

MONTANA JUDGE IMPEACHED ON SIX ARTICLES

Senate to Pronounce Judgment Later; Debarred From Office of Honor and Trust Forever.

Helena, Mont., March 22.—Charles L. Crum, former judge of the 15th judicial district, was impeached today by the senate on all six articles of impeachment, there being a few dissenting votes on only one or two minor articles. Then senate is to pronounce judgment later.

In the judgment against Crum, he was forever debarred from holding office of honor, trust or profit in Montana. Crum was charged in the impeachment proceedings of seditious utterances and acts. He was not represented at the hearing, and it was said at the capitol that he had left the state. He resigned his office last week.

Ordered Direct Verdict.

The impeachment of Judge Crum for alleged high crimes and misdemeanors and malfeasance in office, grew out of the trial of a workman named Ves Hall, charged with violation of the espionage act, in that he uttered treasonable sentiments. Hall was dismissed upon a direct verdict declaring the espionage act had not been violated because his language, while treasonable, did not tend to incite mutiny or rebellion.

WAR OBJECTORS WILL BE GIVEN HEARING BY U. S.

President Wilson Hands Down Ruling; Will Be Assigned to Noncombatant Duty if Case Proven.

Washington, March 21.—President Wilson today directed that conscientious objectors, drafted into the national army and who are unwilling to accept noncombatant service as provided in the draft law, shall, in extreme cases, be confined in disciplinary barracks, but when they do not actually disobey a command, shall be held for whatever disposition the secretary of war may make of their cases.

Each objector is to be given the benefit of a full explanation of the law by a "tactful and conscientious officer" and so far as possible will be given the choice of a wider range of activities, including almost everything except actual fighting.

Will Report Names.

After April 1 and each month thereafter, division, camp and post commanders are to report to the secretary of war the names of all conscientious objectors with a brief statement of the character of the objections of each one. Pending decision of the secretary of war, they will be segregated as much as possible in the camp, but will not be subjected to undue hardship. The executive order of the president does not set forth what action the secretary of war may finally take. It does state, however, that men who willfully disobey a command shall be court-martialed, and may be confined.

All Must Report.

Any man who is drafted, but fails to report because of alleged conscientious scruples will be treated as a deserter.
