STORE NEWS FOR MONDAY

Telephone Douglas 137.

We've Set the Clock Ahead To Save Daylight

All of us have been asked to save—to save meat, wheat, sugar, fuel, power and many other things.

Now the government has ruled that everyone shall set the clock ahead one hour to save daylight—because saving daylight will mean more time at home—in the garden, or the lawn and result in various good accomplishments and more efficient work all around.

Everyone, to some extent, wastes daylight in the early morning—procrastination steals more of it about 10 o'clock—and noon finds it practically half gone with a dozen things that should have been accomplished in the morning left undone.

These, of necessity, must be crowded into the few daylight hours of early afternoon.

Save daylight—make the most of its abundant morning supply.

Instead of shopping in the afternoon get the morning shopping habit.

Instead of starting from home at 10 or 11 o'clock start at 8 or 9.

Shop in the morning—that is one of the very best ways to save daylight.

Announcing an Uncommon Sale for Monday of

Curtains and Curtain Materials At Prices That Represent Remarkable Savings Over Those We Would Have to Ask If Bought at Present Day Quotations

THE other day the writer had the privilege of looking through the handsome home of Mrs. B. out in Dundee. It was a revelation of what is possible by the combination of good taste with the single materials that one provided for home decorations.

Mrs. B. said, "Perhaps it seems early to you, to see all these cretonnes and drapery things in place, but I get so tired of winter—and this has been such an awful winter—that I just got to work a little earlier than usual, to get into my home some of the freshness and charm that will appear later on among these cherry and apple trees you see out in the yard."

"And winter things get so musty, you know and the summer draperies are so fresh and clean-looking—and I make them up all myself—they cost almost nothing. Of course, I have the store fit the furniture coverings; but I make all the window draperies and the bed coverings myself."

"I just love to do that kind of work—it accomplishes so much—and pays so well for every touch and stitch."

If your home would be brighter for such touches, come in Monday and see this offering of

Lace Curtains in Four Great Groups, at \$4.75, \$5.50, \$6.75 and \$12.00 a Pair

The curtains are made with the greatest care and represent a beautiful range of exquisite designs in volles, marquises, lace motifs, inserts, lace edgings, hemstitched hems, and some with genuine filet and maderia. All 2½ yards long, regular widths. We consider the values most unusual.

Fancy Nets, at \$1.00

40 to 48 inches wide, in white, cream and beige; large range of patterns, small and large designs and filet motifs, \$1.00 a yard.
