

ENORMOUS WORK OF AMERICAN RED CROSS IN FRANCE

Activities Cover Every Conceivable Need of Soldiers; Cantgens Do Great Work for Exhausted Men.

Paris, Wednesday, March 20.—Something of the scope of the activities of the American Red Cross in France may be gathered from the official totals showing the work done during February in helping soldiers, and exclusive of civil affairs.

Canteens in the metropolitan districts supplied food and drink to 440,000 men, 14 traveling canteens at the front supplied 439,000 drinks, while seven canteens on the French lines of communication supplied 475,000 meals.

The hospital supply service furnished 1,465 hospitals with 4,096 cases, containing 257,863 articles.

The bureau of home communication found 26 men of the American expeditionary forces who were reported missing and obtained information concerning six others. The bureau also wrote 118 letters to relatives of soldiers killed or wounded in France.

Cigarettes to Sammies.
Distribution by the military supply service totaled 5,580 pairs of socks, 3,316 sweaters, 1,560 ponchos, 6,000 pairs of gloves, 1,110 mufflers and 13,000 comfort bags.

The bureau of donations to hospitals for American soldiers supplied 199,600 pairs of flannel pajamas, 146,000 pairs of muslin pajamas, 22,500 handkerchiefs, 130,000 pairs of socks, 51,000 shirts and 1,040 cases, each containing 122 cartons of tobacco and cigarettes, were distributed among the American soldiers.

Three rest stations were opened by the Red Cross on the lines of communication. Each station is feeding 600 men daily and contains an infirmary in charge of a Red Cross nurse for soldiers taken ill and unable to continue their journey. It also established one emergency canteen to feed soldiers on leave returning to and from the front.

The bureau of farms has leased land near seven base hospitals. The farms will be worked by convalescent soldiers and the vegetables given to the hospitals.

IOWAN IS AMONG INJURED MEN IN NAVAL COLLISION

Washington, March 22.—Twelve additional deaths as a result of the collision between the destroyer Manley and a British man-of-war March 19 were announced today by the Navy department.

This brought the death list to 16. John C. Holmes, carpenter's mate, of Boston, Mass., was one of the 12 men reported killed today.

It was announced that 10 men not reported yesterday also were injured. In addition to those previously reported the following injured have been landed and sent to the hospital: Earle P. Nelson, electrician, Watertown, Ia.

William A. Johnson, ship's cook, 86 East Seventh street, North Portland, Ore.

Kirk W. Morse, chief gunner's mate, 1011 Third street, Snohomish, Wash.

William J. Luckock, gunner's mate, Newport, R. I.

Isaac Diggs, mess attendant, Norfolk, Va.

Charles D. Dwight, seaman, Chicago, Ill.

John Leo Cardin, fireman, Wilkesonville, Mass.

Edward F. Russell, seaman, Natick, Mass.

Frederick Hanson, coxswain, Brooklyn, N. Y.

Charles William Cagle, greman, Monroe, Okl.

Urges Women to Do City Work To Allow Men Return to Soil

Washington, March 22.—The primary responsibility for furnishing labor for the farm this year is a community and not a governmental one, said Clarence Ousley, assistant secretary of agriculture, in a statement tonight on women working on farms. "No agency of the government," he said, "can create labor or compel men to pursue any particular vocation."

He urged that women seek to replace men in cities at brief intervals, to enable the men to work on the farms during the cultivating and harvesting season, pointing out that "it should be understood that the man power of the country is not yet exhausted, and that except for certain lighter tasks men are better adapted than women for farm work."

To Stop Able-Bodied Men in New York to See Draft Card

New York, March 22.—Able-bodied men in New York, who appear to be of draft age, will be stopped by policemen on the streets after the first of April and asked to show their classification draft cards, it was announced today by Martin Conboy, director of the draft for New York City.

Fifteen thousand men of the 580,000 to whom questionnaires were mailed, Mr. Conboy said, had failed to make return.

Many Permits Allowing Coal Exports to Canada

Washington, March 22.—Permits for the months of April, May and June have been issued by the fuel administration to a large number of coal operators for exports of coal to Canada.

C. A. MacGrath, fuel controller for Canada, has been given the privilege of calling upon the fuel administration to issue permits to any shippers who may apply to him.

Cadet Flier Killed; Faints 4,000 Feet Above Ground

Fort Worth, Tex., March 22.—Cadet S. W. Arnheim, royal flying corps, was killed yesterday afternoon at Hicks. He was an American, but had joined the British service. His home was in New York City. Officers say he fainted while 4,000 feet in the air.

LAW VIOLATED IN BISBEE TROUBLE

Report of Deportation of Miners Goes to President; Some Officials Say Federal Statutes Broken.

Washington, March 22.—Gathering of evidence against citizens of Bisbee, Ariz., who were responsible for the deportation of 1,186 striking copper miners last July 12, has about been completed by the Department of Justice, and a report will be made soon to President Wilson.

Some Department of Justice officials believe that federal statutes were violated in the seizure by the vigilance committee of the Bisbee exchange of the Bell Telephone company and the attempt to exercise a censorship over interstate connection of both telephone and telegraph lines, and by the committee's measures to prevent the return of some of the deported workers to their homes, where they were registered for the draft.

If it is found that there is insufficient evidence to justify prosecution in federal courts, it is probable that the Department of Justice's report will be forwarded to Governor Hunt of Arizona for any action he may wish to take.

Would Discredit Labor.
It is understood that federal agents also have investigated complaints by organized labor that copper mining companies of the Warren district of Arizona financed Industrial Workers of the World propaganda among the workers in order to discredit the organized labor movement. Reports on this and other phases of the investigation have been received from United States Attorney Flynn of the Arizona district.

The attention of the Department of Justice was called to the Warren deportation particularly by a report of the labor mediation committee, headed by Secretary Wilson, last November, after inquiries into labor conditions in the Warren copper district. The committee declared there was little basis for the fear of Bisbee citizens that the strikers planned extensive sabotage, that most of the men were law-abiding American citizens, few were members of the Industrial Workers of the World, and that there was no justification for the forcible deportation, made under the direction of Sheriff Wheeler of Cochise county, with the assistance of a number of citizens sworn in as deputies.

The committee recommended enactment of a federal law making similar deportations from one state to another a criminal action.

Three rest stations were opened by the Red Cross on the lines of communication. Each station is feeding 600 men daily and contains an infirmary in charge of a Red Cross nurse for soldiers taken ill and unable to continue their journey. It also established one emergency canteen to feed soldiers on leave returning to and from the front.

KAISER ON WEST FRONT TO WATCH GERMAN ATTACK

London, March 22.—Emperor William, Field Marshal von Hindenburg and General von Ludendorff have gone to the west front to witness the German attack, says an Exchange Telegraph dispatch from Copenhagen.

Bulgarian and Austrian troops are now on the western front, the dispatch reports.

The Bulgarian troops which have arrived on the western front will be used as a strategic reserve, the dispatch says. The number of Austrians in this front is not large, but Austrian cannon in great amount have been concentrated there.

The Austrian war minister, Von Steiner, who is now in Berlin, is said to have promised Field Marshal von Hindenburg that the Austrians would take over the work of guarding the eastern front when the offensive in the west began.

Catholic Priests Executed in Belgium for Espionage

London, March 22.—The execution in Brussels of two Roman Catholic priests on the charge of espionage is reported in an Exchange Telegraph dispatch from Amsterdam.

Eight other priests, the dispatch says, have been sentenced to imprisonment at hard labor for life in Brussels on the charge of espionage.

German Reichstag Kills Move to Evacuate Alands

Amsterdam, Thursday, March 21.—The main committee of the German Reichstag has voted, 12 to 10, against a motion of the independent social democrats to evacuate the Aland islands and not interfere with the internal affairs of Finland by the dispatch of troops and the supplying of arms.

U. S. Destroyer Manley Safe at British Port

London, March 22.—The United States destroyer Manley, on which an officer and some of the men were killed as a result of a collision, has arrived at a British port, according to an Associated Press dispatch received tonight.

American Held Captive By Mexican Bandits

Joplin, Mo., March 22.—E. A. Bourne, a minister here, yesterday received a message from Douglas, Ariz., stating that his brother, Benjamin W. Bourne, a wealthy stockman, is held a prisoner by Mexican bandits across the border from Douglas.

Spanish Ship Threatened By German Submarine

Cadiz, Spain, Thursday, March 21.—The Spanish Transatlantic liner Montevideo, which sailed for New York Monday, was held up by a German submarine Tuesday and forced to return here.

Baptist Drive Booms

New York, March 22.—In the drive being made by the northern Baptist laymen to raise a fund of \$1,000,000, six states—Arizona, Delaware, Iowa, North Dakota, Utah and Pennsylvania—have already reached or exceeded their quota, it was announced here today. The campaign will close April 7.
