Cupid Plying His Trade.

Despite war with its attendant evils -viz, income taxes and what-less days-Dan Cupid is still plying his trade. Every day rumors come to our cars of more of our girls and young chaps who have been fatally wounded by his darts. Hist, and we will tell

A former Ak-Sar-Ben queen is engaged and to an Omaha man. He is a promising young lawyer and the son of a well-knowr doctor in our town. She is the only daughter of a very prominent family and has been away for a number of weeks cruising in southern waters. The young man has been very disconsolate since she went away. Mellificia spied him Saturday afternoon at the matinee, all by himself. The pretty leading lady in the jingly, musical comedy pointed her finger at him (we are sure) and said "You're in love!"

A charming young miss out West Farnam way is to don the orange blossoms in the spring we are told. She studied abroad after her graduation at the Nebraska university and was in New York and Washington this winter for a number of weeks. The young man is well known to you all. His two musical sisters were married not so very long ago and are now living in the west. This will be a very pretty wedding, we are told, and the friends of the young couple await the event with great interest.

Who is Gabby's Friend?

Gabby Detayles has an unknown press agent who sent her a message this morning. Gabby is very grateful and will pass the story along.

One of the most popular members of Omaha's younger set is to give a Elizabeth Davis, large movie party Thursday at the Sun and a supper party following at the Fontenelle hotel. She is petite, charming and most vivacious. Before the Third balloon squadron left she was seen constantly with a dashing young officer. Only her most intimate friends know why she is giving this party. A natural curiosity and interthe clever artist, Bertram Grasby, the Fox villain, prompted her to write him a letter. In reply came a little 'thank you' note and a large autographed photograph. He appears Thursday at the Sun.

Supper Party.

A party of young people, including Miss Gertrude Metz, Miss Josephine Congdon, Mr. Harry Koch, Mr. Herbert Connell and Mr. Fawcett Porter atended the Orpheum Saturday evening. After the performance they were joined by Miss Judith Ives, who played the feminine role in the playlet, "Exemption," and the party had supper at the Fontenelle.

At the Fontenelle.

The tea dansant and after-the-theater-supper parties still continue to be very popular at the Fontenelle. The soldier boys from the forts find it a very nice place to drop in for a cup of tea and a bit of a dance. Among the younger girls who were at the hotel Saturday were Miss Hazel Updike, Miss Elsie Storz, Miss Eugenie Whitmore, Miss Josephine Congdon, Miss Gertrude Metz, Miss Gwendolyn Wolfe, Miss Marion Webb, Miss Carita O'Brien, Miss Marion Coad, Miss Florence Rahm, Miss Helen Bishy and Miss Subil Maleon Bixby and Miss Sybil Nelson. A number of the older married women, who are busy at Red Cross duties are always at the tea dansant enjoying a little relaxation at the end of the week. Mrs. Charles Kountze and Mrs. A. L. Reed entertained a party on Saturday.

Children Earn Their Bonds As a result of the Liberty loan campaign carried on in co-operation with the woman's committee in Boise, Idaho, out of 900 school children in grades from the fourth to the eighth more than 200 have bought Liberty bonds. They earned the money themselves by doing conservation work. Two hundred more have earned half enough to buy a bond and are investing in war certificates and thus getting ready for the next Liberty loan. This money was earned in divers ways. Instead of rolling the dry bread to make crumbs try putting them through the meat grinder. It does he work beautifully and quickly.

Finely chopped suet in puddings or 'crusts" will often be eaten by children who need fat but who cannot be persuaded to touch fat meat.

Of Interest to Women

Women school teachers of New York City are again agitating for equal pay.

The Daughters of the Confederacy has abandoned all work except educational for the duration of the war.

There are approximately 1,266,061 women in the United States engaged n industrial work which is either directly or indirectly necessary to carry on the war.

A big "drive" is about to be launch ed to compel the University of Vir ginia to open its doors to women.

The Tragedy of Borrowing Tomorrows

By ADELAIDE KENNERLY.

T WOULD not, if I could, know what the future holds in store for me. Since the knowledge would rob me of the essence of doubt's supremest ecstacy. There is nothing half so fascinating as that fairy, phantom lure of the mysteries of each Tomorrow, kept in secret, and secure. To strive and to wish and to wonder what Fate has for me is a beauti-

ful part of Nature's great plan and just as it should be. There are many wild strokes and surprises; there are pleasures, joys

and pain, that arrive with the dawn of each Today-and they never come back again. Fortune-tellers wreak havoc; they twist Nature's plan eschew; they

can only mislead and deceive you, for none but God tells it true. There is a sweetness in the mystery that turns bleak December gloom into the gladnes of springtime, and May days all abloom.

Remember that Today is Yesterday's Tomorrow; Tomorrow 'twill be Yesterday. Why try to corral a Tomorrow? Just wait-it will be a Today. The greatest of grief and heartaches, and the deepest of all deep sorrows, never really happen at all, but are borrowed from some Tomorrow.

Nebraska Girls

Nebraska young women who are responding to the government's call for stenographers and clerks are being advised and aided by the wives I of Nebraska congressmen, who have organized into a branch of the woman's committee of the Nebraska

## Mothers! Don't Give Children Nauseous Medicine for Colds

30 Days' Trial

Children's Stomachs Are Delicate-Easily Upset by Constant Internal Dosing. The Best Way To Prevent Colds is To Allow the Children Regular Out-Door Exercise-Keep Plenty of Fresh Air in the Bedroom at Night, and, at the First Sign of Trouble, Apply the Southern External Vapor Treatment.

Fifteen years ago a North Carolina Druggist discovered a process of com-bining the old-fashioned remedies, Camphor, Turpentine and Menthol, with certain volatile oils, in salve form, so that when applied over the throat and chest the body heat would release these ingredients in the form of vapors. These vapors, breathed in all night long, carry the medication, member of the family,

Today this treatment, known as Vick's VapoRub, is universally used throughout the south in preference to internal dosing. By arrangement with the manufacturers the local druggists are offering 25c jars on 30 days' trial, the purchase price to be refunded if you are not delighted with the results. You have to try VapoRub to realize its remarkable effect, not only for deep

chest colds, sore throat, bronchitis or incipient pneumonia, but for head

colds, asthmatic or catarrhal troubles. Croup is usually relieved within fifteen minutes and an application at bedtime prevents a night attack. VapoRub is particularly recommended to mothers with small chil-dren as it is externally applied and can therefore be used freely and often with perfect safety on the smalles
