

## UNITY NEEDED IN LOAN 'DRIVE,' SAYS WM. M'ADOO

Asks Co-operation of Liberty Loan and War Savings Organizations for Effective Work in Campaign.

Secretary of the Treasury W. G. McAdoo has written Ward M. Burgess, state director of war savings, and the Liberty loan committee that as the time for the third Liberty loan approaches it is important that the Liberty loan and war savings organizations be brought into unison for effective work.

It is urgently requested that the war savings organization devote itself to the organization of war savings societies throughout Nebraska, as these societies can be used effectively in education of the 100,000,000 American people to the idea that at this time of war and national crisis the practice of thrift and savings is not alone a matter of personal wisdom, but vitally necessary to the welfare of the nation.

**Savings Not Sufficient.**  
The Liberty loan organizations are confronted with a problem of raising within a short space of time billions of dollars for war purposes. Insofar as this great demand for money can be met by the savings of the people, the situation is thereby benefited, says the secretary of the treasury. The amount needed must be raised, however, though the savings of the nations are not sufficient to produce the amount.

The secretary asks that in the coming drive for Liberty loan sales the war savings directors of the United States continue their efforts in the formation of war savings societies, educational work and general thrift propaganda. The war savings stamp organizations are asked to co-operate with the Liberty loan committee. Mr. Burgess has wired all of the county war savings chairmen asking that they co-operate fully with the Liberty loan organization, and make their object at this time the large sale of Liberty bonds.

**Make Big Showing.**  
According to figures compiled at the office of Mr. Burgess, the total sales of war savings stamps, maturity value, up to and including March 30, in Nebraska amounted to \$16,774,457, within \$10,000,000 of the apportionment of stamps made for Nebraska. Of this amount the total sales for cash in Douglas county were \$1,854,080 for the same period, and the total sales for the city of Omaha \$1,825,144.

This extraordinary sale of stamps has caused wonderment in financial circles of the east and particularly at Washington. Shipments of stamps by the Federal Reserve bank at Kansas City into Nebraska for distribution for the week ending March 30 amounted to \$2,542,175, and shipments and sales of Omaha postoffice for Nebraska distribution amounted to \$3,641,885 for the same week, making a total cash sales for Nebraska for the week ending March 30, \$6,186,560. The best previous week was the week ending March 23, when the total sales in Nebraska as obtained from Federal Reserve bank and Omaha postoffice figures amounted to \$2,015,725.

According to figures provided by the National War Savings committee, sales of war savings and thrift stamps in March for the United States totaled \$54,000,000, and brought the total sales for four months up to \$128,000,000. It is interesting to note that for March the sales in Nebraska amounted to \$10,763,845, or about one-fifth of the total sales for the nation during the month, and that up to and including March 30 Nebraska had sold one-eighth of all the stamps sold in the United States.

### Union Pacific to Have 3,000 Marchers in Parade

Union Pacific officials are lining up their forces for the Liberty loan parade that is to be held Saturday afternoon. In its division the company officials expect to have a band and more than 3,000 men and women marchers.

For the Union Pacific employees, there will be the usual holiday, but the employees are expected to go into the parade instead of going home to plant their war gardens. The officials will march with the employees.

### Walters of Northwestern Leaves on Inspection Tour

General Manager Walters of the Northwestern is on a tour of inspection of company lines in the west, to note betterments that are necessary for the coming season. His report will go to the railroad administration, of which Mr. McAdoo is the head. The survey that Mr. Walters makes will not be on any new construction, as none is contemplated during the year.

### Hundreds Expected for Classical Convention

Preparations are being made to receive hundreds of delegates to the convention of the Classical association of the middle west and south, which opens in Omaha Thursday. The association covers 30 states.

### New Order Issued on Mail to Men in France

Friends and relatives of soldiers in France will not be permitted to send them packages of miscellaneous articles which have been swamping the mails for the last few months, according to instructions from the postmaster general received in Omaha.

The action is prompted by military necessity and postoffice officials will enforce it rigidly. Parcel post packages for members of the expeditionary force in Europe will be accepted only when they contain articles requested by the addressee in writing and approved by a higher command of his company, and the request must be enclosed with the package when presented for mailing at the postoffice.

Military men say this plan will allow the government much more space for shipping essentials to our soldiers.

## POLITICAL SHRAPNEL

When in the city council Harry Zimman represented Omaha at several conventions of the League of American Municipalities, in whose sessions he figured prominently. It is said for him that he knows more about municipal conditions and municipal problems in other cities as well as in Omaha than anyone ever officially connected with the city government.

Harry A. Tukey wants it understood he is not running for city commissioner but filed merely as a candidate for the charter commission. He says the difference between the two jobs is \$4,500 a year.

Frank Goodall, E. E. Howell, Jerry Howard and J. M. Tanner, candidates for nomination at the primary next week, are attending the special session of the legislature as members of that august body. A base churl remarked that they will all have a good alibi.

Many residents of Benson have not registered at the election commissioner's office it is said because they believed that annexation of their village with Omaha automatically carried registration of voters. They will be disappointed when they go to vote.

The name of Dyball is not a new one in the city hall, as one of the Dyball brothers was a member of the city council before Omaha went to the commission plan of government. The Dyball now a candidate was until recently one of the managers of the Alamito Dairy company.

John M. Cahill was county jailer under Sheriff McShane, but got out when McShane began to get in bad. Cahill is an old-timer in Omaha where he has been in the grocery business for many years.

The Fred Hoye boosters held a parade of their own, starting at Eighteenth and Vinton streets. They passed the city hall and tarried long enough to permit Hoye to peek into a window to see what sort of a place is the municipal building.

Jerry Howard writes us from Lincoln to explain his absence from the political arena enforced by attendance on the extra session of legislature, adding: "Notwithstanding the numerous obstacles I have to contend against in this campaign, being somewhat financially embarrassed and otherwise handicapped, nevertheless I have implicit confidence in the intelligence and patriotism of my fellow citizens to rally to the support of a true and tried servant who has performed his duty faithfully, whether it pleased the packers, the potato speculators, or any other twentieth century profiteering patriot."

### Railroad Man Asks \$25,000 Damages for Loss of Eye

Michael Marone is asking for \$25,000 damages from the Union Pacific railroad for the loss of his right eye, which, he alleges, was caused by a piece of steel striking him in the eye while working in the shops.

### MY TIRED FEET ACHED FOR "TIZ"

Let your sore, swollen, aching feet spread out in a bath of "Tiz."

Just take your shoes off and then put those weary, shoe-crinkled, aching, burning, corn-pestered, bunjon-tortured feet of yours in a "Tiz" bath. Your toes will wriggle with joy; they'll lok up at you and almost talk and then they'll take another dive in that "Tiz" bath.

When your feet feel like lumps of lead—all tired out—just try "Tiz." It's grand—it's glorious. Your feet will dance with joy; also you will find all pain gone from corns, callouses and bunions.

There's nothing like "Tiz," it's the only remedy that draws out all the poisonous exudations which puff up your feet and cause foot torture. Get a 25-cent box of "Tiz" at any drug or department store—don't wait. Ah! how glad your feet get; how comfortable your shoes feel. You can wear shoes a size smaller if you desire.—Adv.

### EVERYBODY PRAISES FINE KIDNEY MEDICINE

I very often have listened to words of praise from my customers regarding Dr. Kilmer's Swamp-Root and after selling the preparation for 20 years without a single complaint I feel in position to give my testimony in favor of Swamp-Root, believing it capable of doing what is claimed for it in kidney, liver and bladder troubles. Very truly yours,

S. G. WRIGHT, Druggist,  
1847 O Street,  
August 8, 1917. Lincoln, Neb.

Letter to  
Dr. Kilmer & Co.,  
Binghamton, N. Y.

Prove What Swamp-Root Will Do For You  
Send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample size bottle. It will convince anyone. You will also receive a booklet of valuable information telling about the kidneys and bladder. When writing, be sure and mention The Omaha Daily Bee. Medium and large size bottles for sale at all drug stores.—Advertisement.

# Take Advantage of the Extra Daylight Hour Enter Into Sports and Pastimes

Of course, the Government needs your Garden—plant things in your back yard and nurture them to fruition, but also see that you take fullest advantage of the extra daylight hour given to you by your government

## When You Turned The Clock Forward

President Wilson's recommendation (which we print here), is excellent advice for young women as well as young men. With the great outdoors beckoning, it behooves you to fill these precious hours with body-building recreation.

### Sporting Goods for Everyone Put Yourself in Good Shape Physically

Another hour at night to play your favorite game and enjoy the great outdoors—you will find the time most advantageously spent if you have the proper outfit—we are ready to supply your needs at moderate prices.

## Outfit Your Boy and Girl—This Vacation Week

### Boy's 2 Pair Pant Suits \$7.50 to \$15.00

The Sure Way to Save Two Dollars  
Is to Spend One Wisely

After many years of study, a master in clothes economy has discovered a way to beat the high cost of clothing the boys.

This is the time when Marbles, Leap Frog, Fence Climbing and all outdoor sports appeal to the healthy boy and with an ordinary suit with but one pair of trousers, his clothing will soon wear out—BUY THESE TWO-PAIR PANT SUITS AND SAVE MONEY.

Double seats and knees in trousers guarantee a four-fold wear with two pairs to each suit. Extra thicknesses of fabric are quilted into the seat and knees, with interweaving stitches which do not show on the outside of the garment. The reinforced places have the same flexibility as one-ly cloth, with more than double he wear.

Superior style is the outward and visible sign of the inward and exclusive merit of our particular brand of clothes for boys.

So twice the wear, at half the cost is the recommendation that will appeal to every mother of a healthy, play-loving boy.

Second Floor—Men's Bldg.

### Girls Coats, \$6.95 to \$39.00

At \$8.95—Well tailored new nobby models in Serges, Poplins, Gabardines and Black and White Checks, also Scotch Tweeds. These are very becoming styles, high waisted, with full skirts, trimmed with braid and fancy buttons; large pockets and excellent linings, sizes 6 to 14 years and also "flappers."

Mothers will have a fine opportunity to test the service in this Girls' Shop during vacation week.

At \$6.95—Smart little coats of Serges, Black and White Checks and Poplins, some lined and some unlined, with large collars and pockets, trimmed with smart buttons; sizes from 6 to 14 years and also "flapper" sizes for growing girls.

At \$15.00—Coats for dress and school wear, Delhi Velours, Silks, Fancy Checks, Serges, Wool Poplins, Gabardines, etc., shown in all "high" shades, also high waisted, straight lines with belts, tailored styles, Trench models and the Regulation Coats that are strictly tailored, with mohair lining. Sizes 6 to 14 and also "flappers."

Other Coats, in a great assortment of styles and all the wanted materials, in prices up to \$39.00.
