## High School Students Give Road Show to Pay Regimental Debt

Miss Winifred Travis will be the leading lady of "Romancers," a play-ette by the French writer, Roscomb, to be given in the high school road show at the school Friday afternoon and evening and Saturday evening. All the acts will represent school talent.

The big headliner will remain a mystery to the students until the programs are given out at the first performance. The headliner was written by a boy and girl of the senior class, whose names will not be announced until Friday. The last act is also a dead secret so far. It is rumored that the theme is to be patriotic and that a pretty girl will appear in the chief role. An unknown comedian will also appear in the third act. A question mark alone denotes his witty part of the entertainment.

The first act is a military spell-down between the best drilled cadets from each company. Miss Dorothy Grey and Clarence Dantin will take the leads in the headliner. The fourth act will be singing by a quartet, composed of Morris, Paynter, Fage and Maxwell. A farcical scream is promised when Will Nicholson and Robert Buckingham take off Shakespeare in the fifth act. A jazz band will live the audience up following this act. Margaret Harter and Rudyard, Norton will play Hawaiian strains.

The show is under the direction of A. J. Wedeking of the Commissioned Officers' club. The performances are always looked forward to by the whole school, which is generously supporting it. All downstairs seats and most of the upstairs seats have been

## Women Must Serve To Release Men For Army Duty

There have been any number of inquiries sent by women to Prof. Sarka Hrbkova, chairman of the woman's committee of the State Council of Defense, regarding opportunities for war work. A large number of new and useful fields for women's service are indicated in the bulletin issued today from the office of Prof. Sarka Hrbkova. Every woman who is able to qualify for one of the positions indicated will free a man for army service.

So urgent is the government's need for bookkeepers that civil service examinations to fill positions of this character will be held throughout the United States each Tuesday until further notice. Women as well as men are eligible.

## Housing Plans In Washington

There are now 2,000 more rooms in Washington than there are persons to occupy them. This information comes from Edwina S. Hege, manager of the central housing bureau, working with the District of Columbia branch of the Council of National Defense.

"We are laboring hard to have the supply of rooms exceed the demands for them," said Mr. Hege, "because we realize that with the expected influx of 20,000 to 25,000 additional clerks who are expected here by July 1, Washington is going to have great difficulty to accommodate them. Government dormitories will be the solution of the difficulty and they are, I think, certain to come later. It will take between three and four months to erect them and in the meantime we must depend on the patriotic householders of the city to assist in housing this surplus population."

## GO TO A GOOD DENTIST

You cannot enjoy good health if you have poor teeth. You cannot feel comfortable or happy knowing that your teeth are not in perfect condition. You're offensive to your friends (even though they do not mention it), if your teeth are decayed. Do not neglect this important matter.

**GOOD TEETH MEANS BETTER HEALTH**

We make no charge for examinations and you'll feel better if your work is done by us.

## Quickest Way to Remove Blackheads

A Simple and Remarkable Method Producing Startling Changes in Your Complexion and Hair.

It is almost tragic to see women steaming their faces and pinching the skin in a ceaseless endeavor to get rid of those obstinate pests, blackheads. Of course, I know it is because they do not know how. Nevertheless, I see as a result of these practices thousands of otherwise smooth skins becoming covered with large pores which face steaming always causes. And pinching causes spots which take a long time to disappear. Small blackheads are usually present by the thousands. Now the remedy for this condition is simple, and it never fails. A little powdered norexin sprinkled on a wet sponge and rubbed over the blackheads removes them all in only a few moments. It may be difficult to believe, nevertheless it can be proven by anyone.

By Valerka Suratt

MRS. C. D. W.—There is no excuse for having hairs on arms or face when you can free them in only a few minutes, completely and without injury, by a new simple means. Moisten the hairs with sulfo solution, costing one dollar at the drug store, and in a few moments the hairs will be entirely dissolved. There is nothing else known so remarkable in its action as this. It leaves no redness or spot such as is invariably caused by the superfluous "hair-burners" so commonly sold. The skin, no matter how sensitive, is always left smooth as though you had never had superfluous hairs at all.

MRS. A. N. T.—There are many complaints from thousands, about face-powder—too chalky, and coming off too easily. You just ought to try the powder which I made after my own formula. It is called Valerka Suratt Face Powder, and is sold at drug stores in fresh, white and bronzette, for fifty cents. You'll adore its extraordinary fineness, and its "staying on" qualities. It's the smoothest powder you ever used.

MRS. G. C.—Alkali in the soaps and prepared shampoos does much damage to hair. Your hair will be brittle and the scalp dry as long as you use these. That's because the alkali in soap destroys natural oily secretions in hair. Here's a wonderful little hint for a head-wash. It dissolves every bit of fatty substance and scale from scalp, leaves hair and scalp exquisitely clean. A teaspoonful of eggol in half a cup of water gives the greatest shampoo imaginable. Twelve shampoos can be gotten from only twenty-five cents worth of eggol, secured from the drug store.

COMING OUT—In a very few days your hair will stop falling and you'll have no more of those "combfuls" of hairs coming out if you will use this hair formula. I call this my jewel, because of its astonishing results in hair. Here's a wonderful little hint for a head-wash. It dissolves every bit of fatty substance and scale from scalp, leaves hair and scalp exquisitely clean. A teaspoonful of eggol in half a cup of water gives the greatest shampoo imaginable. Twelve shampoos can be gotten from only twenty-five cents worth of eggol, secured from the drug store.

MRS. QUEEN—Trust in no one who guarantees you a bust development. But I can say that the best thing known, and that

DELLA X.—Heaven knows there are millions who do need a real complexion beautifying formula—one that will actually and quickly do the work. This formula produces startling results on the complexion in a few days, making it spotless and beautiful, no matter how "bad" it was before. It is made by mixing an ounce of silicone with two tablespoonfuls of glycerine in a pint of water. Your freckles, too, will vanish quickly. Get the zintone at any drug store.—Adv.

Edna Cole and Miss Mary Elliott will tell Easter stories.

The drama section will be entertained at the home of Mrs. Roby Maxwell Thursday afternoon. Miss Mae Somers will speak on the melodrama, "The Two Orphans." The Red Cross unit will meet as usual on Saturday.

**Sermo Club.**

Mrs. J. E. Goodrich will entertain the Sermo Literary club at her home Tuesday. Mrs. G. G. Gearhart will read a paper on the subject, "Artist and Sculptor, Frederick McMonies." Roll call will be answered by current events.

**Church Societies.**

The Episcopal auxiliary of the board of missions will meet Tuesday at 2 o'clock at the parish house of Trinity cathedral.

**Scottish Rite Woman's Club.**

The regular business meeting will be held at 2 p. m. Friday and the Red Cross auxiliary all day Wednesday at the Scottish Rite cathedral.

**Benson's Woman's Club.**

The Benson Woman's club holds its last regular meeting before the annual meeting Thursday afternoon at the city hall, when important questions will be discussed in the business session preceding a talk on "Vocational Guidance" by Miss Myrtle Roberts of the vocational bureau. This is an open meeting.

**W. C. T. U. Meetings.**

Omaha Women's Christian Temperance union will hold a business meeting Wednesday at 2 o'clock in the Young Women's Christian association.

Wednesday at 2 o'clock the Frances Willard Women's Christian Temperance Union society will meet in the Young Women's Christian association assembly room. Mrs. James A. Daltzell will have charge of the meeting. Mrs. Edward Johnson will talk on "Temperance and Missions."

A tree-planting ceremony was held Saturday before Easter at the Old People's home on Fontenelle boulevard when the Woman's Club of the Railway Mail Service presented the old people with an ash tree for the grounds. It was planned to present the tree Arbor Day, but the old people were so eager to have the tree that the club members had the little ceremony Easter Saturday instead.

## "H. H. V." Work New Activities of Woman's Committee

To become an H. H. V. is Dr. Jessica Peixotto's advice to the woman who is looking for a volunteer position in war work. These initials mean Home Health Volunteer, and these volunteers are to be a big factor in the children's year. The children's year extends from April 6, 1918, to April 16, 1919, and efforts are to be made to save the lives of 100,000 children in that time. The program for the year has been drawn up by Miss Julia Lathrop, chief of the children's bureau.

The Home Health Volunteers are to be divided into three classes. In the first, which is messenger service, the wholly untrained will find their opportunity; the second class calls for women who have had some experience in medical and social service; and third is trained nurse service in which it is hoped that the service of women who have been trained nurses, but who have retired, may be enlisted for this patriotic work.

## Athletes Say Iron Is Greatest of All Strength Builders

Tell How They Get Power and Endurance to Win

Why These World Famous Athletes and Strong Men Take Nuxated Iron As a Tonic, Strength and Blood Builder. It Will Increase the Strength of Weak, Nervous, Run-Down Folks in Two Weeks' Time in Many Instances.

WHEN interviewed on the baseball field, Harry Hooper, famous star of the Boston "Red Sox," said: "In the World's Series Games every player is put on his mettle. He must be able to play equally well in the ninth and first innings, for no score is closed while a single batter has an unhit ball ahead of him. Since I have made Nuxated Iron a part of my regular training, I have found myself possessed of strength, power and stamina to meet the most severe strains."

Joe Jackson, star batter of the Chicago "White Sox," winners of the last World's Championship baseball Series, said: "Nuxated Iron certainly makes a man a live wire and gives him the 'never-again-die' strength and endurance. When I read in the papers 'Jackson's batting was responsible for the Chicago victory,' I feel like adding to it—'Nuxated Iron puts the power behind the bat and gives the needed punch to every play.' In the office of his manager on Broadway, Freddie Hill when champion endurance racer of the World, said: "In no test of endurance and stamina do men need such tremendous reserve strength and power as in a six-day bicycle race. Doctors have always told me, and I believe I have proven it in my own case, that the blood must be filled with iron to stand the terrific strain on mind and body. People marvel at my great strength and endurance and wonder how I 'came back' so quickly after having had such a disastrous fall inflicting concussion of the brain. The secret is Nuxated Iron. It has actually made me a stronger and better man than I was at any previous time in my whole career." Commenting upon the remarkable results which Nuxated Iron has produced for these and other athletes in so many branches of sport, Dr. James Francis Sullivan, formerly physician of Bellevue Hospital (Outdoor Dept.), New York, and the Westchester County Hospital, said: "There are thousands of men and women who need a strength and blood builder, but do not know what to take. In my own opinion there is nothing better than organic iron—Nuxated Iron—for enriching the blood and helping to increase the strength and endurance of men and women who burn up too rapidly their nervous energy in the strenuous strain of the great business connection of the day. Nuxated Iron helps give a man the power to put forth the extra effort necessary to win, whether it be in athletics or commercial life. But you can't make strong, vigorous, successful, sturdy iron men by feeding them on metallic iron, any more than you can build up strength and health by feeding a man on

hay. The old form of metallic iron must go through a semi-digestive process to transform them into organic iron—Nuxated Iron—before they are so ready to be taken up and assimilated by the human system. But in face of all that has been said and written on this subject by well-known physicians, thousands of people still insist in doing a cheap and worthless metallic iron simply, I suppose, because it costs a few cents less. I strongly advise readers, in all cases, to get a physician's prescription for organic iron—Nuxated Iron—or if you don't want to go to this trouble, then purchase only Nuxated Iron in its original packages and see that this particular name (NUXATED IRON) appears on the package. If you have taken preparations such as Nuxated Iron in an equally digested and assimilated form. A true health builder in every sense of the word." If you are not sure, take two five-grain tablets of Nuxated Iron, three times per day after meals for two weeks. Then test your

strength again and see for yourself how much you have gained. Many an athlete or prize fighter has won the day simply because he knew the secret of great strength and endurance, which comes from having plenty of iron in the blood, while many another has gone down to ignominious defeat simply for lack of iron.

MANUFACTURER'S NOTE—Nuxated Iron, which has been so successfully used by some of the World's Greatest Athletes, has won the day simply because he knew the secret of great strength and endurance, which comes from having plenty of iron in the blood, while many another has gone down to ignominious defeat simply for lack of iron.

Dr. A. J. Newman, formerly House Surgeon, Jefferson Park Hospital, Chicago, in commenting on the value of Nuxated Iron, said: "This remedy has proven through my own tests of it to excel any preparation I have ever used for creating red blood, building up the nerves, strengthening the muscles and correcting digestive disorders. The manufacturers are to be congratulated in having given to the public a long-felt want, a true health builder in an easily digested and assimilated form. A true health builder in every sense of the word." If you are not sure, take two five-grain tablets of Nuxated Iron, three times per day after meals for two weeks. Then test your

## Shake Off That Grip

When Spring comes, with its changeable weather and your exposure, it is best to clear away all the symptoms left after an attack of grip. That evil disease leaves you weakened, and when its victim attempts to "do his bit" he exposes himself to the risk of a second attack, for which he is less prepared, and which may have graver consequences.

**There's Danger in Delay**

April and May are pneumonia months. In this time a weakened system is a constant source of danger, for the pneumonia and grip infections are in the air, and after a long winter the body is so clogged with waste it cannot resist them. Fortify the health, remove the catarrh, and improve the digestion.

**For Quick Relief PERUNA**

This reliable tonic is recommended to remove the waste from the body, counteract the catarrhal poisons and allay the inflammation that is catarrh, restore the regular appetite and tone up the entire system to resist disease. A well man is safe.

As a tonic after grip it has won many commendations, and its effectiveness in catarrhal conditions is unquestioned. Take no chances—Take Peruna.

Peruna Tablets are always ready to take. You may carry a box with you and ward off colds and chills. The liquid medicine in your home is a great safeguard. Protect your family.

## "TIZ" FOR FEET

For Tired Feet, Sore Feet, Tender, Aching, Swollen, Calloused Feet and Painful Corns

Just take your shoes off and then put those weary, shoe-crinkled, aching, burning, corn-pestered, bunions-tortured feet of yours in a "Tiz" bath. Your toes will wriggle with joy; they'll look up at you and almost talk and then they'll take another dive in that "Tiz" bath.

When your feet feel like lumps of lead—all tired out—just try "Tiz." It's grand—it's glorious. Your feet will dance with joy; also you will find all pain gone from corns, callouses and bunions.

There's nothing like "Tiz." It's the only remedy that draws out all the poisonous exudations which puff up your feet and cause foot torture.

Get a 25-cent box of "Tiz" at any drug or department store—don't wait! Ah! how glad your feet get; how comfortable your shoes feel.—Adv.

## "WHEN YOUR KIDNEYS FEEL LIKE LUMPS OF LEAD"

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; removing all the body's urinous waste, else you have backache, sick headache, dizzy spells; your stomach sours, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get to discolor in this way by Bureau & McCannell Drug Co. Store and by all good druggists.—Adv.

to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness.

Jal Salts is a life saver for regular meat eaters. It is inexpensive, can't injure and makes a delightful, effervescent lithia-water drink
