Call for Teachers.
The Bureau of Education states that Commissioner of Education Claxton is now appealing to the patriotism of former school teachers to fill the ranks of the teaching profession depleted by the war, and to school and state authorities to repeal the existing laws, which prohibit married women from teaching in the public schools.

From every part of the country come reports of large numbers of teachers leaving the schools of county and city to enter some branch of the military service of the country or to engage in clerical, commercial or industrial occupations at salaries much larger than those received as teachers.

Reports from normal schools indicate that numbers of students graduated from them this spring will be less than last year. Unless something can be done to relieve the situation, the places of many trained and experienced teachers will be taken by young teachers without experience or professional training.

The commissioner urges that normal schools give special courses this summer to former teachers, to enable them to enter the work again.

Woman Camp Librarian.
The American Library association, working with the Commission on Training Camp Activities, reports the first appointment of a woman librarian to a camp hospital library. Miss Olga Wyeth, who has been librarian of the University of Illinois, will go to Camp Wadsworth, Spartanburg, S. C., to take charge of the library work in the camp hospital there.

The medical officer in command at Camp Doniphan has asked for the same service, stating that the demand is great in the camp's hospital. A trained woman librarian is to take charge of the work in the hospital at Camp Upton on April 1.

Young Judea Play.
"Esther, Queen of Persia," a play in five acts, will be given Sunday evening at 8 o'clock in the Swedish auditorium by Young Judea club of the city. After weeks of strenuous practice, the young folks are ready to appear in the public performance. The dancers will be directed by Miss Nellie Green. Miss Jessie Kruger has charge of the music. Dancing will follow the play.

George Crook, Woman's Relief Corps, will meet Tuesday for Red Cross work in the New Masonic temple.

Ak-Sar-Ben Queen is Early Spring Gardener

Queen Elizabeth Reed has laid aside her crown and her ermine robes, for there is serious work to be done in the realm. "Conserve, conserve," the learned men cry, and so her imperial highness dons her work-a-day clothes and, spade in hand, begins work on her garden. Her garb is identical with that of the English women who have done so much for

their country by their labor in the fields and gardens. Gone is the day of the floppy hat and the garden smock, for this is not a season to be planting roses, but beans.

"Mary, Mary, quite contrary, how does your garden grow?" runs the old nursery rhyme, but today we ask: "Good Queen Bess, good Queen

Bess, where did you learn to sow?"

The queen mother, Mrs. A. L. Reed, was a most patriotic gardener last year. She planted and tended with her own hands a field of potatoes. They were very scarce and expensive last year, and in response to the government's call this patriotic woman worked early and late at her country estate, "Aloha," doing her bit toward supplying the nation with food. The potatoes were sold and the proceeds were given to the Red Cross.

to the churches, where there is no organization, to hold meetings. Some churches will hold evening meetings. Mrs. Homer C. Stuntz is in charge of the Omaha district. She is assisted by Mrs. F. W. Stallard, corresponding secretary, and Mrs. J. W. Medlin, jubilee secretary.

Study Clubs.
Mrs. C. W. Axtell will be hostess and leader at 9:30 a. m. Wednesday for Mu Sigma, when Suderman's "Vale of Content" will be the book discussed. She will be assisted by Mesdames George W. Platner and A. O. Peterson.

Miss Edith M. Miller will be hostess for Belles-Lettres club Tuesday afternoon when current events and patriotic knitting will be the program.

Church Societies.
Trinity cathedral branch of the Episcopal Women's board of missions will meet Friday at 2 o'clock in the parish house.

Trinity Parish aid will meet Tuesday morning at 10 o'clock in the First Presbyterian church for Red Cross work. The regular meeting of the society will be held Wednesday morning in the Parish house.

A five-year jubilee campaign of the Woman's Foreign Missionary society of Methodist Episcopal churches is now on for new members and more money. The five years will expire October, 1919. It is in celebration of the golden anniversary of the founding.

Friday, March 22, is initiation day. The members will visit all women of the Methodist Episcopal churches who do not belong to the Foreign Missionary society. Omaha districts will observe the day by sending teams

Her Grandma Used Sage Tea To Darken Her Hair.

Grand mother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use, at very little cost. This simple mixture can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and beautiful. This preparation is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.—Adv.

It Just Works Like Magic On The Skin!

Not a Miracle, But a Fact—Any One Can Do It, as Well as Beautify the Complexion Supremely in a Few Days. How to Remove Wrinkles Surely and Quickly.

BY VALESKA SURATT

HERE is a secret which today thousands of women are using with exquisite results, making their complexions supremely beautiful. Several weeks from now you will say to yourself, "I never thought such a thing possible!" This is a simple and positive method. Make the cream at home yourself in a few moments, like this: Mix the contents of a one-ounce package of zinc and one (obtainable at any drug store), and two tablespoonfuls of glycerine in a pint of water. It will become fresh and plump and is then ready to apply. This is far cheaper than any of the prepared creams you buy, and which do not produce the results. Apply this cream freely every day. You will soon notice every muddy spot, blotch, roughness, irregularity of color vanish, and in their place will appear the beauty and purity which you have always longed to have.

MRS. G. O. G.—I assure you that you will have very few wrinkles left after a few days' use of the following mixture, which you make yourself at home in a few minutes: To two ounces of epsom, obtainable at any drug store, add one tablespoonful of glycerine, and mix in half a pint of water. Your skin will become fresh and plump and is then ready to apply. This is far cheaper than any of the prepared creams you buy, and which do not produce the results. Apply this cream freely every day. You will soon notice every muddy spot, blotch, roughness, irregularity of color vanish, and in their place will appear the beauty and purity which you have always longed to have.

MRS. G. O. G.—I assure you that you will have very few wrinkles left after a few days' use of the following mixture, which you make yourself at home in a few minutes: To two ounces of epsom, obtainable at any drug store, add one tablespoonful of glycerine, and mix in half a pint of water. Your skin will become fresh and plump and is then ready to apply. This is far cheaper than any of the prepared creams you buy, and which do not produce the results. Apply this cream freely every day. You will soon notice every muddy spot, blotch, roughness, irregularity of color vanish, and in their place will appear the beauty and purity which you have always longed to have.

SORE ARMS—I want you to try this for the control of that excessive and unnatural perspiration in the armpits. It will save your garments, too, and prevent many embarrassments. Simply sprinkle lysozole twice in the armpits freely. This is really a wonderful article for the purpose and any drug store can supply you.

FRIGHT—Yes, that is the common objection—face powders all too chalky. So I have than anything ever before produced. It stays on beautifully, gives an extraordinary bloom to the skin. It is sold by druggists at fifty cents, in white, flesh and bronzette tints and called "Valeska Suratt Face Powder."

WASHEE—There is constantly forming on every scalp a film of grease and scurf which neither soap nor many of the soapy shampoos will remove, even with scrubbing. Dissolve a teaspoonful of epsom in half a cup of water and use as if hand-wash, and it will surprise you how it dissolves away every bit of these accumulations. For twenty-five cents you can get enough epsom to give you over a dozen of these shining head-washes. Clean scalp is one secret of healthy, luxuriant hair.—Advertiser
