"YOU'RE LOOKING YOUNGER EVERY DAY, MOTHER"

Gray, faded hair turned beautifully dark and lustrous almost over night, is a reality, if you'll take the trouble to mix sage tea and sulphur, but what's the use, you get a large bottle of the ready-to-use tonic, called "Wyeth's Sage and Sulphur Compound" at drug stores here. Millions of bottles of "Wyeth's" are sold annually, says a well-known druggist, because it darkens the hair so naturally and evenly that no one can tell it has happened.

Former Mayor of Birmingham Recommends It

Says He Now Weighs More Than He Ever Did in His Life Since Taking Tanlac.

One of the latest additions to the large and rapidly growing list of prominent men who have publicly endorsed Tanlac for the good it has done them, is the name of Hon. Frank V. Evans, former mayor of Birmingham. Mr. Evans is one of the best known men in public life in Alabama today, being at one time editor of one of the south's greatest newspapers, the Birmingham Age-Herald. He was also examiner of public accounts in Alabama. In telling of the benefits he had derived from Tanlac Mr. Evans said:

"For years I suffered with gastritis and indigestion in the worst form. I was habitually constipated and had pains in my shoulders and headache continually. My appetite left me almost entirely and everything I would eat hurt me. Finally I got to having awful attacks of acute indigestion, palpitation of the heart and smothering spells. For a long time I would have one or more of these spells every night and I would wake out of my restless sleep gasping for breath.

"I bought a bottle of Tanlac, and to my surprise and gratification I began to feel relief after the first few doses. I kept taking the medicine and now I weigh more than I ever did in my life. My recovery is simply the talk of Birmingham.

BANKERS IN SOUTH INDORSE TANLAC

From Two of the Best Known Bankers in the South Comes Voluntary Praise.

Two of the best known bankers in the southern states recently in personal letters told of their remarkable experiences with the use of Tanlac. Their letters follow exactly as written:

The first letter quoted comes through Eli W. Goode, druggist and local agent for Tanlac at Hawkinsville, Georgia, containing the statement of E. J. Henry, president of the Hawkinsville Bank and Trust company, which is one of the best known financial institutions in that part of the state. His letter follows just as it was written:

"Hawkinsville, Ga., March, 1917. "Mr. G. F. Willis, Atlanta, Georgia. "Dear Sir: Mr. E. J. Henry, president of the Hawkinsville Bank and Trust company, came into my store a few days ago and said:

"I said, Mr. Henry, what do you really think of Tanlac? His reply was so commendable to the virtues of the medicine, that I asked him if he would give me a signed statement about it. He said, 'Yes; of course I will,' and this is his statement.

"Last spring I was all wrong some way or other, and couldn't get right. I came to you and bought a bottle of Tanlac and began to improve. Two more bottles put me all right, and I felt perfectly well. A few weeks ago I had the grippe and was beginning to get down and out again, and about a week ago I bought another bottle and have taken it and am perfectly well again.

"I unhesitatingly recommend Tanlac to anyone who is sick and worn out, as I believe that if anybody will take Tanlac when they first begin to feel badly it will prevent and keep off sickness. It certainly is a great remedy. (Signed) "E. J. HENRY, President, "Hawkinsville Bank & Trust Co."

The other letter referred to comes from the cashier of the Hornbeck branch of the West Louisiana bank, at Hornbeck, La., and is as follows:

"Hornbeck, La., March 5, 1917. "Mr. G. F. Willis, Atlanta, Ga. "Dear Sir: I wish to say that I have taken five (5) bottles of Tanlac and have gained fifteen (15) pounds in three weeks. I think it is a great medicine. (Signed) "W. C. McELVEEN, "Cashier, "Bank of Hornbeck, Hornbeck, La."

PRESIDENT COTTON OIL MILL PRAISES TANLAC

Mr. C. C. Cooper, president of the Georgia Home Oil company of Lawrenceville, Ga., and one of the big business men of Atlanta, said:

"My friends have all noticed the great improvement in me since I took Tanlac, and I am boosting it every chance I get. Hon. Moses R. Glenn of Frankfort, Ky., state superintendent of public printing, a man of wide experience and one who has been true to his friends and to every public trust, said on his last visit to Louisville:

The catarrhal condition of my nose, head and throat was simply distressing, and I had almost decided to go to a warm climate, preferably Florida, when I decided to try Tanlac. I am now a well man, and I propose to tell others of the good this medicine has done me."

Among the Kentuckians in public life who have given their unqualified approval of Tanlac for its specific aid to them are:

Hon. McKenzie Moss, judge of the Eighth judicial district; Hon. Moses R. Glenn, state superintendent of printing; John B. Gaines, editor and publisher of the Bowling Green Daily News; George W. Hinton, former secretary of the Warren County Equity league; President Pegg of the Newport Business college, and others.

NEBRASKA MAN WENT EAST AND TOLD EXPERIENCE

Calls at Big Laboratory to Express Gratitude; Gained Eighteen Pounds.

During his recent visit to relatives in Dayton, Ohio, E. A. Weldy, who numbers among his business enterprises the management of the Emory hotel in Scottsbluff, Neb., called at the laboratories of the Cooper Medicine company, where the celebrated preparation Tanlac is made, and in relating his intensely interesting experience with the use of that medicine said:

"When I stepped on the scales and found that I had gone up from 116 to 134 1/2 pounds, an actual gain of 18 1/2 pounds in weight, since I started taking Tanlac, I was positively convinced that this Tanlac has no equal for building up a person who suffers like I did.

"A complete nervous breakdown left me so weak and run down that it seemed like I couldn't get back in condition again," Mr. Weldy continued. "My liver was out of shape, my tongue was coated like fur and I was never without a bad taste in my mouth from this condition. I was so restless at night from my disordered nerves and deranged kidneys that I would roll and toss nearly all night and get up in the morning feeling worse than if I hadn't been to bed at all. I tried several medicines for the trouble, but didn't seem to get any better. My mother sent me a bottle of Tanlac and I started taking it.

MAYORS, JUDGES, STATE AND COUNTY OFFICIALS, ALL INDORSE TANLAC.

It is seldom indeed that men of prominence, especially men holding high public office, willingly express their indebtedness publicly to a proprietary medicine. Many prominent men, however, including supreme court judges, mayors of our leading cities, prominent state and county officials, bankers, lawyers, doctors, editors, leading educators, government officials, and even ministers of the gospel, have deemed it their duty to come forward and tell the people what Tanlac has done for them.

These well known men of affairs have recognized in this medicine a new discovery and a scientific triumph in the medical world. It is a well known fact that these splendid indorsements have been given Tanlac time and time again, and they will continue to be given just as often as new tests of its powers are made; and it also explains why numbers of the big drug firms of the country are ordering it exclusively in carload lots.

HIGH SHERIFFS ARE NOW CONVINCED

From four of the best known sheriffs in the south, in widely separated states, have come enthusiastic indorsements as to the merits of Tanlac. "Tanlac has certainly helped me, and I recommend it for the good it has done in my case," said Hon. C. W. Mangum, ex-sheriff of Fulton county, Georgia, who resides in Atlanta and who has been one of the most popular officials in the state, having served three terms as sheriff.

"Tanlac seemed to be just what I needed to put my system in shape, and it has toned me right up. Naturally I would recommend it to my friends, and I know of fifteen or twenty families that are taking it now on my say-so."

"I never saw a man improve like I did as soon as I got started using that Tanlac. My liver settled and began to do its work right. My skin cleared up and I have been getting stronger every day since. I don't have any trouble with my kidneys any more and my nerves are as steady as a rock. That tired, worn-out feeling has left me and I feel as full of life and energy as a brand new man. I rest at night as peacefully as a healthy child and I weigh more and am in better health than I have been for years. These are the facts in my own case and I know every one will agree with me when I say that I have good cause to recommend Tanlac."

TEXAS MINISTER NOW TESTIFIES

"I Found Tanlac Just What My System Needed," Says Rev. F. M. Winburn.

The Rev. F. M. Winburn, 308 North Erie street, San Antonio, who is prominent not only as a Methodist minister of that city, but popular as a man and citizen, who has been true to his friends and every trust reposed in him, said a few days ago:

"I had no appetite and very little relish for anything to eat. What I did eat failed to give me the proper nourishment and my sleep didn't give me the necessary rest. My system seemed to be all run down, and while I was not seriously ill, I suffered from weakness and general debility. Often I would arise in the morning feeling weak and depressed and could not do my work without tiring very quickly and for some time I had felt the need of something to build me up and give me fresh vigor.

"I began taking Tanlac at Florence, Ala., and found it to be just what my system needed, and it gives me pleasure to say so. After using one bottle of the medicine my appetite began to improve and with it I began to feel stronger and better in every way. After coming to Texas a friend of mine sent me another bottle and I used it also, with the most gratifying results. I consider Tanlac an extra good medicine to build up run-down systems. I now enjoy my meals and my sleep is restful and refreshing. I get up in the morning with renewed energy and with strength to do my work without tiring as I did. I consider that I am only performing my duty in giving my indorsement for Tanlac."
