blood and if Mrs. Nethaway had been murdered elsewhere there would have been no pool of blood, much of which must have soaked into the ground, still warm upon the surface of the ground under her 'lead,' was one of the points reviewed by the judge in his remarks.

"The evidence points unerringly to this defendant as the perpetrator of this act and I myself think that the evidence in this case shows the guilt of this defendant," Judge Sears said.

## Blames the Pool Hall For Downfall of McKay

Sunday evening Rev. C. W. Savidge of the People's church spoke on lessons from the recent "diamond robbery." Mr. Savidge took issue with the Catholic priest, Father Flannagan, who preached the funeral sermon of Frank Rooney, in which the priest said that prohibition was the cause of such lawless acts in Omaha. Mr. Savidge said prohibition had nothing to do with it, but that prohibition had made conditions better in our city.

Mr. Savidge then outlined the life of the leader of the gang, Tom McKay, now suffering from serious wounds in St. Joseph's hospital. "He came from a good family, was educated at a prominent university, became a traveling salesman and to while away his leisure hours he became a skillful pool player," said the minister. "He won \$5,000 at one time and then got a taste of easy money. He traveled on the big ocean liners and fleeced the suckers. Then he became a robber and the pool hall was

# Tough Luck! "Evidence" Lands in Big Snow Bank

R. A. Thompson of Ainsley, Neb., lays claim to the "hard luck" record. He was accosted by Officer Chaddock on the Tenth street viaduct on suspicion that he had a bottle of "booze" on his person. A bottle was found, according to the officer, but in the struggle which followed Thompson succeeded in wresting it away from the officer and throwing it over the railing to the tracks below. But the evidence would not be destroyed, and it was found neatly imbedded in a snow bank into which it had fallen. Thompson was fined \$100 and costs.

the introduction to the whole matter."

## Council Recommends Passage Of Disloyalty Ordinance

This measure is for local operation and in no manner interferes with state or federal prosecution following conviction in the police court.

## WARTIME RECIPE FOR GRAY HAIR

Actress Gives Simple, Inexpensive Recipe for Streaked or Faded Gray Hair.

Mrs. Mackie, the well known New York actress, now a grandmother, and whose hair is still dark, recently made the following statement: "Gray, streaked or faded hair can be immediately turned black, brown or light brown, whichever shade you desire, by the use of the following simple remedy that you can make at home: 'Merely get a small box of Orlex powder at any drug store. It costs only 25 cents and no extras to buy. Dissolve it in one ounce of water and comb it through the hair. Full directions for use come in each box. You need not hesitate to use Orlex, as a \$100.00 gold bond comes in each box, guaranteeing the user that Orlex powder does not contain silver, lead, zinc, sulphur, mercury, aniline, coal tar products or their derivatives. 'It does not rub off, is not sticky or greasy, and leaves the hair fluffy. It will make a gray haired person look many years younger.'—Adv.

## Births Show Increase On Deaths in January

During 1917 negro babies born in Omaha were 21 per cent of the total births, while deaths of negroes were

65 per cent of the total deaths of the city, according to vital statistics just compiled by the health department.

The figures:

White	Black	Total
Births.....2,637	75	2,712
Deaths.....2,374	150	2,524

Health Commissioner Connell offers no explanation of this apparent disproportionate showing in the births and deaths of the negro population.

IT IS MADE IN YOUR PARTICULAR STYLE—in your favorite color—and in the size that will fit you perfectly.

Come to the store and see these unusual garments. They are so different from the ordinary run of house dresses that you will recognize them as "different" the moment you see them. And after you once wear Mina Taylor Dresses, you will ask for more than home dresses—you will ask for Mina Taylors.

You will admire the style of these garments—so will your friends, and you will appreciate the comfort these dresses provide

## Mina Taylor Dresses for Home and Porch Wear

are cut to your exact size. They are made to fit you perfectly. There is an abundance of room through the hips to permit bending or stooping without feeling restrained.

The arm-holes and sleeves are cut wide and full. You can reach upwards—there will be no binding. Across the shoulders and in the waist there is ample room, assuring you of freedom of movement.

The buttonholes in Mina Taylor Dresses are permanent—they cannot "run" even though threads should break.

The stitching is lasting, too—strong, durable threads add to the life of the garment.

After each Mina Taylor garment is completed, it is subjected to rigid examination against faults and imperfections.

And you will discover to your own satisfaction and delight, that these fine garments retain their neatness, their youth, and their perfect-fitting qualities after repeated visits to the wash-tub.

Let your next home dresses be Mina Taylors. You will appreciate their style—your friends will admire their attractiveness, and you will be more than satisfied with the service they will render.

**\$2.25 to \$5.50 per Garment**

Mina Taylor Aprons at 50c to \$1.50, like Mina Taylor Dresses, are full of style and long lasting.
