This Is Home Sewing Week at Burgess-Nash

Why We Close Our Store Saturdays At 6 o'Clock

Because it is our constant aim to be of the "Greatest Service to the greatest number."

Because we believe it is the humanitarian thing to do.

Be cause we believe that you—the buying public at large—approve of our action and will support us in our effort.

For several weeks past the Retail Stores of our city have been closing at 6 p. m. on Saturdays.

This was done at the request of the Hon. John L. Kennedy, State Fuel Commissioner.

During that period the business of our store showed a splendid increase over the same days of previous seasons, a positive proof to us that it is not necessary to keep our store open any evening after 6 o'clock to accommodate any particular class of the buying public.

The broader the man's pattern the more will he have it in his power to gain success.

If he is little and narrow and reasons things downward, he is likely to find himself on swampy ground.

Always reason up if you wish to reach the higher levels of vision and strength.

If we had reasoned down and built this store to our own private convenience, and if we serve the public the way it would be easiest for us, we could never have been anything more than "one of the down town shops."
