There's a Certain Charm About These NEW TAILORED SUITS

That Will Appeal to You at a Glance

Price Range, \$25.00 to \$125

FIRST, this is an early Easter; second, this has already taken its place as a season of suit popularity; third, we were informed by the New York house that we were amongst those limited number who were in their New York show rooms "on time" with early choice of models as first deliveries in the store—a most important point this season.

So this trio of circumstances, an early Easter, a popularity for suits, and our early merchandise engagements—are making this a very busy Easter suit section, indeed.

The suits that come into the cases daily, are the proud representatives of well known New York designers closely in touch with Paris developments, with individual skill of a high order and noted for the originality of their models.

We can promise you full and complete satisfaction in our section of suits.

The Full Length and Straight Lines of the Spring 1915 Coats

Price Range, \$16.50 to \$50

THE summing up of the coat style situation might be in the words above, with the added information that a distinguished feature is the all plain color, and the coat with trimmings in contrasting colors.

The use of two materials in combination, is often seen.

Coats are frequently elaborate of body and plain of sleeve and collar; or elaborate of sleeve and collar and plain of body.

Many fabrics are favored for coats, such as silk, serge, gabardine, duvetyn, etc.

The colorings are those most favored for this season.
