

BOHEMIANS ARE PROVING SELVES LOYAL TO ALLIES

Headquarters Opened in Omaha to Recruit Soldiers for Service in Regiments Now in France.

Bohemians of Omaha and Nebraska are proving themselves 100 per cent loyal. The moment France granted their request to raise a Bohemian army in the United States, they began recruiting activities. A well organized effort is now under way to make the enlistments from this city and state lead the list.

Emil Tuma, who has been ap-

pointed as head of the recruiting bureau for Nebraska, Kansas, North and South Dakota, has opened headquarters at 1423 South Thirteenth street.

Omaha Sends 153

Since permission to organize an army of Bohemians was granted by the French government, recruiting offices have been opened in every large city in the United States. Omaha has sent 153 recruits to New York, where they will join recruits from all parts of the United States for embarkation to France. When they reach the front they will be attached to the Bohemian army already in the field.

This army is composed of 30,000 Bohemians captured from the Austrians by the Italian forces, 60,000 Bohemian prisoners captured by the Russians early in the war, the Bohemians formerly in the Foreign Legion serving in France, who have been transferred to the Bohemian army, and several thousand volunteers.

Barred from Service.

Recruits sent from the United States consist mostly of men barred from service in the United States army, either through lack of citizenship or from being over age.

Charles Orrina, discharged from United States army as an enemy alien, has joined the Bohemian army in Omaha, and has enlisted seven of the 10 discharged with him from Camp Cody. He will be retained as a recruiting officer in this district.

"Many Bohemians in America are ready, and willing to fight with the allies," said Mr. Tuma, "but are not eligible for service in the national army. It is such as these will chiefly comprise the American enlistment in the Bohemian army in France."

Colonel Nance Praises New Arrivals at Balloon School

Colonel Nance, commanding officer at Fort Omaha, praises the men who have recently arrived at the fort for instruction at the balloon school.

"They are strong, up-standing young men," said Colonel Nance, "and are ready and quick to learn, and I am sure they will make good in a surprisingly short time."

The men are receiving instruction in various branches of the service connected with balloon work.

The work is progressing splendidly, according to Colonel Nance, who reports that delays and inconveniences, which earlier in the war frequently occurred, are being remedied rapidly, and in every department of the big fort work is being accomplished with efficiency and dispatch.

Palestine Restoration Fund Increased by \$200

More than \$200 for the Palestine restoration fund was collected at a Zionist memorial meeting Monday night in B'nai Israel synagogue. Rabbi Emanuel Sternheim of Sioux City, chief speaker, urged those present to give Liberty bonds they had purchased or would purchase in the next drive to the restoration fund, thus serving a patriotic purpose as well.
