

SOUTH SIDE CORKIN LOSES TIME INSTEAD OF MAKING GAIN

Police Officer Regulates His Watch Wrong Way and Cuts Long Stretch Out of His Sleep.

Mike Corkin, patrol conductor, sat dozing in his chair at the South Side station Sunday afternoon, arousing occasionally to glance wistfully at the big clock on the wall and compare it with the watch in his pocket, which he fingered dreamily every few minutes. Someone asked if he had not slept well Saturday night, to which he replied:

"Oh, I slept well enough alright, as long as it lasted, but I forgot and turned the clock back an hour instead of turning it ahead, so I got up at 4 o'clock this morning, instead of 6. I sure gave the robins a chase this morning."

Mike was on duty two hours ahead of schedule Sunday morning, and was counting the hours until he could go home and make up for lost sleep.

Budik Tough, But It All Vanishes When Police Arrive

A police call from the Cudahy Packing company's office Sunday afternoon said that Mike Budik, Thirty-third and L streets, was drunk and getting "tough" at the office. Captain Briggs and Officer Mike Corbin made a hurry run in the patrol wagon, and found Mike jabbering incoherently about some money he alleged was due him. Officials in the office said that Mike had been discharged, and grew abusive when told that he could not get his money Sunday. His "toughness" vanished upon arrival of the officers, and he was taken to a cell to await a hearing Monday morning.

Mike Budik, Thirty-sixth and L streets, arrested on a charge of intoxication and disorderly conduct at the Cudahy Packing company's office Sunday afternoon, was fined \$10 and costs by Police Judge Fitzgerald Monday morning.

Sunday some one called the police station, saying a crowd of boys was in progress near Thirty-sixth and D street. Officers Chapman, France and Scott responded and found A. Barta, 3534 D street, surrounded by a crowd of boys on his porch. Barta, they said, was instructing the boys in the art of the game, and had a good-sized bunch of pennies in his pockets when searched at the station.

An unusually large attendance and lively interest marked the Easter Sunday services at Grace Methodist church, bringing to close the two weeks' series of revival meetings which have been conducted by Pastor C. C. Wilson and J. Deane Ringer, musical director. There were 36 baptisms and receptions into the church at the morning service. Forty converts hit the "new-just trail" during the meetings.

LOSES HUTS AND EQUIPMENT IN BIG BATTLE

Paris, April 1.—Equipment valued at more than \$20,000, sent by the American army Young Men's Christian association to the British front for the use of American railway engineers and other American units, virtually all has fallen into the hands of the Germans.

Four times the Young Men's Christian association men moved their positions and abandoned during the retreat one large wooden building, two large tents and a quantity of supplies.

Five soldier huts owned to the British Young Men's Christian association have been lost. Two others on the French line were destroyed by shell fire and two more damaged seriously. A rented Young Men's Christian association center in Chalons-Sur-Marne was damaged badly by bombs.

The only casualty among the Young Men's Christian association workers at the front has been that of Miss Marion G. Crandell, previously reported killed by a shell.

Obituary

JOSEPH KELLY, 56 years old, died at his home, 1722 Van Camp avenue, Monday morning. He is survived by his widow and two sons, Thomas and Harry. He had been a resident of Omaha for the last 30 years. Funeral services will be held in St. Patrick's church Wednesday morning at 9 o'clock.

DANIEL DURRAN, 32 years old, died at his home, 802 South Thirty-first street, Sunday morning. He had resided in Omaha for more than 20 years. He was employed as a time-keeper by the Selden-Breck construction company. He is survived by his widow and two children, Elizabeth and Donald.

MARTIN WILL SPEAK FOR SALVATION ARMY

Benefit at Auditorium Thurs- day; Proceeds for Removing Menace of Camp Followers From Cantonments.

A war fund benefit will be held at the Omaha Auditorium on the afternoon and evening of April 4 to aid the Salvation Army in removing the menace of camp followers from the cantonments.

Dr. W. F. Martin, student of social problems, will give a talk on "The Enemy Within Our Ranks," and will discuss means of preventing the spread of social diseases which have incapacitated more soldiers than bullets.

Following the lecture, the motion picture film, "What Does a Woman Need Most?" will be shown. The photoplay was written by Mrs. J. W. McDonald and produced within the walls of her home. The picture deals with women's problems and presents a moral in an interesting way. A special matinee for women only will be given at 2 p. m.

The government is urging the cooperation of every community to help in doing away with social sin and the leaders are hoping that Omaha people will respond generously in helping forward the work.

Ottawa, Can., April 1.—Canada proposes to reduce imports from the United States by \$150,000,000 a year it was learned tonight. This drastic action is planned to correct the exchange rates which the adverse trade balance against Canada has raised to the almost prohibitive point of two per cent for New York funds.

GERMANS FOILED IN BIG MOVE TO ENCIRCLE AMIENS

Launching Fresh Attack Teu- tons Attempt to Pierce Al- lied Front Between Mont- didier and Moreuil.

(By WILBUR FORREST.)
(Special Cablegram from New York Tribune
and Omaha Bee.)

Paris, April 1.—The outstanding feature of the great battle now raging over a front of 100 miles today is the complete failure of the enemy's gigantic attempt to encircle Amiens.

The French and British, fighting shoulder to shoulder, have beaten back enemy hordes. Launching fresh effective, the Germans attempted to pierce the allied front between Montdidier, where they gained a semi-circular salient before the arrival of French reinforcements several days ago, and Moreuil, which has been the scene of terrific fighting during the past two days.

Moreuil, which is the objective key of the enemy's encircling move, was captured by the Germans on Saturday through sheer force by attacking waves of troops, but it was recaptured by Anglo-French troops, lost again the same day and again retaken in a bayonet attack, which will stand out in history.

STEEL SCARES HUNS.

The Tommies and Poilus together passed to the assault with such a dash of cold steel that the enemy broke ground precipitately, also losing a small wood to the north of Moreuil, where the allies held their gains by desperate fighting.

From Moreuil, following the semi-circular around Montdidier to Passigny, the enemy also has been completely held, the French in places having gained ground and prisoners.

It was purely a battle of foot soldiers. Heavy masses of Germans were hurled against the French time after time, only to be cast back again by counter attacks. This was especially the case around Lassigny, the town which formed the limit of the German line before their retreat in March of last year. The battle line fluctuated several times in the course of the day, both sides displaying the greatest obstinacy. The French and Germans met often in hand to hand fighting in the villages of Orville, Piemont and Plessier de Roye, where bayonets and hand grenades did deadly work.

The British and French, in retiring at the first rush when the battle started 10 days ago destroyed roads and small bridges. This prevented the bringing up of powerful German weapons, and also put an obstacle in the way of the bringing forward of supplies.

GERMAN MONEY AIDS NEGROES TO EVADE DRAFT

Jackson, Miss., April 1.—Charges that German money is being used to encourage Mississippi negroes to evade the selective draft are made in a report filed at the adjutant general's office today by F. K. Ethridge, state inspector of local exemption boards.

The report declares it has been almost impossible to get negro registrants to respond to the draft and that C. H. Mason, pastor of a negro church at Lexington, Miss., known as "The Church of God in Christ," has been preaching pro-German sermons and advising negroes to resist the draft.

The inspector's report said "The Church of God in Christ" has headquarters in Los Angeles. In August last year a \$10,000 brick church was negroes furnished only a small part of the building fund, the report says, and also that the pastor, hitherto an obscure negro preacher, recently erected a \$25,000 residence in Memphis.

ANOTHER CUT IN THE QUANTITY OF FLOUR PER WEEK

Food Administration Reduces Consumption to Pound and Half Per Week for Each Person.

"Housewives, cut your consumption of flour to one and one half pounds per person per week. Farmers, market all your available wheat."

The foregoing appeal comes from the food administrator for Nebraska, who says:

"The response should be immediate, for the allies must have wheat to continue the battle they have been putting up on the western front during the past week."

Every resource will be resorted to by the food administration for Nebraska to make available wheat and flour for export.

Beginning today grocers of Omaha will tab all purchases of wheat flour and these will be reported to the food administration.

The food administration is making a survey of all wheat on the farms of Nebraska. This survey has been under way since early in the week, when Food Administrator Hoover, ordered the requisitioning of all wheat held by persons of known pro-German tendencies.

It is hoped by the food administration for Nebraska that the requisitioning will not have to be resorted to, yet from preliminary report it appears that drastic action in several instances may be required.

Reports are that 2,000,000 bushels of wheat remain in Nebraska that have not been marketed. While the food administration survey has not developed such figures to date, it is possible that this week may unearth much wheat which will be ready for market.

Gay Gowns Conspicuously Absent in Gotham on Easter

New York, April 1.—War's gray shadow shrouded the celebration of Easter in New York. Churches were thronged with worshippers, but there was little of the joyousness which in other years has attended the end of the penitential season.

Bright sunshine with a breath of spring brought a throng to, Fifth avenue, but the display of fashion was only a shadow of what it has been in other years. Gay colors were conspicuously absent from gowns and hats of women.

Bond Purchasers in Gotham To Get Flags for Display

New York, April 1.—Each purchaser of a bond in the third Liberty loan campaign, which starts April 6 will have his name inscribed on the honor roll of the community in which he lives and will be allowed to display an "Honor Flag," according to an announcement made here today by the Liberty loan committee of the New York federal reserve district.

BANISH CATARRH

Breathe Hymel for Two Minutes and
Stuffed Up Head Will Get Relief

If you want to get relief from catarrh, cold in the head or from an irritating cough in the shortest time breathe Hymel. It will clean out your head in two minutes and allow you to breathe freely.

Hymel will end a cold in one day. It will ease the most distressing sniffles, hacking, spitting and offensive breath in a week.

Hymel is made chiefly from a soothing, healing, germ-killing antiseptic that comes from the eucalyptus forests of inland Australia, where catarrh, asthma and consumption were never known to exist.

Hymel is inhaled and easy to breathe. Just pour a few drops into the hard rubber inhaler, use as directed and relief is almost certain.

A complete Hymel outfit, including inhaler and one bottle of Hymel, costs but little at drugists everywhere and at Sherman & McConnell Drug Co., Stores. If you already own an inhaler you can get an extra bottle of Hymel at drugists.—Adv.

TODAY'S AID TO BEAUTY

Hair is by far the most conspicuous thing about us and is probably the most easily damaged by bad or careless treatment. If we are very careful in hair washing we will have virtually no hair troubles. An especially fine shampoo for this weather, one that brings out all the natural beauty of the hair; that dissolves and entirely removes all dandruff, excess oil and dirt; can easily be used at trifling expense by simply dissolving a teaspoonful of Canthrox (which you can get at any drugist's) in a cup of hot water. This makes a full cup of shampoo liquid—enough so it is easy to apply it to all the hair instead of just the top of the head. This chemically dissolves all impurities and creates a soothing, cooling lather. Rinsings leaves the scalp spotlessly clean, soft and pliant, while the hair takes on the glossy richness of natural color, also a fluffiness which makes it seem much heavier than it is. After Canthrox shampoo, arranging the hair is a pleasure.—Adv.

At Prices Much Below the Present Day Quotations

AND at the same time we want to tell you more about Mrs. B—'s home in Dundee which we told you about in Saturday evening's papers.

Other people might pay more for furniture and furnishings; but no home that we have seen could compare in charm and artistic coziness with this one that Mrs. B— has already dressed up in its summer outfit.

The bedrooms had cretonne draperies at the windows—not to shut out a bit of air—but to give that delightful border to the windows, and to be drawn away back at night. Then each bed had its top spread made of cretonne to match the windows, with a harmonizing band to mark the edge of the bed. All bedroom chairs and couches were also covered.

Every bedroom had its own individual color scheme. The writer could not tell you whether he liked the blue room or the yellow room better, and my friend was just crazy about the pink room.

Let us help you plan your summer drapery scheme with this splendid line of

Beautiful New Cretonnes, at 40c to \$1.30
