

MILK PRICES IN OMAHA NOT JUST, SAY PRODUCERS

President of Douglas County Association Demands That Food Administration Take Immediate Action.

The Douglas County Milk Producers' association demands that the milk committee of the food administration get active and do something with regard to the milk supply and prices in Omaha. The milk producers contend that they cannot afford to keep cows and produce milk, at the prices they are getting from the distributors.

W. J. Boettger of the Douglas County Milk Producers' association Thursday night had the following to say on the situation:

"We direct attention to a situation that urgently demands the attention of consumers in the city of Omaha as well as the milk producers of the surrounding country. Milk producers who sell to the principal distributor in Omaha are receiving \$2.50 a hundredweight at the farm for their milk. This is equivalent to approximately 19 cents a gallon, or 4 1/4 cents a quart. Consumers in the city of Omaha are paying at the rate of approximately 36 a hundredweight for milk—50 cents a gallon, or 12 1/2 cents a quart.

Different in Standard.

"Moreover, the milk is purchased from dairymen on the basis of 3.5 per cent butterfat, while it is sold under the city ordinance on the basis of 3.2 per cent butterfat. This means that the distributor can skim some of the milk and add the skimmed milk to the rest, and in that way realize more than \$6 a hundredweight for milk that costs him only \$2.20 at the farms of producers. We submit that this margin is entirely too wide.

"It has been proved beyond the possibility of doubt that farmers and dairymen supplying milk to the city of Omaha are producing that milk at a loss. An investigation made by a representative of the United States Department of Agriculture on the farms of 21 dairymen in Douglas and Safford counties shows that the average present cost of producing milk on those farms, using the farm value of feeds, is \$3.19 a hundredweight, or practically \$1 a hundredweight more than dairymen receive at the farm for their milk.

Farmers Sell Cows.

"Because of this situation many cows are being sold. If farmers do not soon receive a more remunerative price for their milk, the number of cows will be so reduced that the city of Omaha will face a grave shortage in its milk supply.

"A milk committee to investigate milk supply and prices, and make recommendations, was appointed several months ago by the federal food administrator for Nebraska. Up to this time that committee has done nothing. We demand that the committee become active on this problem at once. And we urge city consumers, who are vitally concerned in having an adequate supply of milk, to interest themselves in this matter."

Central High School Boys Promised Work on Farms

The statement that the Nebraska farmers do not need the Omaha High school boys on the farms is not causing any worry. Miss Caroline Springer, head of the boys' working reserve in the Central High school, following the announcement in The Bee recently that the Central high boys are being given good preliminary training, several letters have come from the state asking for boys to assist in farm work. More than 160 boys have already obtained places. All boys wishing places will be given them through Miss Stringer and Coy Kendall of the state employment department.

Boys who have had practical experience on farms will be assigned as group leaders, if they visit necessary number of implement houses to study farm machinery. The appointments will be made Monday. The group leaders will then take the other boys and teach them the rudiments of the work. Boys who complete their work satisfactory will be allowed to leave school early in May. Nearly 300 intend to leave.

Farmers who engage boys will be required to sign statements concerning hours and conditions of work, to prevent boys from being overworked.

Shooting Result of Back Yard Chicken Argument

A quarrel between two intimate friends, presumably over the theft of some chickens belonging to Charles Daniels, laborer, 4124 Redman avenue, led to the shooting of Joseph McCool, teamster, Forty-second and Redman avenue, neighbor to Daniels, Wednesday night.

Detectives Dolan and Murphy arrested Daniels yesterday afternoon at his home, and charged him with shooting with intent to kill.

McCool was taken to St. Joseph's hospital, suffering from wounds in one leg and thigh.

Daniels told police that he mistook McCool for a burglar, whom he thought was stealing chickens from his back yard.

McCool said they became involved in an argument and that Daniels pulled a gun on him.

Both men have been intimate friends for 35 years.

Father of Dr. H. C. Sumney Dead at Los Angeles

Dr. John Sumney, 80 years old, of Los Angeles, father of Dr. H. C. Sumney, 3307 Woolworth avenue of this city, died suddenly of apoplexy Wednesday afternoon in that city at his home.

Dr. H. C. Sumney will be unable to attend the funeral.

Patrolman Frank Murphy Enlists for Army Service

Patrolman Frank Murphy has resigned from the police force and enlisted in the army. He will leave today for Jefferson barracks, near St. Louis, where he will be assigned to a training camp. He will join the coast artillery.

Brief City News

Have Root Print It—New Beacon Press. Lighting Fixtures, Burgess-Grunden. Robt. C. Drucesdow & Co., stocks and bonds and local securities, 869 Omaha Nat. Bank Bldg.

Better be safe than sorry in making investments. Safety and 5 per cent dividends is the rule of Nebraska Savings & Loan Assn., now in its 33d year. 21 S. 18th St.

State Bank of Omaha, corner Sixteenth and Harney streets, pays 4 per cent on time deposits; 3 per cent on savings accounts. All deposits in this bank are protected by the depositors guarantee fund of the state of Nebraska.—Adv.

Mrs. G. E. Cabanis Dies—Mrs. Thomas H. Leslie, mother of a niece and Leigh Leslie, has received a telegram announcing the death of her only sister, Mrs. George E. Cabanis, at Bellaire, Mich. Mrs. Cabanis has visited in Omaha several times.

Former Omahan Instructs—Dr. Joel Stebbins, former Omaha boy who is professor of astronomy in the University of Illinois, has been called by the shipping board, for a few weeks, to instruct classes in nautical astronomy.

Root in Hospital—A. L. Root of Omaha, who is connected with the N. P. Dodge Real Estate company, is now in the Denison hospital at Denison, Tex. Letters from him bring the word that he is making satisfactory progress, although it is likely he will be kept in the sick ward for some time.

Needed No Urging—Walter Reed, arrested on a charge of larceny, pleaded guilty in police court, Thursday morning. "Will you get out of town if I let you off with a \$5 fine?" inquired the judge. "You don't have to give me that much," he responded. "Give me 50 minutes and I will be out of town."

Pullman Porter Fined—Ben Russell, 930 North Twenty-third street, a Pullman porter, was fined \$100 and costs for illegal possession of liquor in police court, Thursday morning. He was arrested by Detectives Aughe and Whalen upon his return from a western trip. He alleged that he purchased the liquor in North Platte.

Joint Concert—The Omaha and Council Bluffs choirs will give a joint concert at the Latter Day Saints church at Twenty-fourth and Ohio streets Friday night. The choirs will be assisted by Mrs. Snell, pianist, and Mrs. C. F. Brinkman, Mrs. E. M. Francis, Mrs. E. A. Weathers, vocalists. Mrs. J. M. Kelly, Jr., is director of the Omaha choir and Mrs. Ruth Kynett director of the Council Bluffs choir.

Examines Men's Eyes—Lieutenant John Holst, with the medical reserve corps, Fort Riley, in a letter to a friend in Omaha says: "I examined 565 men yesterday, 874 today. These were of the last quota selected for the medical department. Fifty per cent of the men have normal vision in both eyes, 50 per cent have normal vision in one eye. The greatest cause of defective eyesight is near-sightedness."

BEVERIDGE TALKS AT SCHOOL CLOSING

Tells Aim and Object of Citizenship in an Address at Closing Exercises of Night Sessions.

"Our noblest aim, at this time, is to aspire to true citizenship," stated Superintendent Beveridge of the public schools, addressing the night school attendants at Comenius school last night.

The superintendent spoke at the closing program of the public night school season, all of these centers being closed last night.

As most of the pupils at Comenius school were men and women who have come to this country from other lands, the superintendent addressed his remarks particularly to them.

"Our public school system extends its great benefits to all who come to this great republic and it is up to you to show your gratitude by learning all you can of the history and institutions of your adopted land and flag," he continued.

"In this time of strife and strain of war, it is our duty to support the government in word, thought and deed, and to give the very best that is in us. It is your government and my government, your country and my country, your flag and my flag.

"Our public school system is one of the foundation stones of our country. We must not neglect our education, even in war time. The man who improves his opportunities by gaining knowledge helps himself and fits himself to be of more service to himself and his country.

"Omaha is proud of its school system. Nebraska ranks among the leading states of the nation in matters of education. You and I should feel proud that we live in this country in this state, in this wonderful city of the west."

Miss Juliet Levy to Preside At Wise Memorial Banquet

The Junior class of the Wise Memorial hospital training school will host to the senior class Sunday evening, at the Blackstone. Twenty covers will be laid for the young ladies. The New Way To Remove Corns Japanese Method--Don't Hurt a Bit

Just A Touch Stops Soreness. Then The Corn Or Callous Shrivels And Lifts Off. Try It. Your Feet Will Feel Cool And Fine.

Thanks to a new discovery made from a Japanese Product, your foot troubles can be quickly ended.

Ice-Mint, as this new preparation is called, is said to shrivel up hard corns, soft corns or corns between the toes so that they can be lifted off easily with the fingers. It's Wonderful.

Think of it; just a little touch of that delightful, cooling, soothing Ice-Mint and real foot joy is yours. No matter how old or tough your pet corn is he will shrivel right up and you can pick him out after a few nights' use of Ice-Mint. No pain, not a bit of soreness, either when applying or afterwards, and it doesn't even irritate the skin.

If your feet are inclined to swell or puff, or if you have cracked or bleeding toes, it will draw the inflammation out and quickly heal the sore and tender places. It is the real Japanese secret for fine, healthy, little feet and is greatly appreciated by women who wear high heel shoes and men who have to stand on their feet all day.

No more tired, aching or burning feet—No more foot trouble. Ice-Mint will make your feet feel so cool and fine that you will just sigh with relief. It is now selling like "Wild Fire" in every drug store for a little Ice-Mint and give your poor, suffering, tired feet the treat of their lives. There is nothing better, nor nothing just as good.
