SOLONS DISCUSS HOME GUARD NEED FOR UNIFORMS

Decry Acts of Citizens Who Spread Yellow Paint on Premises of Supposed Pro-Germans.

(From a Staff Correspondent.)
 Lincoln, March 28.—(Special.)—Yellow paint for ornamental purposes placed upon buildings received the condemnation of the lower branch of the legislature today when Behrens of Cumming county introduced a resolution, which passed unanimously, condemning all persons who take it upon themselves to cover the buildings of people whom they consider disloyal.

Representative Jerry Howard introduced one of his justly celebrated resolutions calling for shorter hours and longer wages for female laboring people. The resolution went over two days under the rules over protest of the Omaha man.

For the first time this session the house went into committee of the whole to consider bills, Speaker Jackson calling to the chair Representative Fries of Howard county, the dean of the house. This is Mr. Fries' seventh legislative session and his popularity was shown when members applauded loudly as he took the chair.

Repeal Mockett Law.
 H. R. 4, for the repeal of the Mockett law went through without debate and was recommended for passage without a dissenting voice. This bill seeks to repeal the law which permits the teaching of foreign languages in the schools of the state and in case where a certain per cent of the patrons of the school demand it makes it compulsory.

The fire works came unexpectedly from a source not looked for when H. R. 6, the bill for the recognition of the home guards came up for consideration. The original bill simply called for legislation of the organization, which now comprises about 200 companies. An amendment was attached which provided that the county board of any county, might if they deemed it advisable, make a levy to raise sufficient funds to equip and uniform the companies.

Hoffmeister Opposes.
 Representative Hoffmeister of Chase, did not think it was necessary to uniform a lot of fellows and pay for a bunch of gold braid so they could spread themselves over the scenery and look pretty. He thought it unnecessary. He said that everybody was loyal anyhow as a general thing and there was no need of making the taxpayers go down in their jeans to pay for all the gold braid that would be wanted.

Tracewell of Cherry said that the time had come to cut out all the stuff about what things would cost. The people up in his community were for the home guards. They were needed because no one knew what might happen in the future. He defied the Chase county member to show that everybody was loyal, and closed by saying, "the member who said that the people of the state were all loyal was saying what he knew to be false."

Tracewell's speech brought out a great deal of applause.

"Buy Own Uniforms."
 J. J. McAllister of Dakota county said he had more than 200 relatives in the service, some of them in the trenches and others "bleaching on the bloody fields of France." He was not in favor of buying uniforms for the home guards. "If any of those fellows wanted to join the home guards, they could do so, but they ought to buy their own uniforms and guns," he said.

Auten of Boone said he did not come down to the legislature to explode any gas, but he simply wanted to say that if it was left to the men in overalls they would rather shoulder their shot guns loaded with buckshot and clean out the Dutch.

Representative Greenwalt of Custer called upon the members to recognize the home guards. "They are needed," he said, "to protect the property of our citizens and might have to go up against the greatest military power the world has ever known." He believed we should protect ourselves and men who organized for military duty should be given recognition.

Dalby of Gage, Thomas of Dawes, Dafoe, Murty and a number of others spoke for the bill and Peterson of Lancaster appeared to open the eyes of the members when he said that the object of the bill was to provide a means now, but that the amendment would make it impossible to secure funds until along sometime in 1920, for the reason that the action would have to go through all the avenues necessary and provided by the statutes which would compel the commissioners to wait until the money came in after a levy had been made and the taxes collected.

This appeared to strike the members as an important consideration, and Cronin of Holt, taking a squirt at his watch, announced that it was lunch time and, the house took a recess until afternoon.

At the afternoon session the house was addressed by Major John G. Maher of the quartermaster's department at Omaha and later by R. L. Metcalfe of the State Council of Defense.

Two bills were passed, H. R. 4, the so-called Mockett bill, which went through unanimously with 12 absent, and H. R. 8, an appropriation bill for the payment of salaries of the state bacteriologist and insurance examiners, who were left out of the appropriation bill passed by the last session. The call was for \$9,000.

Much to the disgust of the members of the house the senate adjourned this afternoon until 2 o'clock Monday afternoon.

M'MULLEN TO RUN FOR SLOAN'S PLACE

Senator From Gage County Announces He Is After Republican Nomination for Congress in Fourth.

(From a Staff Correspondent.)
 Lincoln, March 28.—(Special.)—Senator Adam McMullen of Gage county will be a candidate for the republican nomination for congress in the Fourth district, according to information given The Bee by the senator today.

He says as soon as the special session of the legislature is over he will get into the campaign.

Senator McMullen is one of the live wires of the session and was considered one of the solid men of the regular session. He was a member of the 1905 session of the legislature in the lower branch and re-elected to that celebrated 1907 republican legislature which passed so much progressive and beneficial legislation.

This will probably mean that Senator Sandall of York, who has been mentioned several times for the same office, will be a candidate for governor, although he has not made the announcement.

And inserting in place of the words so stricken the following words:

"Second—'Persons of foreign birth, who shall have become citizens of the United States by naturalization or otherwise, conformably to the laws of the United States at least 30 days prior to an election; provided, that persons of foreign birth who shall have declared their intention of becoming citizens conformably to the laws of the United States and are electors at the taking effect of this amendment may continue to exercise the right of suffrage thereafter for a period of three years.'"

Section 3 provides that this amendment may be adopted by a majority of all the electors voting at the general election in 1918.

(From a Staff Correspondent.)

Godfrey, secretary, and Ed Borcharding, treasurer. The executive committee consists of Thomas Murray, chairman; Frank Wheeler-George Wilhelm, A. L. Boyd, James P. Baker, John C. Walker, A. L. Godfrey and Wilber Anness. It was voted to hold a Red Cross public auction sale and the date has been set for Saturday, April 6.

The following are the candidates for the village board, to be voted on next Tuesday, three to be chosen: W. W. Anness, Thomas Murray, C. C. West, F. B. Westcott, Paul D. Hawk and Harry Scarborough.

The Dunbar Red Cross will hold a big patriotic rally here Friday evening, with Paul Jessen as the orator. James P. Baker will preside. The Dunbar home guards will attend in a body, as Judge Jessen is the captain of the home guards at Nebraska City.

There is talk about local men organizing a stock company and building a new \$20,000 hotel here.

Dunbar is one of the best towns for its size in southeastern Nebraska. It has a \$35,000 new school building, an \$18,000 Presbyterian church, a \$10,000 opera house, with lodge facilities above, has just installed an up-to-date electric light plant at an expense of \$10,000 and the best asset to the town is considered to be a new hotel

building. A hotel committee appointed by the Dunbar Community club, composed of Thomas Murray, chairman; A. Weiler, George Wilhelm, C. J. Mullis, C. C. West and W. W. Anness, and it is expected that something will be doing in the next 60 days.

The most popular man in Dunbar just now is Andrew Holmes, son of George Holmes, who recently became famous over Nebraska for the war letter he wrote Senator Hitchcock, submerging him to a finish for the speech he made in the United States senate, February 4, attacking President Wilson. George Holmes is the son of an old democrat, 100 per cent Woodrow Wilson American patriot. He is home on a furlough from Camp Cody and was the guest of the Dunbar home guards last evening.

SALARY BILL FOR MEMBERS OF LEGISLATURE

(From a Staff Correspondent.)

Lincoln, Neb., March 28.—(Special.)—After state officers had camouflaged the people of the state with the idea that the present session of the legislature would be a cheap affair from the standpoint of cost to the taxpayers, members of the house this afternoon spilled the beans by introducing bills for the payment of members for five days time, their railroad fare and expenses of the senate.

H. R. 12.—By the finance committee, calls for an appropriation of \$3,000 to pay the running expenses of the senate.

H. R. 13.—By the same committee calls for \$3,110.20 to pay the mileage of the members coming to Lincoln.

H. R. 14.—By the same committee appropriates \$6,400 for the payment of salaries of the members.

The latter bill was drawn on an estimate that the session would be of five days' duration. However it is still subject to a "happy thought" from some member who may make a motion to amend the bill to cover five more days or five weeks for that matter, so that the embezzlers can be assured that they will not have to walk home when the gavel drops at the close.

Dean Curtiss Addresses Madison County Farmers

Norfolk, Neb., March 28.—(Special Telegram.)—The utmost unity of American farmers and the greatest possible farm production is indispensable to allied success. Unless American farmers do their utmost Great Britain and France will be forced to sue for peace. These and other similar statements showing the greater needs of farm productions were made Thursday afternoon by Dean C. F. Curtiss of the Iowa agricultural col-

lege to a large representation of Madison county farmers who came to Norfolk on the call of the Madison county farm bureau. Dean Curtiss assured the farmers that the government's view in fixing prices will continue to be with the idea of insuring the farmer against loss.

IF KIDNEYS ACT BAD TAKE SALTS

Says Backache is a sign you have been eating too much meat.

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; removing all the body's urinous waste, else you have backache, sick headache, dizzy spells; your stomach sours, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water solids and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness. Jad Salts is a life saver for regular meat eaters. It is inexpensive, cannot injure and makes a delightful, effervescent lithia-water drink.—Advertisement.

Quick, Safe Way to Remove Hairs

(Toilet Talks)
 Keep a little delatone powder on your dressing table and when ugly, hairy growths appear, make a paste with a little of the powder and some water, apply and let remain on the hairy surface for 2 or 3 minutes, then rub off, wash the skin and the hairs have vanished. This treatment is quite harmless and rarely more than one application is required, but to avoid disappointment care should be used to buy the real delatone—Advertisement.
