Red Cross Notes

"Opening day" at the new Red Cross rooms in the Masonic temple will be Wednesday. The public is invited to inspect the work of the surgical dressings, hospital garments and supply and preparation departments now stationed in this new building.

Mrs. Rose Cooper, chairman of Elk City auxiliary, writes they have turned out 19 sweaters, 30 pair socks, 30 pair wristlets and 185 pieces of hospital garments. Mrs. G. W. Grelston, aged 78, has knitted 16 pair of wristlets.

Every school in Omaha is now working at Red Cross bandage making, even the lower grade pupils fashioning the small dressings.

George Payne has donated the use of a seven-passenger automobile to the civilian relief workers who are making calls on soldiers' families under direction of Mrs. C. M. Wilhelm, chairman.

Two trucks have been donated to the salvage committee for the duration of the war. Each truck now has a girl driver who is equipped with uniform. Frank Burkley, executive elected a member of the Red Cross, is adviser of the salvage department and intends to reorganize this branch and extend its scope of work.

Ward Burgess has resigned as treasurer of the Omaha chapter and Ezra Millard elected to fill the vacancy.

The executive committee of the Chamber of Commerce will inspect the Red Cross quarters in the Masonic temple Tuesday.

The salvage committee will be reorganized. Frank Burkley will be the director. New officers will soon be appointed by Gould Dietz, head of the Omaha chapter.

The salvage department of the Red Cross will make a drive during the coming week for rubber. All owners of motor cars in this part of the country are requested to send to the salvage department, at 1409 Harney street, all their old tires and inner tubes and rubber of whatever kind they have, or telephone Douglas 8123 and the salvage department will arrange to call for the articles. The department wants old paper, clear rags and anything that can be turned into money.

Members of the National Surgical Dressings society are to become an auxiliary to the Red Cross. This band of women, numbering 600 members, were organized in 1914, and have since that time made bandages for the allies. Miss Carrie Millard is the president. They work in the Baird building and the patterns used by them are approved by the French government. They will continue their work, but be financed by and ship through Omaha chapter of the Red Cross.

Red Cross donations have come from the South Side stock yards with record-breaking speed. This morning \$545 was gathered in in just 22 minutes. One steer, donated by Sol Degen, F. G. Kellogg and Jim Root, brought \$320, while another auctioned for the cause by Rosenstock brothers and J. E. Fleming brought \$225.

A car weighing 25,000 pounds and containing 103 boxes of clothing for the destitute people of Belgium and northern France was shipped this week. Herbert Wheeler and Arthur Guion managed this clothing drive.

The Knights of Columbus auxiliary is doing commendable work, although it has been organized but a short time. Mr. Charles B. Dugdale is chairman and the women meet Mondays, Tuesdays and Wednesdays from 10 to 5 o'clock in the Knights of Columbus club rooms. A number of machines have been donated and the rooms are well equipped for work.

The Red Cross auxiliary of the Prettiest Mile club meets every Thursday, all day, in the new Masonic temple.

Frank Judson, Nebraska director, went to Tekamah Friday to present Burt county with the Red Cross flag for having the largest per cent of members in the Christmas membership campaign.

Leonard W. Trester has returned from a 10 days' tour of the state in the interest of Junior Red Cross work.

Mrs. Clement Chase will give a Red Cross address at the Liberty loan celebration there. She will lead the Red Cross section in the parade. On Thursday Mrs. Chase and Frank Judson will go to Clarkson to be present at a meeting of Colfax county workers.

West Ambler Wedding.

A pretty church wedding was held in Jennings Methodist Episcopal church Wednesday evening, when Miss Martha S. Long, only daughter of Mr. and Mrs. John Long, was united in marriage to Louis Armbrust, son of Mr. and Mrs. John Armbrust, of West Center street, by Rev. R. G. Chienoweth. The church was decorated with Easter lilies and palms. Miss Sarah Givens played the wedding march and her sister, Mrs. Albert Dowling, dressed in white satin, sang. Mrs. Carl Long was matron of honor. Misses Clara Armbrust and Margaret Pahl were dressed in white silk and carried bouquets of pink sweet peas and pink tulle.

George Armbrust brother of the groom, was best man, and Carl Long, brother of the bride, and Willie Armbrust, were groomsmen. Last came the bride alone, dressed in rich white satin, with overdress of white net lace and veil to match. She carried a shower bouquet of white bride's roses. The double ring ceremony was used.

The wedding party, consisting of 25 relatives of the two families, repaired to the home of the bride's parents on South Forty-eighth street for the wedding supper.

The young couple took possession of their new bungalow on the Jackson farm in the west Pappio neighborhood, West Center street.

Robert Storz arrived home Tuesday from the Rosenbaum school at Milford, Conn., for his Easter holidays.

Women Win Honors in Red Cross

Left to right: Mrs. E. E. Napper, Mrs. R. C. Holly and Mrs. J. H. Hughes.

To reward the women who have devoted hours of service to the Red Cross, the above insignia have been instituted. One of the most ardent workers is Mrs. E. E. Napper, who has given over 200 hours of service. She is past 80 years old.

Mrs. R. C. Holly is pictured wearing the Red Cross on the front of

her veil. This signifies that she has worked 72 hours.

The Red Cross worn on the right of the apron as shown here on Mrs. J. H. Hughes is the reward for 32 hours of bandage making or sewing on hospital garments.

Surely these tokens will be a worthy heirloom to the patriotic women of today to give to their children.

Works of Famous French Artist at Masonic Temple

A charming art gallery has been created in the corner room of the new Masonic temple. The Society of Fine Arts is giving Omaha the opportunity of viewing a collection of the famous French artist, Alfred Phillips Roll, president of the French academy.

Through the courtesy of the Art Guild the walls of the large room have been veiled with hangings of a soft, greenish-grey.

The large paintings and sketches are arranged against this background and lighted by the large windows instead of the usual artificial lighting.

Roll's work is done in oils, crayons, pastels, as well as the less pretentious pencil drawings. Among his subjects are allegorical figures, horses, landscapes, portraits and nudes.

"The Night of April 1, 1914," is one of the most popular paintings. Another symbolic study, called "Farewell to Peace," was done shortly after the beginning of the war. Five of the canvases have been delayed in the shipping, but are expected to arrive in time for the public opening. The private view for the members took place yesterday from 4 to 9 p. m. Beginning Sunday, the exhibit will be open to the public for two weeks.

Fraternity Dinner-Dance.

Alpha Alpha chapter of Phi Beta Pi, medical fraternity of Creighton university will entertain for its members and pledges at a dinner-dance Wednesday night at the Blackstone hotel. Invitations have been sent to Mary Pickford, Charlie Chaplin and Douglas Fairbanks, who will be in Omaha that day.

Guests will be: Dean J. R. Clemens, Junior Dean Herman Schulte, Dr. Alfred Brown, Dr. Joseph Shramek, Dr. W. G. Ash, Council Bluffs; Colonel J. R. Bannister and Dr. O'Keefe, Council Bluffs.

Members of the Phi Beta Pi fraternity are:

Members: Bay Traynor, P. J. McCann, John Mannion, John Callaghan, Phil Cooley, Emil Reichstadt, Nicholas Gagner, Leo Hombach, D. M. Niero, Gene McCabe, R. J. McMullin, Joseph Ebert.

Pledges are: Carl May, Paul V. Duffy, William McMahon, Wilfred Ash, Phil Newman, William Schmidt, B. Gishannon, Leo Hombach, Phil Campbell, Benjamin Walters, Harry Collins.

Yeiser-Lateners Nuptials.

The announcement of the betrothal of Miss Mary Louise Latenser, daughter of Mr. and Mrs. John Latenser, to John O. Yeiser, son of Mr. and Mrs. John O. Yeiser, comes as a complete surprise to the friends of the young couple. The wedding will take place Sunday in Chicago at St. Jerome's church, and it is to be a very quiet affair, in the presence of immediate family.

112 PEOPLE TO RENDER SERVICE

Dresher Brothers' Cleaning Plant Stood Up Nobly Under the "Drive" of Easter Cleaning and Remodeling Work.

It takes, directly and indirectly, 112 people to maneuver the immense Dresher Brothers' Dry Cleaning and Dyeing plant at 2211-2217 Farnam street, Omaha, and the greatest efforts of all these are necessary to bring out "Easter" cleaning work on time.

Dreshers' could have handled the rush nicely and finely without the slightest hitch if it were not for the "delayers," the people who may mean well enough, but who persist in refusing to send work to the cleaners until the eleventh hour. It is these folk who block the action, and if any one experienced delay or Easter disappointment it was because of the tactics of others.

But everything is running smoothly again now at Dreshers', and your Spring and Summer needs can be taken care of ideally if you will but send in your Panama hat to be cleaned and reblocked NOW, if you will send in your rugs to be cleaned NOW; if you will send in your furs to be stored SOON, instead of waiting until the inevitable last minute crush.

It costs you nothing extra to take time by the forelock; it brings you better work; so why not see ahead and benefit thereby?

You need Dresher Brothers in a thousand ways, and on the main Spring cleaning jobs you need them worse than ever. Phone Yeiser 345 for a man and get matters off your mind. Or leave work at the plant, at Dresher The Tailors, 1515 Farnam street, or at one of the Dresher Branches in the Burgess-Nash or Brandeis Stores. Dresher Bros. repair shoes, too. Dreshers pay express or Parcel Post one way on all shipments out of town.—Advertisement.

SOUTH SIDE

Mrs. Hester Copper and mother, Mrs. Bronson, have taken their own home again. Mr. and Mrs. Wilbur Fisk, who have been occupying it, moved to the residence recently vacated by Mr. and Mrs. Joseph Shugart.

Miss Martha Widdis is very much improved after her long illness.

Miss Sadie Rotholz is home from the state university for the Easter vacation.

Mrs. Edgar Royer is reported on the sick list.

The ladies of the United Presbyterian church held a very successful dinner at the church Thursday.

William Rountie is improved after his automobile accident.

Mrs. Harry Miller has returned from Indiana, where she went to attend the funeral of her brother, William Owens, who died at Camp Funston the first of the week.

Mrs. Alexander Larkley of St. Louis, a former South Side resident, is visiting with her niece, Miss Martha Widdis.

Mrs. Harry Angus, formerly Miss Bertha Shelany, is making her home here with her mother while Mr. Angus is in France.

Mr. Bert Philpot of Weeping Water, Neb., visited South Side friends this week.

The Dorcas club will meet with Mrs. Fred Patterson Friday afternoon.

The meeting of the Garfield Conservatory league will be held at the school Friday at 3 o'clock.

All women of this district are asked to attend and bring their best war bread recipe.

The engagement of Miss Claire Dworkin of this city and John Burke of Danbury, Ia., has just been announced. The wedding will take place at St. Bridget's church on the morning of April 16.

For Welfare of Christian Scientists

The Christian Science church provides each of its military members with a vest pocket edition of Science and Health. Further, each man so desiring is sent the Christian Science Monitor, the daily newspaper of the Science church. In each cantonment in the country there is a camp worker under the direction of the various Science camp welfare committees. It is the duty of this worker to see that the needs of Science boys are met and to give needed advice.

Small Change

If you want to keep on the good side of the paper boy, the milk man, the vendor of vegetables and all other tradesmen with whom women have to deal at front and back doors keep plenty of small change on hand. Most women do not like to bother with large purses, but in the end it pays and it pays in money.

Every person who serves you will give you better service and will be more prompt and willing if you have the money ready and the right amount. No one would think of taking a head of cabbage or a pint of milk from a dealer, but ten minutes of his valuable time means more than a head of cabbage in these days of sharp competition.

When you have the money ready instantly, and the right amount, the man with whom you deal will show his appreciation in various ways. A neighbor was very much astonished to see her vegetable man slipping out a bunch of beautiful flowers with a small order, while her own heaped-up basket was bare of decoration. The explanation was simple. The one who ordered largely took up a great deal of extra time and haggled over the price while the other woman handed out the right change instantly and went about her business.

Mr. and Mrs. A. L. Reed and family will move to their summer home at Benson on Monday.

Miss Martha Folda, who has been at Pass Christian, Miss., for six weeks, will spend a few days in New Orleans before coming north.

Another Omaha man, who has gone to Washington to enter the service of the government, is Lewis B. Reed, who for several years has been in business in Chicago. He is associated with George N. Peck, who is connected with the War Industries board.

Mr. and Mrs. Henry Wyman and daughter, Margaret, went to Excelsior Springs Thursday for 10 days.

ANNOUNCEMENT

I have leased for a term of years the store room at 109 North 16th street, Neville Hotel Bldg., and about April 10th will open to the public an entirely new stock of

Wearing Apparel for Women Clothing for Men

Next week I will enter the Eastern Markets and will purchase the opening stock, which will comprise the latest in Clothing, Suits and Dresses to please the most critical buyer.

My present stock at 204 North 17th Street is being closed out at greatly reduced prices, and for the next week extraordinary bargains will await you. Every second-hand garment must be sold.

Extending the season's greetings and hoping to see you at my new store when open, I remain, very truly,

JOHN FELDMAN

109 North 16th Street. Opposite the Postoffice. Omaha

Safeguard Art Against War Ravages, Club Women Urge

Not to neglect art in the excitement of first preparation for war is the plea of Mrs. Halleck Rose of Omaha, chairman of the art department, Nebraska Federation of Women's Clubs, in the current issue of the club Bulletin.

"If I had but two loaves of bread," said Mahomet, 'I'd sell one that I might buy sweet hyacinths to satisfy my hungry soul.' In times like these when our government is making conservation the watchword, when there are repeated emergency calls for Red Cross war relief, Young Men's Christian association, French orphans, Belgian relief and other worthy causes, should we divide the bread and forego the hyacinths? Should we consider art a luxury and treat it as every true American will treat all luxuries, lay it aside until democracy is an established fact? If it were for the best interest of organized constructive work, for the best interest of the future men and women, we would. If, on the other hand, we consider art a necessity, an essential of true civilization, a 'natural progression of the human soul,' we should put forth a greater effort than ever before to foster all we have gained and to put more truth and beauty into the lives of the coming generation," wrote Mrs. Rose.

"The French poet, M. Antole La Bras, at a recent meeting, speaking of art work in war time, aptly said it is a war measure: 'Besides the fight which the armies are making, there is a greater fight to be made—the fight of beauty. This is the true fight for civilization, for when you have put beauty in every brain, in every heart and in every soul, there will be no more war, as beauty forbids war, beauty is harmony.'

"We must not neglect through the excitement of first preparations for war the forces which tend to higher civilization. Organizations for social welfare seem to realize their duty to the boys and girls of America and in their recent deliberations have taken steps to keep the fires burning. The Artists of America have sounded a warning note. The National Federated Clubs of Women have discussed plans to continue their good work. All over our land the safeguarding of art against the ravages of war has been and is being considered. Through war necessity, science is coming into its own and because of this necessity the art phase ought not to be neglected. Two distinct opinions have been expressed."

Warning Note.

"We must not neglect through the excitement of first preparations for war the forces which tend to higher civilization. Organizations for social welfare seem to realize their duty to the boys and girls of America and in their recent deliberations have taken steps to keep the fires burning. The Artists of America have sounded a warning note. The National Federated Clubs of Women have discussed plans to continue their good work. pressed by those directly interested in art preservation.

"First—That art only insofar as it can serve war purposes is possible. "Second—That art must be sacredly guarded in all its phases, if the best interests of civilization are safeguarded."

Eggshell Tobacco

The votaries of My Lady Nicotine seem to be having a very unhappy time in Germany. One of them writes as follows:

"The other day I ventured to make an analysis of three species of tobacco which had cost me \$5 per pound. I found them to consist of cabbage leaves and stalks, egg shells, straw, scraps of India rubber, plaster of paris, horsehair, string, felt goose-pluckings and other indefinable substances. Of actual tobacco the mixture contained less than 1 per cent."

"If it be the object of the authorities to kill off the smokers among German populations they can do no better than to allow this filthy stuff to be sold as it is now, as 'fragrant war smoking mixture.'"

Dr. Kate B. Karpels, a Johns Hopkins university graduate now serving with the emergency dispensary of the army medical department, is the first woman to receive the relative rank of first lieutenant in the army.

Schmolle & Mueller

1311-13 Piano Co. Phone Farnam St. Douglas 1623.

That extra room will pay your coal bill. Rent it through a Bee Want Ad.

THESE PHYSICIANS WARN PUBLIC AGAINST TAKING SUBSTITUTES for NUXATED IRON

Say That Ordinary Metallic Iron Preparations Cannot Possibly Give the Same STRENGTH, POWER AND ENDURANCE

As Organic Iron. Besides they may upset the digestion, disturb the secretions and thereby do more harm than good, and that Health Officials and Physicians everywhere should caution the public against accepting inferior substitutions in medicines.

Dr. James Francis Sullivan, formerly Physician of Bellevue Hospital (Outdoor Dept.), New York, and the Westchester County Hospital; Dr. A. J. Newman, former Police Surgeon of Chicago; Dr. Ferdinand King, New York Physician and Medical Author, and others give valuable advice and information on the use of organic iron as a tonic, strength and blood builder.

Careful investigation by designated physicians, among druggists and patients has revealed the fact that there are thousands of people taking iron who do not distinguish between organic iron and metallic iron and that such persons often fail to obtain the vital energy, strength and endurance which they seek, simply because they have taken the wrong form of iron. They seem to think iron is iron on a good deal.

Therefore, physicians mentioned below advise those who feel the need of a strength and blood builder, to go to their family doctors and obtain a prescription calling for organic iron—Nuxated Iron—and present this to their druggist so that there may be no question about obtaining the proper article. But if they do not wish to go to the iron ore, they should look on the label and see that the words NUXATED IRON are printed on the box and that the words Nuxated Iron are printed on the box and that the words Nuxated Iron are printed on the box.

Dr. Ferdinand King says: "Doctors should prescribe organic iron—Nuxated Iron—for their nervous, run-down, weak, listless, and anemic patients. Pallor, anemia, the skin of the anemic man or woman is pale, the flesh is flabby, the muscles lack tone, the brain fails in its memory, and often they become weak, nervous, irritable, and despondent and melancholy. When the iron goes from the blood of women, the roses go from their cheeks."

Dr. A. J. Newman, Late Police Surgeon of the City of Chicago and Former House Surgeon Jefferson Park Hospital, Chicago, says:

"In my opinion you can't make strong, vigorous, successful, sturdy iron men by feeding them on metallic iron. The old forms of metallic iron must go through a semi-digestive process to transform them into organic iron—Nuxated Iron—before they are ready to be assimilated by the human system."

Former Health Commissioner Kerr of Chicago says:

"But in my opinion you can't make strong, vigorous, successful, sturdy iron men by feeding them on metallic iron. The old forms of metallic iron must go through a semi-digestive process to transform them into organic iron—Nuxated Iron—before they are ready to be assimilated by the human system."
