

Nebraska MOREHEAD STILL REFUSES OPENLY TO ENTER RACE

Former Governor Interviews Friends in Lincoln; Neville Plays Waiting Game; Mullen May Take Throw.

Lincoln, Feb. 9.—(Special).—Former Governor Morehead was a visitor at the state house today. The governor has not as yet signified whether he expects to file for the democratic nomination for the United States senate, but his close friends believe he will be found with his hat in the ring.

Just now candidates for democratic nominations are lying low. First of all, they are trying to fight shy of the question, "What do you think of the attitude of Senator Hatchcock toward the administration?"

If they condemn the senator they may lose the support of the senator's Omaha paper, and if they stick out for the senator they are likely to be branded less than 100 per cent American, and so lose the support of Dick Metcalf and his Omaha paper.

Neville Not Decided. Governor Neville is still playing the part of the sphinx in the democratic party. As between the democratic nomination for the senate and the democratic nominations for a second term as governor he is in the position of the chap with the blond and brunette sweethearts—"how happy he could be with either were the other dear charmer away."

Attorney General Reed is evidently going to make an open fight for the nomination. His speech this week before the threshermen in which he boldly attacked the Industrial Workers of the World, indicates that the attorney general is somewhat particular where his support comes from.

SCANDAL FROM GENEVA GIRLS REFORM SCHOOL

Lincoln, Feb. 9.—(Special).—The inside story regarding the abolishment of the band at the girl's industrial school at Geneva will displease letters from C. F. Daniel, chief of police of Lamar, Colo., to Attorney General Reed prove to convey the facts.

The letters charge that Professor J. W. Fagan, who was musical instructor at the school, and Grace Moore, an inmate of the institution became involved in a scandal and that the girl had been persuaded to marry a young man employed at the institution, now the girl refuses to live with her husband and desires to return to school.

Ask for Increase. The association asked, however, that the 12 1/2 per cent margin for less than carload lots, but more than one ton, should be increased to 15 per cent.

Suff's Mark Time in Senate; Need Five More Votes

Washington, Feb. 9.—No effort will be made to call up the woman's suffrage constitutional amendment in the senate until sufficient votes for its adoption have been assured.

When this will be, Senator Jones of New Mexico, chairman of the woman suffrage committee, today refused to predict, but declared that at present sentiment in favor of the resolution was being permitted to crystallize and its ultimate success was assured.

Senator Jones discussed the resolution with President Wilson this week and it was understood the conclusion was reached not to bring the measure before the senate for debate at present. The president approves it as he did also when the house passed it.

Supporters of the resolution admit they are still short four votes in the senate.
