

SAMMIES BEWARE OF TREACHEROUS GERMAN DEVICES

War Department Issues Warning Against Camouflage Prepared by Enemy for Destruction of Troops.

Washington, March 28.—The War department has taken precaution against American soldiers being caught by the various snares and traps which the Germans invariably spread thickly through territory they are forced to evacuate.

A special brochure on this subject has been prepared by the intelligence division of the general staff for the instruction of officers who are to be held responsible for the proper warning of their men.

British correspondents described in detail the many devices left by the Germans when they were drawn back in the so-called "Hindenburg retreat." Information derived by the French and British is included in the War department's pamphlet from which the following are extracts:

Suspicious of Shelters.

"Until specialists have had a chance to investigate, one must be very suspicious of shelters which are excessively well furnished or luxurious; houses that seem miraculously to be left standing among ruins; all new work; recently constructed trenches; parts of equipment in good condition left with others which are worn; metal scraps; woodwork of shelters; the favorite 'souvenirs' of soldiers, such as rifles, bayonets, empty shells, shields, helmets, left clearly in evidence as though left purposely where found; articles stuck in ground or walls; utensils scattered around trenches or shelters; even the flooring of fring steps which look lately repaired and refinished floors.

Beware Drinking Water.

"Stabling for horses should be thoroughly disinfected and only used cautiously after burning all the bedding, straw and oats left behind.

"The sign, 'use of this water is forbidden,' must be placed above all sources of water supply until analyzed by technical experts.

"Listening tests will be made in all buildings, galleries and subterranean chambers to make sure that there are no clock work driven infernal machines.

Mine Abandoned Trenches.

"One should be careful to cut all suspicious looking threads, being careful not to sever those stretched tightly, for they may support weights which fall and strike detonators.

"According to information from prisoners," the booklet adds, "it appears that the Germans, in addition to the traps and ambushes already mentioned, have made preparations on a large scale for mining the trenches and shelters which they contemplate evacuating. Therefore, it is necessary during the advance, to forbid the use of enemy trenches. The first lines, especially should go beyond and build new trenches.

Wood May Not Be Returned To Active Duty at Front

Washington, March 28.—Major General Leonard Wood still is here waiting for the physical examination at the hands of an army board, which will determine whether he shall return to France in command of fighting troops or remain in the United States on inactive duty. Today there was no indication of when he would be examined.

Some of the general's friends have been apprehensive that he would not be returned to active duty.

Italians Blow Up Big Enemy Ammunition Depot

Rome, March 28.—"Our artillery yesterday engaged enemy movements on the road to the east of Badonviller and caused the explosion of an ammunition depot east of Vider," says today's official communication. "Our patrols compelled enemy parties to retire at Concalaghi and east of Cavazuccherina.

"British aviators brought down two enemy airplanes east of St. Donn di Piave."

Forty-Fifth Airman Killed at Fort Worth

Fort Worth, Texas, March 28.—Robert Daniel Garwood, a cadet of the royal flying corps at Benbrook, an English aviation camp near here, was killed at noon today when his airplane fell while he was doing a tail spin.

He was the son of W. J. Garwood of Canaseraga, N. Y. This was the forty-fifth fatal accident to aviators here since the aviation camp was established last October.

Request Farmers to Haul Wheat to Aid Our Allies

Washington, March 28.—The food administration disclaimed today that it had sent out any general order requisitioning wheat, but explained that food administrators in the wheat states have been instructed—in order to enable the continuous shipment of wheat to the allies—to appeal to farmers to market their surplus wheat after caring for seed requirement.

New Bill Would Cut Aliens' Voting Rights

Washington, March 28.—A joint resolution proposing a constitutional amendment to make it impossible for any but citizens of the United States to vote for members of congress and electors for president and vice president was introduced today by Representative Montague of Virginia.

Eight states, it is understood, permit aliens holding their first naturalization papers to vote.

Girls to Sell Peanuts At Columbus Ball Park

Joe Tinker of the Columbus club announces that girls will sell tickets, score cards, pop and do all the rest of the selling work around the ball park this season. Joe thinks they will do just as good or better work, and says it is almost impossible to hire men or boys to do this.

RUSS MAY REBEL AGAINST GERMANS

American at Moscow Says Teutons Seized All Foodstuffs and Wagons, Antagonizing Slavs.

Moscow, Tuesday, March 26.—An American, who escaped from Minsk two days after the Germans occupied the city, has reached Moscow and reports the local population there much incensed against the invaders.

The more than 200 miles between Minsk and Moscow were covered by the American by walking and riding in sleighs, railway traffic being interrupted.

Polish troops, who assisted the Germans in capturing Minsk, he says, were amazed and disgusted when, two days after the occupation, the Germans seized their armored motor cars and announced that the Germans alone would police the city.

All motor cars, cart and wagons were commandeered by the Germans, who at once began to seize all foodstuffs. This speedily turned the population against them and telephone lines of communication with the Germans were repeatedly cut by the Russians, despite warnings by the Germans that all persons doing this would be killed.

The American says there are about 2,000 German soldiers in Minsk and the local population is so antagonistic that a movement against the invaders is expected. The Germans are said to have very little artillery.

KAISER'S THANKS FOR GUN USED AGAINST PARIS

Amsterdam, March 28.—The gun with which the Germans are bombarding Paris is a product of the Krupp works at Essen, Emperor William has sent a telegram of thanks to Dr. Krupp von Bofflen and Halbach, the head of the Krupp works. The telegram reads:

"By the bombardment of Paris from a distance of considerably more than 100 kilometers, your new gun has brilliantly stood the test. By the manufacture of the new gun you have added a new page to the fame and history of Krupp. I therefore express to you and all your co-workers my imperial thanks for this achievement of German science and labor."

FRENCH PREMIER CONFIDENT OVER BATTLE RESULT

Paris, March 28.—Premier Clemenceau told the army committee of the Chamber of Deputies today that the moment was near when the reserves of the allies would enter into action. The great battle now being waged in France would then take on a new phase, and he added, there was every reason to hope that the enemy would not retain the benefit of the gains made at such a bloody price.

There was a settling down along the British and French fronts, where the Germans were trying to break through, and even within the last few hours there had been noted a slackening in the enemy's efforts, he said.

Lambs for Easter in Demand; Chickens Are Not Plentiful

"Easter lambs are what they all want," said Jake Rosoff, manager of the "Public Market," as he came into his store laden with orders for lambs from all the leading hotels for Easter.

"I put in a supply of 325 lambs, but from the way the orders are coming in it looks as though I will have to make another visit to South Omaha and pick out more."

Chickens are hard to buy at the present time because of the ruling of the food commission that no hens may be sold until the last of spring, or until they are through with spring laying or setting. This war measure has nearly put a stop to the sale of poultry, for the stock of young roosters were almost cleaned out early.

Omaha is also to do its "bit" by raising chickens, according to the demand for incubators and supplies for raising chickens.

Republicans Busy With Plans for New Platform

Portland, Me., March 28.—Republicans at their state convention today took up the task of framing a party platform and selecting a state committee with the expectation of clearing the program before the session tonight at which Colonel Theodore Roosevelt will deliver an address outlining the general plan of the party's congressional campaign.

This will be the former president's first public appearance since his recent illness.

The morning session, devoted to the routine work of organization, adjourned in time to greet Colonel Roosevelt on his arrival from Boston.

Seize Wheat of Farmer Who Won't Sell to U. S.

Reno, Nev., March 28.—Seven thousand bushels of wheat were ordered seized at Austin, Nev., last night by H. A. Lemmon, state food administrator, when Patrick Walsh, the owner, refused to sell to the government for \$275 per hundredweight.

In behalf of the government the state food administrator wired the offer to Walsh and the latter sent a reply saying that he would not accept the offer. The state food administrator said today that it is the first instance of grain hoarding in Nevada. Walsh is rated as one of the wealthiest men in his section of the state.

Barley SAVES Wheat Grape-Nuts
—made partly of barley is a wheat saver.

EXPEL SENATOR LA FOLLETTE, IS CRY IN SENATE

Mississippi Solon Hurls Charges Against Wisconsin Statesman; Condemns Berger as Pro-German.

Washington, March 28.—Reading from Wisconsin newspapers regarding the senatorial campaign, Senator Williams, democrat, of Mississippi, said: "That of course refers to Senator La Follette, who ought to be expelled from this body."

This was the first declaration ever made in the open senate for expulsion of the Wisconsin senator.

Senator Williams also declared Wisconsin Berger, socialist candidate in Wisconsin, ought to be interned.

After reading part of the newspaper clippings, Senator Williams asked leave to print a part without reading, but Senator Fall of New Mexico, republican, objected and the Mississippi senator proceeded with his reading, interjecting:

"What I want to enforce on the republican minority is that this country is no longer composed of republicans and democrats, but of patriots and lukewarm patriots or pro-Germans on the other side. Politics has dropped into innoxious desuetude. I am talking with the partisan bias of a pro-American."

Brand Berger Pro-German.

Reading from a reference in his clippings to Berger, the Mississippi senator shouted:

"Berger—the socialist, pro-German."

"Corn-Less Day" for Feet, Every Day

Use "Gets-It," the Great Corn Discovery! Makes Corns Peel Right Off!

Look at the illustration below. See the two fingers peeling off a corn as though it were a banana peel! And the man is smiling while he's doing it! All done painlessly, joyfully. The moment "Gets-It" touches a corn or callus the growth is doomed. It takes

"Gets-It," the Only Genuine, Thorough Corn-Peel Ever Discovered. Demand "Gets-It" but two seconds to apply "Gets-It." The corn-pain is eased at once. You can sit at your desk or walk about, dance, think, love and work with absolute ease. You can apply "Gets-It" conveniently almost anywhere where you can take your shoe and stocking off for a moment or two. "Gets-It" dries at once; then put your shoe and stocking on again. There's no further excuse for suffering from corns and corn-pains. "Gets-It" is sold at all druggists (you need pay no more than 25 cents a bottle), or sent on receipt of price by E. Lawrence & Co., Chicago, Ill. Sold in Omaha and recommended as the world's best corn remedy by Sherman & McConnell Drug Co. Stores.—Advertisement.

NUXATED IRON

Dr. Ferdinand King, New York Physician and Medical Author, says physicians should prescribe more organic iron—Nuxated Iron—for their patients—Says anemia—Iron deficiency—is the greatest curse to the health strength, vitality and beauty of the modern American Woman—Sounds warning against use of metallic iron which may injure the teeth, corrode the stomach and in some cases thereby do more harm than good; advises use of only nuxated iron, taken three times per day after meals. It will increase the strength and endurance of weak, nervous, run-down folk in two weeks' time in many instances. Dispensed by all good druggists.

CORRECT APPAREL FOR MEN AND WOMEN

ASSETS \$12,800,000.00

KEARNEY, NEBRASKA, October 31, 1917.

The Old Line Bankers Life Insurance Co., Lincoln, Nebraska.

Gentlemen: This is to acknowledge receipt of your draft No. 69332 for \$578.06, as handed me by your General Agent, R. B. Bennett.

It certainly gives me a great deal of satisfaction to have this policy mature and that same was in your good company.

This Fifteen Payment Life Policy I took at the age of 19, and, after having had fifteen years of protection for \$1,000.00, I am returned \$140.81 more than I paid in, which I certainly consider a fine settlement on this policy.

I am today giving your agent, Mr. Bennett, my application for another policy under the Twenty Payment Life Plan, knowing the good results I am going to get from my money invested in a policy with you, as well as the protection afforded my family.

Very truly yours,

CHARLES C. GRAFIUS.

If you want a policy such as the above we have them to sell, combining a savings account with insurance. If you die it pays the face of the policy, if you live it has paid back more than has been paid in—the policy holder has received his insurance without cost. Write Home Office, Lincoln, Nebraska, Dept. H, or call Omaha Office, 1321-2 W. O. W. Bldg. Telephone Douglas 2949.

pacifist candidate. Here are men so false to America, so false to civilization, that they will vote for Berger, who is under indictment now for pro-German utterances—a man who ought to be interned today."

Food for Holland.

Washington, March 28.—Formal assurances were given to the Dutch minister today by Chairman McCormick of the war trade board that two Dutch ships would be permitted to come to the United States and take back to Holland cargoes of foodstuffs without the vessels being taken over by the United States government when they reach this country.

Loss of production for the first two weeks of March is ascribed to strikes on the Pacific coast, lack of fuel and closing down of mills at Niagara falls by government order.

News Print Paper Shows Decreased Production

Washington, March 28.—Consumption of news print paper is exceeding production and mill stocks are gradually falling off. Federal trade com-

mission figures made public today show shipments of 52,693 tons for the first two weeks in March, while only 50,318 were produced. Mill stocks March 17 amounted to 28,327 tons, of which 22,293 were standard news.

Extensive War Training.

Washington, March 28.—More than 10,000 students who are members of units of the reserve officers' training corps at educational institutions will receive military instruction this summer under the direction of the War department.

STYLE HEADQUARTERS

Where Society Brand Clothes are sold

One-Minute Store Talk

The women folks at home will be mighty proud of you if you wear a new suit and top coat Easter Sunday. Make them happy by buying SOCIETY BRAND CLOTHES at this store. You will then be sure you are correctly dressed.

It's part of our service to see to it that you get clothes that will give you a feeling of self-assurance in the presence of other well dressed men. We conscientiously aim to satisfy you to the minutest detail. And any time you are not satisfied with what you buy here, come in and get your money back.

Society Brand Clothes Right Dress for Easter

THE authenticity of style of Society Brand Clothes is undisputed, and we are amply prepared to satisfy you with a showing of models that will lend dignity to your appearance.

You will find that the tailoring of these garments has reached a high degree of perfection, whether it be a sack suit for business and general wear, top coats, frocks for afternoon dress, silk and tropical worsted suits for warm weather.

A visit will reveal the possibilities of clothing tailored to suit exacting tastes, and you will find the assortment unusually comprehensive.

Mothers Here Interested in New Treatment

Relieves Colds Over Night and Group in Fifteen Minutes—Applied Externally.

NOTHING TO SWALLOW, YOU JUST RUB IT ON

Local Druggists Have Arranged Sell 25c, 50c, or \$1.00 Pack on 30 Days' Trial.

Local druggists report a great deal of interest, especially among mothers with small children, in the remarkable external "vapor" treatment, known as VapoRub, recently introduced here from the South.

This treatment makes unnecessary "dosing" with injurious medicine using flannel jackets and chest protectors, or keeping the children up all night. You can let the little chaps run outdoors and get the needed fresh air and exercise. Colds do start, "nip them in the bud" by using VapoRub—it is externally applied and can therefore be used freely and often, with perfect safety on the smallest member of the family. VapoRub comes in salve form and is applied over the throat and chest covering with a warm flannel cloth. The body heat releases medicinal vapors that are inhaled with every breath, all night long, through the passages to the lungs. These vapors loosen the phlegm and clear the passages.

In cases of very severe chest cold or incipient pneumonia, first apply hot, wet towels over the throat and chest to open the pores. VapoRub is then absorbed through and stimulates the skin, taking out that tightness and soreness in the chest.

Ask your druggist about the days' trial offer.

FARMER TRAVELS FORTY MILES TO GET MORE TANLAC

Hawkins Says His Wife Gained 15 Pounds on Three Bottles of Tanlac.

"I'm taking a forty-mile trip to more Tanlac," was the remarkable statement made by J. D. Hawkins, well-known and prosperous farmer, the Tanlac representative in Memphis, Tenn., recently.

"Yes, sir," continued Mr. Hawkins, "I live at Bartlett, Tenn., and I drove eight miles to Raleigh this morning and caught a trolley car there. Memphis, which is twelve miles from me, so you see when I get back home I traveled forty miles, and that was to be proof enough of what I thought of Tanlac."

"I declare, I never saw or heard of a medicine doing as much good as Tanlac. My wife has gained fifteen pounds on three bottles of it and I sides it has gotten her over her troubles that have been weakening her down for nearly twenty years, and don't aim for her to be without. She suffered awfully with indigestion and was growing very weak and badly run-down. Every single thing she would eat made gas and gave her severe pains in the stomach. I had no appetite at all and what little she would force herself to eat, she never had it seem to do her any good. She was better off without eating it. I suffered terribly with nervous headache and couldn't sleep on account of it. She was so tired all the time she never felt like doing a thing. In fact, she wasn't able to do any of her housework at all. She had tried everything without getting any relief. As I was about to give up in despair when I read about Tanlac and got her a bottle of it."

"I just can't say too much of Tanlac, for my wife's improvement has been wonderful. She can do her housework now and before all could scarcely get around at all. She is relieved of the indigestion and has a good appetite. She eats most of the things she wants and is relieved of the gas and pains she used to have. Her nerves are quiet and she sleeps good at night and don't have the sick headache like she did. As I have already said, she has gained fifteen pounds in weight and is gaining strength and health all the time since taking Tanlac. She looks so much better all our neighbors are talking about her improvement. It certainly has done wonders for her and I wouldn't let her be without it for anything, and that's the reason I'm taking this forty-mile trip today, to get more of it for her. I certainly do endorse Tanlac, for I think it is the greatest medicine in the world."

Tanlac is sold in Omaha by Sherman & McConnell Drug Company, corner 16th and Dodge streets. Or Drug Co., 16th and Harney streets; Harvard Pharmacy, 24th and Farnam streets; Northeast corner 19th and Farnam streets, and West End Pharmacy, 49th and Dodge streets, under the personal direction of a special Tanlac representative.—Adv.

CATARRH VANISHER

Here is One Treatment That All Sufferers Can Rely Upon.

If you want to drive catarrh and all its disgusting symptoms from your system, the shortest possible time, go to your druggist and ask for a Hyomei outfit today. Breathe Hyomei and it will rid you of catarrh; it gives such quick relief that who use it for the first time are astonished. Hyomei is a pure, pleasant antiseptic which is breathed into the lungs over the inflamed membrane; it kills the catarrh germs, soothes the sore spots and heals inflammation.

Don't suffer another day with catarrh; the disease is dangerous and often ends in consumption. Start the Hyomei treatment today. No stomach dosing, no sprays or douches; just breathe it—that's all. As Sherman & McConnell Drug Co.—Adv.
