COUNCIL BLUFFS

At the meeting of the art department of the Council Bluffs Woman's club on Monday evening the study of the art of France was continued. Mrs. G. E. Walker was the leader of the program and in her introduction she made special mention of the beautiful new cathedral at St. Louis, which rivals any in the United States for beauty of architecture and interior decoration. The new poster design, "Fighting for Famine," by Miss Ruth Felt of this city, was also especially commended by the leader. A letter written by one of our soldiers in France, the brother of Mrs. H. W. Clark, who has given up the practice of law for the defense of his country, was read for the club by Mrs. Page Morrison. The distinguished French sculptor, Jean Antoine Houdon, was the subject of a very charming talk by Mrs. E. J. Towles. She noted in particular his mastery of anatomy, his technique and his work in bronze, marble and terra cotta. Mrs. Page Morrison followed her subject with a number of descriptions of his most famous paintings. The cathedral of Notre Dame d'Orrouen, that monument of the thirteenth century, so replete with historical associations, was graphically described by Mrs. Dolbe Burgess. It will be remembered that Rouen is especially connected in the minds of the French with Joan of Arc and that this cathedral played its part in the stirring scenes of that period of French history. The next meeting will take place April 15.

Mrs. S. B. Snyder was the hostess at the meeting of the Tuesday History club this week. The scheduled program on Iowa was carried out and plans for the next year's work were discussed. It was decided to present only four programs, each preceded by a 1 o'clock luncheon and to devote all other meeting time to the Red Cross, thus maintaining their identity as a social and literary organization and at the same time doing their duty to their country in the way most appropriate as fulfilling the ideals of the club. This club has already done much to assist in the Red Cross work, but plans to do even more during the coming club year.

Superintendent H. A. Ballenger and family of Griswold have been visiting Mr. Ballenger's parents, Mr. and Mrs. H. A. Ballenger. They have attended the teacher's conference and will return home this afternoon.

Mrs. William Alexander entertained the R. E. M. club at a musical meeting on Wednesday afternoon. The meeting was an unusually successful one and the numbers were all well received by the members, who were very appreciative of the kindness of their entertainer. Mrs. J. Z. McCarger will be the next hostess at her home, 227 Sixteenth avenue.

The election of officers was the principal feature at the meeting of the Unit K Mothers' club Wednesday afternoon at the Young Women's Christian association with the following result: President, Mrs. Donald Macrae; vice president, Mrs. J. B. Long; secretary, Mrs. Gay; treasurer, Mrs. Beasley; chaplain, Mrs. Beadle. When the penny sacks were opened it was found that \$112.84 had been saved since the last meeting. A number of letters from the boys over there were read and news items compared by this loyal group at home who are so anxious to hear all the things which are of so much interest to their boys across the seas. On next Wednesday Mrs. Macrae will entertain the members at her home on Fifth avenue.

Mrs. B. L. Boylan, daughter of Mr. and Mrs. J. G. Hollenbeck, who has been spending the last two weeks visiting her parents, left Thursday for Cincinnati, where she and Mrs. Boylan, who has just been transferred to that city by the Columbia Graphophone company, will make their future home.

On Wednesday Miss Flora Holtz, daughter of Peter Holts, and Conrad Nasel were quietly married at the home of the bride. The Rev. Huff performed the ceremony which was witnessed by only the immediate relatives. The bride was very charmingly gowned in white georgette crepe, trimmed with lace. A four-course dinner was served after the ceremony and in the evening the friends of the two families were informally entertained at a reception. Mr. and Mrs. Nasel expect to make their home on a farm south of the city.

Announcement is made of the marriage of Miss Grace Miller, daughter of Henry Miller of Honey Creek, to Harley McMullen of Crescent, which took place Wednesday.

Announcement has been made of the marriage of Miss Carina Drummy, daughter of Mrs. Katherine Drummy, Omaha, and Lieutenant Arthur G. Brown, son of Mr. and Mrs. O. H. Brown of this city. The ceremony was performed Wednesday by Rev. Father Harrington at St. Cecilia's cathedral in Omaha. The young couple left at once for Camp Lee, Va., where Lieutenant Brown is now stationed.

Mrs. Thomas Metcalf, sr., has the pleasure of entertaining Mrs. Allen O. Ruse of Charles City this week. Mrs. Ruse is the president of the National Congress of Mother and Parent-Teacher Associations and took a prominent part in the meetings of the teachers' association this week.

"Hair Under Arms? On Lip? Dissolved Away Like Magic"

See Them Crinkle Up and Vanish Leave Skin Gloriously Clean. A Valuable Secret How to Look Young Though You May Be Old.

BY VALESKA SURATT
THERE are many things which will remove superfluous hairs—but many of them so irritate, burn and redden the skin as to make it a sight to look upon. It is no longer necessary to go to it in such a savage manner. Superfluous hairs can now be removed by an application which is absolutely safe and never fails to remove every hair so thoroughly that not a vestige of it remains. There is only one thing that will do this, and that is a safe solution. This can be obtained from any drug store for one dollar. The hairs are merely loosened with it for a few moments, and then the hairs are seen literally to wither and dissolve away and are wiped off, leaving a skin absolutely perfect, spotless, soft and smooth. This is the sensible method, and no matter how sensitive the skin, or how thick the hair growth, it never fails to remove the hairs completely and thoroughly.

MRS. A. T. F.—The skin can be brought back to its original plumpness and vigor by the following formula: An astonishing result is the quick disappearance of wrinkles, little and big, crows' feet, and lines of age. It is simple and can be prepared in a few moments by adding to half a pint of water one tablespoonful of glycerine and two ounces of eptol, obtained from your druggist. This takes years from your appearance, and is always sure and positive in its work if you will apply it liberally, every day.

MRS. T. O. C.—You will be surprised at the results if you will use my formula for beautifying the skin. I can promise you really and surely an exquisite complexion in a mighty short time, with a tint like the rose, and spotless as a lily, if you will make this cream at home yourself and use it. You will positively never find anything else in the world to equal it. Now get from your druggist one ounce of santon and mix it with two tablespoonfuls of glycerine in a pint of water. This makes a rich, satiny cream. Use it freely every day—and you will have your dream come true.

MRS. T. M. P.—Application of hydrolyzed talc to the arm-pits will put an end to the unnatural and excessive perspiration. There is nothing so effective, so cooling and so economical. This keeps the perspiration under control, prevents embarrassment and the damage to garments from fading. It also destroys all body odors immediately.

TULIP—Several years of my life were wasted using up "hair tonics" that did about as much good as water. Finally I devised my own formula, which has produced remarkable results. My friends are a unit in saying it is magic in its power, making hair long, silky and beautiful, without fall, and stopping falling of hair. Just mix one ounce of beta-naphthol with half pint each of water and bay rum, or one pint of which have instead of the water and bay rum. It is the ready to use. It is not oily and is exceedingly pleasant to use.

MRS. D. O. F.—Sprinkle some norexin on a wet sponge. Then rub this on the blackheads. In a few moments the blackheads will have disappeared. This sounds like a fairy tale, but it will prove its effectiveness at once. Get the norexin at any drug store.

CHALKY—If there is any face powder that hasn't that "chalkiness" in some degree I do not know what it is. That's why I have my own face powder. It's just like the drug store and dissolve a teaspoonful of it in half a cup of water. You can get enough eptol for twenty-five cents for a dozen or more head-washes. It is magic in cleansing hair and scalp, and aids wonderfully in making hair grow.—Advertisement.
