OMAHA FREIGHT EARLY CLOSING BEFORE BOARD

Railway Commissioner Rules Roads Must Explain Why They Did Not Get Permission to Make Change.

(From a Staff Correspondent.)
Lincoln, Feb. 7.—(Special.)—Hearing before the state railway-commission on the protest of the Omaha Chamber of Commerce against action of the railroads in closing their freight houses at 4 o'clock is in progress and will continue for several days.

Commissioner Wilson is presiding. The Omaha Chamber of Commerce is represented by C. B. Child, traffic manager, and T. P. Murray. Representatives of many Omaha business firms are present, while the railroads all are represented, Edson Rich of the Union Pacific, Byron Clark of the Burlington, Mr. Braden of the Northwestern and others being present. Grand Island, Lincoln, Hastings and other points are represented by their various commercial clubs and business interests.

Carriers Must Show Why.
Commissioner Wilson held at the opening that it was up to the carriers to show why they had changed hours of closing without first applying to the commission. Railroads objected and the matter will be argued later.

The roads endeavored to show that closing at 4 o'clock was practiced at many important points, including Denver, and most of the Colorado cities while Cincinnati closed its freight houses at 3:30 p. m. This was done so that all freight could be handled and out of the way without congestion and rush at the closing moments of the day.

Gives Omaha Situation.
Freight Agent Harrington of the Burlington was on the stand all of the afternoon and after giving a general idea of the work of handling the freight at the Omaha station was taken in hand by L. A. Kenney of Hastings, J. J. Ledwith of Lincoln, Mr. Clarry of the Grand Island Commercial club and Traffic Manager Child of the Omaha Chamber of Commerce.

Mr. Child questioned the Burlington man thoroughly in an effort to discover why it was necessary to close the Omaha freight depot at 4 o'clock. He brought an admission from Mr. Harrington that no other Missouri river shipping point closed as early as 4 o'clock, though Kansas City, Sioux City and St. Louis closed at 4:30.

The hearing will be continued at 10 o'clock tomorrow morning and is likely to last three or four days.

ARGUE RAILWAY BOARD'S RIGHT TO ORDER TRAIN

(From a Staff Correspondent.)
Lincoln, Neb., Feb. 7.—(Special.)—Argument was made today before the Nebraska supreme court testing the right of the state railway commission to make arbitrary train service upon a railway company train service which does not bring in sufficient revenue to cover cost of operation.

The case involves the application of patrons of the Missouri Pacific for additional train service on the branch between Talmage and Crete which operated a mixed train only each way daily. The patrons of the road desired a service which would enable them to make connection with the Burlington at Crete so as to reach Lincoln and return in one day. The commission ordered a trial train for a period of two months, the showing being a carrying of an average of three and one-half passengers going to Lincoln and four and one-half passengers par day returning. It would cost to run such a service per year \$22,710 and the receipts, according to the company would not bring in that much revenue.

In its argument the state contends that it is the duty of every railroad to give safe and adequate passenger service to patrons of the road, which cannot be done through the medium of a mixed freight and passenger train.

STRICT MEASURES FOR ALL I. W. W.'S

Attorney General W. E. Reed Advocates Conscription into Ranks of Labor as Cure for Refusal to Toil.

(From a Staff Correspondent.)
Lincoln, Neb., Feb. 7.—(Special.)—Attorney General Willis E. Reed took a shot at the I. W. W. in a speech before the state association of threshermen last night.

"It is not a solution of the difficulty to load these individuals into box cars and ship them out of town," he said.

"If these individuals are dangerous citizens in one locality, it is unjust, unfair and not a correct way to handle the difficulty by sending these bad individuals into another and peaceful country. The government should seize and take hold of these migratory characters and press them into government employment in some manner, where they can be subjected to military restrictions."

"Nothing short of such a law and the rigid enforcement of it can hope to cope with the danger that is lurking here, at home in order that the farmers may be protected from the encroachment upon their rights, privileges and duties, in the protection of crops with which to feed the boys who have offered their lives for their country and are now serving under the Stars and Stripes in France."

The threshermen re-elected the same officers as follows: J. W. McHarry, Juniata, president; M. H. O'Malley, Alda, vice president; E. M. Samson, Valley, secretary-treasurer; H. M. O'Malley was selected to represent the association as a legislative committee.

Term of District Court Reopens at Minden, Neb.

Minden, Neb., Feb. 7.—(Special.)—District court reopened here Monday, with Judge Harry S. Dungan on the bench. Chris Petersen, who is charged with hog stealing, failed to appear before court Monday, so his bond of \$750 was forfeited.

The picture, "Adventures of a Boy Scout," was presented at the Gem theater last night under the auspices of the local troop. A good attendance was had, in spite of weather conditions, which prevented those from the rural districts attending. Rev. Ray S. True is the local scoutmaster.

Look Made No Effort To Evade the Draft

Records in the office of the district exemption board and federal officers show that a special to the Bee from Spencer, Neb., January 13, stating that Albert Look had been summoned before the authorities for alleged attempt to evade the draft, was incorrect. According to the record, Look was granted a furlough to harvest his crop and later discharged by the district board from the first draft. He was given a deferred classification by the district board on his questionnaire and says he has made no attempt to evade service.

SHUMWAY RISES TO INQUIRE WHY SPUD PRICE HIGH

(From a Staff Correspondent.)
Lincoln, Neb., Feb. 7.—(Special.)—A Lincoln jobber has promised the mayor of Lincoln that in a few days the people of this city will be able to buy potatoes at 90 cents a bushel from the cars. The dealer has prevailed upon the mayor to revoke the license of \$25 per car assessed when potatoes are sold from the car. The potatoes come from Wisconsin.

This has aroused the ire of Land Commissioner Grant Shumway and he wants to know why cars can be furnished to ship potatoes from Wisconsin into Nebraska when approximately 100,000 bushels of potatoes are for sale in Box Butte, Scottsbluff, Sheridan, Morrill and Dawes counties and cannot be sent to market because of scarcity of cars.

Mr. Shumway says that the people in those counties are anxious to sell their potatoes at 60 cents a bushel. It will cost 14 cents a bushel to get them to Lincoln, making 74 cents a bushel expense laid down here. They cannot get the cars, yet there are cars to ship foreign grown potatoes into this state to be sold at more than the home grown potatoes can be sold for and inducements are offered by Lincoln officials to get them here.

James B. Crabbe Re-elected York School Superintendent

York, Neb., Feb. 7.—(Special.)—At a regular meeting of the Board of Education, Superintendent James B. Crabbe was chosen for a term of three years at a salary of \$2,700 per year. Principal Johns who has been connected with the York school for the past seven years tendered his resignation. The board is looking for some one to take his place at a salary of \$2,000 per year.

At an adjourned term of the November district court, Estella M. Love was given a decree of divorce from C. O. Love. Katherine E. Branz was granted a divorce from Henry E. Branz, good in six months alimony in full, of \$7,000.

STATE'S CONVICTS MAKE MANY BROOMS

Exceed Expectations of Board of Control by Sending Out More Than Requisite Number.

(From a Staff Correspondent.)
Lincoln, Feb. 7.—(Special.)—The broom factory at the penitentiary is exceeding the speed limit in the production of brooms and far exceeding the expectations of the board of control which had expected that the limit of capacity would not be over 100 dozen brooms a day. Yesterday the factory manufactured 103 dozen brooms and 33 dozen whisk brooms.

The factory now employs 80 men and could keep more at work if they could be had. The Handcraft Furniture company, which has been manufacturing reed furniture at the pen for several years has charge of the broom making. The making of brooms was started three months ago, an appropriation of \$50,000 being made by the last legislature for the purpose.

Omaha Woman Commends Board for Banning Band

(From a Staff Correspondent.)
Lincoln, Neb., Feb. 7.—(Special.)—The beating of a drum or the playing of a horn is not conducive to good and useful life for the girls at the industrial home at Geneva, according to Katherine F. Worley, chairman of the civics committee of the Omaha Woman's club, who has written the state board of control that they did well when they abolished the band at that school.

DROPSY TREATED FREE

By Dr. Miles, the Great Specialist, Who Sends a \$3.75 Trial Treatment Free.

Many Report Cured After Others Failed.

At first no disease is apparently more harmless than dropsy; a little swelling of the eyelids, hands, feet, ankles or abdomen. Finally there is great shortness of breath, cough, faint spells, sometimes nausea and vomiting, even bursting of the limbs and a lingering and wretched death if the dropsy is not removed.

Dr. Miles has been known as a leading specialist in these diseases for 30 years. His liberal offer of a \$3.75 treatment free to all sufferers is certainly worthy of serious consideration. You may never have such an opportunity again.

The Grand Dropsy Treatment consists of four dropsy remedies in one, also Tonic Tablets and Pura-Laxa for removing the water. This treatment is specially prescribed for each patient and is three times as successful as that of most physicians. It usually relieves the first day, and removes swelling in six days in most cases. Delay is dangerous. Send for Remarkable Cures in Your State.

All afflicted readers may have Book, Examination Chart, Opinion, Advice and a Two-Pound Trial Treatment free. Write at once. Describe your case. Address, Dr. Franklin Miles, Dept. DA., 182 to 172 Franklin St., Elkhart, Ind.

Combing Won't Rid Hair Of Dandruff

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

Do this tonight, and by morning, most if not all of your dandruff will be gone and three or four more applications will completely dissolve and entirely destroy every single grain and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop at once, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive and never fails to do the work.—Adv.

How to Rid the Skin of Objectionable Hairs

(Aids to Beauty)

A simplified method is here given for the quick removal of hairy or fuzzy growths and rarely is more than one treatment required: Mix a stiff paste with some powdered delatone and water, apply to hairy surface and after 2 or 3 minutes rub off, wash the skin and every hair has vanished. This simple treatment cannot cause injury, but care should be exercised to get real delatone.—Adv.
