Lost All Hope of Ever Being Well

Mrs. James A. Hall, Box 36, Nor- Peruna ris City, Illinois, writes:

"About twelve years ago my health began to fail. I could not eat anything without suffering for it. I had heart burn, sour stomach, palpitation of the heart, smothering spells, pains in my sides and back. In fact, I suffered all over, and a cough almost like consumption. Doctors failed to relieve me; in fact, they did not seem to know what ailed me. I continued to grow worse until I was unable to sit up only a part of the time. I had almost lost all hopes of ever being any better.

But one day some one threw some books in at my door. I read them and found them to be Peruna books. They described my feeling so truly I sent at once and got a bottle and began taking it. You pronounced my ailment. Systemic Catarrh, and gave me some advice.

National Appeal for Books for Soldiers

A nation-wide campaign will be made during the coming week for books for the soldiers at the cantonment camps and forts. The drive in Omaha will be conducted for the benefit of Fort Omaha and Fort Crook. Miss Edith Tobitt, urges all Omaha people to send their books to the library that they may be sent to the forts. Text books are asked for, particularly, also histories and the better class of novels. If people who buy a good deal of new fiction would pass the books along after they have read them, instead of allowing them to accumulate on their library shelves, the books would be doing a double

All through the country people are urged to give the volumes they really prize, even though it is a sacrifice to part with them, for these books do the soldier boy more good than any other. Large boxes at the library will be used as receptacles for the books.

A research library has been started You Can Stay Looking Young, Too, at Fort Omaha for the use of the balloon students. These books on ballooning are invaluable to the men and Miss Tobitt believes that this will be a very important feature of the school in time.
