

# PLANS MADE FOR LIBERTY PARADE; MARSHAL NAMED

### Colonel Grant Will Lead Big Pageant April 6; Views Citizens Invited to View Omaha Spectacle.

Colonel F. A. Grant, depot quartermaster at Omaha, has been appointed grand marshal of the Liberty parade to take place in Omaha Saturday afternoon, April 6. Gould Dietz has been appointed marshal of the women's division, Joe Kelley of the wholesalers' division, Howard M. Goulding of the manufacturers' division, Charles E. Black of the retailers' division, I. P. Reynolds of the labor division and W. B. Cheek of the South Side division.

The people of Council Bluffs will be invited to come over and witness the parade. The committee fears a dearth of spectators, for the reason that every one in Omaha wants to be in the parade. School children will be ruled out of the parade.

### Six Grand Divisions.

The six grand divisions mentioned here will not be all that will participate. Other divisions will be announced from time to time as their organization is assured. Every organization in Omaha is invited to participate. Everett Buckingham is chairman of the parade committee and will make arrangements for any organization that wants to enter in a body.

Division plans are being made for the bankers, physicians, dentists, lawyers, real estate dealers, grain exchange, fraternal, coal and lumber dealers, automobile dealers, insurance lines, public service, fire department, city hall, court house, ministers, clubs and societies, schools and colleges, hotels and restaurants.

The army and navy will head the parade, followed by the Red Cross contingent, then the civilians.

### 40,000 Flags Arrive.

Forty thousand flags have arrived in Omaha. An additional order may have to be placed. Twelve bands have already been engaged, and an effort will be made to get 20 more.

The theaters, golf links, bowling alleys and pool halls will be asked to close Saturday afternoon, as well as the retail stores.

The Boy Scouts will co-operate with the police in patrolling the streets. Drinking water in barrels will be placed along Farnam street. Those who object to using the old-fashioned dipper are invited to carry their own cups.

### Big Reviewing Stand.

A reviewing stand will be erected in front of the court house and members of the Grand Army of the Republic will be invited to occupy seats to witness the parade.

No floats will be allowed. No banners of any kind will be permitted except the American flag and service flag. There will be no uniforms except those worn by the army, navy, Red Cross and the bands.

The parade will form on upper Farnam street, march to Ninth and Farnam streets, and counter march. Further details are being arranged by Colonel Grant.

### Battery of Stenographers Tabulating War Work Data

A battery of stenographers tabulating the returns of the canvass of the city for information on the number of Liberty bonds, and war stamps purchased, and other war work done by the various families, is hard at work each day. The canvass was made under the auspices of the Douglas county Council of Defense. The Omaha Chamber of Commerce co-operated in the work, and it has ever since furnished work rooms for this corps of girls to tabulate the cards. Thirty girls have been busy for 12 days checking the cards.

More than 42,000 cards were filled out by the residents of Omaha. Chairman W. D. McHugh of the County Council of Defense is anxious that anyone who has not yet made full returns as to his own war work, do so at once. Blanks may be obtained at the Omaha Chamber of Commerce.

### Presbyterians Will Hold Special Services This Week

Services will be held in the North Presbyterian church each morning during the balance of this week Saturday excepted, beginning at 8:25. The services will be for boys and girls and will be concluded in ample time to reach the schools for those who attend. The meetings will be in charge of Rev. J. M. Wilson, pastor of the church, and the topic for discussion will be the "Seven Last Words of Christ on the Cross."

Each night during the week, Rev. J. M. Wilson will conduct services in the North Presbyterian church, his topic being the "Events of Passion Week." These meetings will begin at 7:45 o'clock.

### Famous Steel Bridge Will Be Moved to Carter Lake Park

The beautiful steel bridge which adorned one end of the lagoon at the Transmississippi exposition and which was moved to Miller park at the north entrance is to take another journey.

As there was no longer need of the bridge at that end of the lake, Commissioner Hummel decided to move it to Carter lake park, where it could be used to good advantage. Autoists who journeyed through the park did not like the idea of this bridge being scrapped, as there was considerable sentiment attached to it on account of the exposition.

### Call on British to Endure War Privations

London, March 26.—The morning newspapers call upon civilians to accept still more privations and make greater sacrifices in these fateful days. The Daily Telegraph says: "We hope that the history of the last few days has had its due effect on that section of our population at home which has hitherto seemed unable to realize the perilous exigencies of the situation. This is no time to talk of individual rights or to make out of grievances which affect this or that department of the nation's industry."

## POLISH HALL Famous Structure Goes Into Discard BACK NUMBER

Polish hall, Twenty-sixth and Martha streets, has gone into the discard. The recent death of Teofil Tysarszyk, manager, marked the closing of this old building, which, during the last 30 years, has been the scene of many political gatherings, dances and charity affairs of the residents of Sheeley.

Mrs. August Krakowski, owner of the building, has abandoned hope of re-opening the old structure, and the Polish people of that neighborhood are in mourning.

"Old timers" are fond of recalling the days of beer, booze and brawl and assert that this hall, given voice, could tell as many thrilling tales of fights and shooting scrapes as any of its day.

The younger generation remember it for the happy times enjoyed within its walls, the jollifications which lasted far into the night and sometimes, until the first blush of dawn.

Polish hall is gone, but its memory will live in the hearts of the Polish people, who have a genuine regard for the old structure.

### Officers Take Woman On Finding Liquor in Home

Officers of the moral squad under Sergeant Allen found a pint bottle of whiskey in the home of James Gould, 1622 Burt street, but they failed to find Gould. Mrs. Olive Gould, James' wife, was taken to the police station and booked on a charge of illegal possession of intoxicating liquor.

### How Any Woman Can Remove Hairy Growths

(Beauty Culture)

It is not longer necessary for a woman to visit a beauty specialist to have superfluous hair removed, for with the aid of a plain delatone paste, she can, in the privacy of her own home, remove even a stubborn growth in a very few minutes. The paste is made by mixing some water with a little powdered delatone. This is applied to the hairs and after 2 or 3 minutes removed and the skin washed, when it will be left clear and hairless. Be sure you buy real delatone.—Advertisement

### ENEMY ALIENS JOIN ALLIED ARMY

#### Austrians and Austria-Poles Inducted for Service With Polish-French Regiments Now in France.

Fifteen enemy alien Austrians and Austria-Poles, signified their willingness to join the Polish-French regiments at a meeting called at the South Side city hall by Chairman J. J. Breen, local exemption board No. 2, Monday afternoon. The meeting was in charge of L. B. Haduch, Polish recruiting officer, who made a personal appeal to each man.

About 75 enemy aliens were present. A number of them declared they had relatives fighting in the Austrian armies and resented the appeal to take up arms against their own country. Two said they had seen service in the Austrian army and refused to acknowledge allegiance to any other government than their own.

The meeting was addressed in the Polish language by Recruiting Officer Haduch, who explained the advantages of joining the Polish-French army, where they would be with their own countrymen. The 15 volunteers will meet Tuesday at the Polish recruiting office, where they will be inducted into the service and later sent to Niagara-on-the-Lake, Canada, for a short training period, after which they will be sent to join the Polish-French army in France.

## Relieve Your Indigestion With A Laxative

Dyspeptics know that indigestion is accompanied by constipation, and that until the bowels can be regulated so they will act freely and naturally every day at a stated time, swallowing dyspepsia tablets is of little use.

A great and growing number of sufferers from this trouble find immediate and then permanent relief by the use of a combination of simple laxative herbs with pepsin sold by druggists under the name of Dr. Caldwell's Syrup Pepsin. The laxative herbs act on the bowels and the pepsin and extracts on the digestive tract, forming an exceptionally effective laxative-tonic.

It is a combination that has been found wonderfully helpful in indigestion, constipation, biliousness, headaches, bad breath, belching and gas on the stomach. A small dose is all that is required.

The druggist will refund your money if it fails to do as promised.

NO INCREASE  
In spite of enormous increased laboratory costs due to the War the manufacturers of Dr. Caldwell's Syrup Pepsin are absorbing their profits and absorbing the war taxes, so that this family laxative may remain at the former price of 30c and \$1 a large bottle. So sold by druggists for 26 years.

## Refreshing Easter Colorings in Hy Art Silk Petticoats \$3.85 In Down Stairs Store

At the left we show the two beautiful Easter models. One made of extra quality taffeta, the other of fine, heavy silk peau de chine.

Both have the "JUSTO TOP," assuring perfect fit and even hang.

We want every woman to know the "reason why" we can offer these good petticoats for such a modest price.

Here it is in a "nut shell." We, in co-operation with other stores throughout the country—one in each city—take the output of the \$3.85 HY ART factories every month, consisting of only two styles—all arranged for one year in advance.

This gives the factory continuous work the year around—no dull seasons—enables them to buy materials in larger quantities long before wanted.

Which saves in addition to doing away with selling expenses, gives you values that would be impossible in the regular mode of manufacture.
