Tremendous Battles Rage All Day Saturday; Trend of Conflict Now Developing Major Operations on Southwest Front, Where Americans Will Join French to Turn Tide.

(By Associated Press.)

Many American transport sections are at work bringing up supplies to the French who are engaged in a great battle in the the last lusty cheer for the departing southern section around Moreuil and Lassigny, with the Ger- soldiers, and the train sped southward also spoke. mans who have delivered powerful attacks.

Balked in their efforts t make ground along the northern side of the salient, they have driven in the allied line, the Germans now are trying to break through to the southwest and south. Along a front of 25 miles, from Morsuil, on the Avre river to Lassigny, a tremendous battle waged all Saturday.

LITTLE OF FLYING

USE MASSED FORMATION. The German troops are from the ELMER CAMPBELL the leadership of General von Hutie, who is sending his men forward in massed formation, one wave following the other without cessation.

The French troops have stopped the Germans and have attacked with unvarying success. Correspondents on this section of the line declare that the French are using only a small portion of the reserves, holding the others for a powerful blow at the opportune moment.

French troops now are meeting the shock of a German attack on a 25-mile front in what may develop into the most important battle fought since the start of the offensive battle. ARRAS ATTEMPT FUTILE.

The Germans at Arras in the attempt to take that place from the British, and disorganize the northern British line are finding themselves able to advance only step by step, at great cost in their thrust along the omme towards Amiens, the Germans Friday night turned southward and hurled heavy masses upon the French in the Montdidier salient. It is here, from Moreuil 10 miles

northwest of Montdidier in a curving line around the latter place and eastward to beyond Lassigny, nearly 15 miles away, that the battle was raging at last accounts. Violent assaults were delivered upon the French lines, which developed a powerful resist-ance and were further strengthened by the arrival of fresh reserves.

The initial force of the impact, however, was sufficient to drive the Brench back short distances at and prohibited the cadets from attemptear the point of the salient. Pushing westward from the branch of the Ancre, which rups in a northwesterly direction from Montdidier, the enemy for scout duty, having a speed of 130 miles an hour, and which are used to do most of the fighting.

Campbell spent more than 100 hours, actual flying time, in the air orced his way into several villages ithin a stretch of about five miles along the front.

Advance Three Miles.

The advance as shown by the locacaptured, reached a maximum as tions of the villages announced as captured, reached a maximum of about three miles in this sector. Sputh of Montdidier the wedge also was further driven in about two miles. Fighting at this point around Ayencourt was still in progress late on Saturday in a heavy rainfall.

A possibility is that the Germans are attempting to stave off an allied counter blow, attacking themselves rather than stand still and be attacked on this, their most exposed front.

Advance In Palestine.

On the remainder of the front the situation is virtually without change, so far as the official reports reveal. American troops in France have greeted with exultation the news that they are to be given a part in the fighting of the great battle. Dispatches from the front report them

patches from the front report them enthusiastic over the prospect.

Further notable advances have been scored by the British forces in Mesopotamia and in Palestine. In the latter was theater they have destroyed several miles of the Important Hedjaz railway, east of the Jordan, cutting off the Turks from communication with Arabia and their forces southeast of the Dead Sea.

Paris was again bombarded by the long distance German cannon this morning. There have been few casualties.

Eight dead, among whom are four women, and 37 wounded, including nine women and seven children, were the casualties resulting from the

Lloyd George Gives Out Announcement

Of Foch Appointment London, March 31.—Premier Lloyd George has announced the appointment of General Foch as commander of the allied armies on

western front. In making the announcement the remier said: "For the first few days after the

"For the first few days after the German army had launched upon our lines an attack unparalleled in its concentration of troops and guns the situation was extremely critical. Thanks to the indomitable bravery of our troops, who gradually atemmed the enemy advance until reinforcements could arrive, and our faithful ally could enter the battle, the situation is now improved. The struggle, however, is only in its opening stages and no prediction of its future course can yet be made."

Appeal to Farmers for

Wheat Shows No Results Washington, March 31 .- The food administration's appeal to American farmers to market their wheat now while the greatest difficulty is being met in feeding the allies, had only slight effect last week when mill re-ceipts to 3,250,000 bushels as com-pared with 3,000,000 of the previous veek. The normal receipts are 7,600.

dany millions of bushels, the ad-distration said, still are in storage versity in 1908

THOUSANDS SEE DRAFT MEN OFF FOR FUNSTON

Train Leaves Promptly at Midnight, With New Soldiers in High Spirits as Great

Adventure Begins.

Eighty drafted men from Omaha and more than 200 from other points in the state left for Camp Bunston, Kan., on a special train from the Burlington station at midnight Saturday. Just as Easter Sunday was being ushered in, the crowd of friends gave

Spring vacation starts for school kids.

Pay day for many. Michael F. Dempsey begins his

work as chief of police. Henry P. Haze, formerly captain of police, begins as patrolman on reinstatement by city council. Omahans started to work an hour earlier this morning.

The dog catchers start their annual crusade against unlicensed Meeting of the Thomas Falconer

Commissioner club at Loyal hotel Last day on which to make in-

come tax returns. Kathleen Burke of the Scottish Women's hospital and Dr. Robert M. McElroy of Princeton university will speak tonight at a patriotic rally in the Chamber of Commerce. The Nebraska State Music Teachers' association will open its second annual convention tonight at Hotel

"Feed" and other activities at Ak-Sar-Ben den tonight.

Half-Witted Shrewdness.

In a small town in the upper part of New York state there was a youth who was considered half-witted by his fellow citizens. One of the favorite stunts of the farmers of that section was to offer the youth a penny and a nickel at the same time to see which he would take. He invariably took the penny whereat the agriculturists would beisterously laugh.

Iy laugh.

"Young man," said a stranger to the simple-minded youth one day after having witnessed the scene several times, "why is it that you slways take the penny, instead of the nickel?"

"Suppose I took the nickel," whispered the youth, with a cautious glance toward the farmers, "would I ever get a chance to take another one?"—Philadelphia Telegraph.
