the Union Stock yards Omaha, Neb., for 14 hours ending at 1 p. m. yesterday. RECEIPTS—CARS

Total 5.644 11,784 6,572 Cattle-Receipts continue light, about 3,600 today, and the four days' supply, 20,200 head, has been 13,000 short of last week. Quality of the offerings was decidedly improved today, and there was a broader de-mand for practically all grades of killing stock. Prices ruled steady to stronger, and choice heavy beeves again sold up to \$13.00. Cows and heifers also showed some im-provement, and the general market for both beef steers and butcher stock is around degree steers and outcome stock is around 49 ff 600 better than it was toward the close of last week. In stockers and feeders there was a healthy demand for the very moderate supply on sale, and prices were decidedly atronger for anything good enough to attract competition.

Sheep—Receipts of sheep and lambs were rather moderate for a Thursday. Trade was not as active as yesterday in killers, al-though some early movement indicated a stronger tendency on good handyweight kinds. Best of that grade sold up to \$16.65, or about 10 m15c higher than yesterday, Good medium kinds and a few loads of choice heavyweights sold about steady, bringing \$16.00 m16.40. Uneven and heavier in-betweens were dull. The underione was weak and values looked like they might suf-fer a slight decline before the close. Sheep were fairly liberal again and sold about steady, the best bringing \$11.75. Feeders were rather dull at the opening and de-mand was rather indifferent. Values were

nominally steady.

> It took selling orders on a large scale to check advances in corn. Among the chief reasons assigned for this condition was the fact that receipts, although liberal, were The supply of choice grades especially did not equal the demand. Besides, a further improvement was noted in traffic condi-tions east of Chicago, with freight being accepted freely on all roads but two. Throughout the session the view seemed to prevail that under present circumstances the accumulation of any large stock here or at other leading centers could not be regarded as likely.
