CARLOAD RECEIPTS.

24 17 24 75 24 50 24 80

One of these armored cars found it-

self in a certain village filled with shipments of 716,000 bushels last year. Primary corn receipts were 1.882,000 bushels and shipments of 952,000 bushels and shipments of 556,000 bushels last year. Primary oats receipts were 2,205,000 German infantry. All the crew were killed with the exception of the driver and one gunner. When the capture Primary oats receipts were 2,205,000 bushels and shipments of 1,263,000 bushels, against receipts of 1,33,000 bushels and shipments of 1,962,000 bushels last year. of the car seemed certain the gunner took his heavy rapid-firer to the ground, where he held off large numbers of the enemy until the driver was Ooats

able to turn the automobile around. 395 This done, the machine gun was thrown into the car and the two men 114

sped away. 69 154 The battery of another car which had dismounted and was fighting the

Germans with machine guns, ran out of ammunition. The Germans closed in, coming up to such a short distance that they were shorting with distance that they were shooting with revolvers. The situation was hopeless, but the gallant Canadians were not to be taken alive. They seized spare barrels of machine guns and charged the Germans with these weapons. They, of course, were no match for an enemy heavily armed and all of them were killed.

### Start Trial of 113 I. W. W.s Held on Espionage Charge

Chicago, April 1 .- The work of selecting a jury to try 113 members of the Industrial Workers of the World on charges of violating the espionage act, was begun in the United States district court today before Judge K. M. Landis.

CHICAGO GRAIN AND PROVISIONS. Burdensome Arrivals of Low Grade Has Bearish Effect.

Chicago, April 1.—Burdensome arrivals of low grade corn had a bearish effect today on the corn market. Prices closed unsettled, %c net lower, with May, \$1.25%. Oats fin-ished 1%c to 1%c off. The outcome in pro-visions ranged from 20c decline to a rise of 5c. Chicago, April 1 .-- Burdensome arrivals in storage now and one year ago are: 

of 5c. Depression in the corn market developed in the main after cash dealings had shown that poor to rotten samples had fallen in value 20a to 25c a bushel. Corn that was out of condition proved hard to sell even at the bottom figures reached, which were about the lowest so far on the 1917 crop. A fur-ther bearish influence was the fact that the movement to primary points continued materially in excess of last year. Besides, the visible supply total showed a liberal the visible supply total showed a liberal gain, as compared with a week ago, and it was said shipping business from here was out of the question under existing rall conditions. Dats underwent a decided setback on ac-

shattered all existing records. The clearings for the 31-day period were board. Auspicious weather for the newly \$293,574,000, more than \$129,000,000 seeded crop tended also to weaken the more than they were in March a year market.

The Germans also want to know whether during reliefs there are more troops in the rear than is customary with the French and what are the times and sounds of reliefs. "It is

said that used infantry and machine gun bullets, unexploded shells and shell splinters are of special value. The Germans want to know whether the copper rotating bands have sharp incisions, indicating new or worn out guns, the caliber of which can be determined by the curvators of the splinters, according to the document.

Savannah, Ga., April\_ 1.-Turpentine-Information regarding the color and 24,330, Rosin-Firm; sales, \$59 barrels; receipts, 147 barrels; stocks, 96,410, Quote: B. D. E, \$5,35@5.40; H. however insignificant, may be of the loss of life in a Paris church from a shell fired by a long range German gun, a semi-official Berlin dispatch, forwarded from Amsterdam by the Central News, says it is to be deplored, but that every church within an attacked fortress necessarily is sub-

ject to incidental hits.

Rome, April 1 .- Pope Benedict expressed deep concern at the loss of life in the Paris church which was

struck by a German shell. The pope visited Cardinal Gasparri,

papal secretary of state, who is confined to bed with a cold, and discussed with him the attitude which the vatican should take. It is felt that the situation has assumed a new aspect, inasmuch as shells from guns, instead of bombs from airplanes, are being used to bombard Paris.

Mrs. Alfred Morris, Former Omaha Woman, is Dead

Twentieth Century Farmer up till four years ago, when he and his fam-ily went to Des Moines.

Mrs. Morris is survived by her husband, three sons, Alfred, jr., William and Victor; and three daughters, Ada, Pauline and Ruth. Two of the sons, Alfred and William, are in the army.

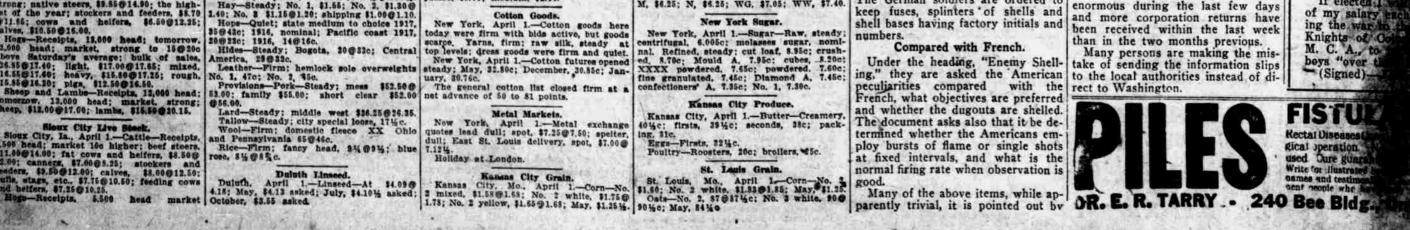

Funeral services will be held at Des Moines Wednesday. Burial will be in a cemetery there.

## Last Minute Rush to Make

**U. S. Income Tax Returns** Yesterday was the last da yfor income tax returns and a large number of taxpayers crowded the offices in the postoffice all day. Ed North, deputy collector of internal revenue, announced that the office would remain

open until midnight. The mail for the collectors has been enormous during the last few days

and more corporation returns have been received within the last week than in the two months previous. Many persons are making the mis-Under the heading, "Enemy Shell-ing," they are asked the American peculiarities compared with the rect to Washington. take of sending the information slips

materials, the fact remains that ther is a great deal of building going of in Omaha. One of the largest construction companies in the city (Home Builders) reports that work is proceeding nicely and with un-usual progress. It has just completed a warehouse for the government 24 days ahead of contract, and is busily engaged on a large apartment house as will as store buildings and dwellings. There are so many new comers in the city that the demand for homes is greater than the supply. Home Builders' plan is different from all others in that it advances money to the owners of buildings it constructs, taking mortgages from which inter-est revenue is derived and, of course, it makes a contractor's profit on each building constructed. It offers its 6% guaranteed preferred shares to the public as an attractive investment and they have been liberally sub-scribed. Home Builders (Inc.) is doing a profitable business. The com-pany's office is at 17th and Douglas Sts., Omaha.—Advertisement.
