Bargain Sales In This Big

Basement

For Friday and Saturday

"ECONOMY CENTER OF OMAHA" has the right sound these days. Sensible conservation is a thing much to be desired. Because of the immense buying power of this establishment, we are able to offer merchandise you want right now, in this Big Basement, at prices which are extraordinary these days.

Especially notable for this Friday and Saturday are the offerings of Ready-to-Wear—well-made, practical garments, every one, at prices which make it real economy for you to buy for next season as well as this. Make up your mind thoroughly on this point—Clothes will never be any cheaper than they are right now—that is to say for many, many years to come, because so much of the materials that go into their making have been used for other purposes that they will be higher and higher priced as every season comes around.
