AT THE THEATERS

Mr. Mantell in "Richeieu" at the Boyd. Robert B. Mantell and company in "Richeieu," a drama in five acts and seven scenes, by Edward Bouverton Lyton. The cast: Cardinal Richeieu..... Mr. Mantell

Mr. Mantell began his week's visit to Omaha with what is something of a rarity, a Sunday performance, presenting his fine picture of the cardinal in "Richeieu." In other times The Bee has warmly commended this role in its treatment by the star, and now finds no cause to abate judgment hitherto expressed.

Mr. Mantell naturally has found opportunity to add to the artistic excellence of his portrayal of the cardinal, until he has assumed well rounded and carefully thought out proportions, and has become authoritative in the intellectual giant who looms so grandly over the statesmen of his day.

Fritz Lieber still gives to de Mauprat that effective life which lifts it a little above the plane on which the role is written, and invests a somewhat commonplace and cheap here with a quality of real worth, such as might justify the decision of his eminence in the matter of bestowing the hand and fortune of his ward. It is a pleasure to note the ripening of Mr. Lieber's talent, and requires no gift of clairvoyance to foretell for him a place among the stars.

Miss Hamper's experience since last she was visible here has been sufficient to confirm her to a greater degree in her art. She has lost none of the girlish charm with which she endowed her part of Julie, and has improved her utterance and expression, so that the role is to that extent benefited in her treatment of it.

Charles Withers, an Omaha boy, scores heavily in "For Pity's Sake," a revised version of the travesty melodrama in which he appeared here before. Withers still portrays the character of the rube manager of the hick town opera house, who also is his own property man.

One striking achievement marks the dancing of Miss St. Denis. It is the utter simplicity of her dances. With the boldness of the true artist, she has eliminated all the semi-gymnastics and other fancy frills popularly supposed to be requisites of the classical dance, and gives each dance its perfect interpretation.
