

GREATEST PARADE OF ITS HISTORY IN CAPITAL CITY

Nearly Every Organization in Municipality in Line; State House Officers and Employees Take Part.

(From a Staff Correspondent.)
 Lincoln, April 6.—(Special.)—The Liberty loan parade in Nebraska's capital city today was the greatest demonstration ever witnessed in Lincoln. Nearly every organization, business, military and educational, was in line and when these organizations lined up at the starting point it appeared as if there would be no people left in the downtown district to witness the parade pass.

So great was the number participating that it was necessary to march in double formation, the right side of the streets being occupied by a column headed by the Lincoln post of the Grand Army of the Republic 100 strong with their drum corps, while the left side of the line was headed by the Lincoln camp of the Sons of Veterans, 62 strong, headed by the Colonial drum corps. The parade was more than five miles long. The home guards followed the Sons of Veterans and the Spanish War and Philippine War Veterans followed the Grand Army of the Republic.

School children of the city and students of the different suburban colleges occupied a place about two miles from the head, while about two miles farther on the state house officials with the Red Cross state house organization of young lady employees, other employees and members of the legislature, the senate, headed by Lieutenant Governor Howard in full home guard uniform, and the house by Speaker Jackson, who turned over the command of the house members to Colonel E. Stutz, member from Hall county. (At the end of the parade were Boy Scouts, who also lined the entire route as guards to keep the crowd back, which lined the streets many deep.

Attempts to Kill Wife, Then Hangs Self From Tree

Table Rock, Neb., April 6.—(Special.)—Frank Luksek, an elderly Bohemian residing in the western part of Table Rock, made a murderous attack on his wife last night some time after midnight, with a file, with which he stabbed her. Thinking he had killed her, he carefully covered her up and left the house. The injured woman later managed to crawl to the residence occupied by Constable M. B. Johnson and family, where physicians were immediately summoned. No one was anxious to search for the culprit until daylight, when he was found hanging from a tree, dead. It is thought that he had been insane for some time. He is survived by a widow and a daughter, the daughter being in an insane asylum in this state; also an adopted son, who lives on the Luksek farm, half way between here and Humboldt. He was 65 years old and the injured woman, who is his second wife, some years younger. F. A. Barton, county attorney, was called to view the body, and an inquest was deemed unnecessary.

SENATORS APPROVE THE DEFENSE BOARD

Take Action in Favor of Move Asking Public Schools to Discontinue Teaching of Foreign Languages.

(From a Staff Correspondent.)
 Lincoln, April 6.—(Special.)—At 3 o'clock this afternoon it looked as if the Nebraska legislature would be through with its labors some time this evening, but in the senate, when Oberlies of Lancaster, who had been named for joining the so-called "Hindenburg line" in a resolution yesterday approving the State Council for restricting the German language in the schools of the state and asking for its extension to private schools and churches, sought to square himself by offering another like it, but with the teeth cut out, an amendment was offered attaching an editorial from an Omaha democratic paper which had been distributed on the desks of the members today, and then another cutting out the word "German" and substituting the word "German" and substituting foreign, the debate started again.

Debate Waxen Warm

On a call for a point of order questioning the right of the Omaha editorial to be attached because it was not german to the original resolution, the lieutenant governor ruled the point well taken and the debate was taken up on the resolution, Oberlies having accepted the substitution of the word "foreign" for "German."

When the matter went to a vote on roll call it was found that the vote stood 15 to 11 for the resolution. A call of the house was made and absent senators out on conference committees were brought in. With the vote 17 for and 14 against and Henry absent an attempt was made to find the gentleman from Goffax in an effort to put him on record.

How Vote Stood

The vote at that time stood: Yes—Beal, Bushie, Chappell, Doty, Haase, Hager, Hammond, Howell, McAllister, McMullen, Neal, Oberlies, Robertson, Samuelson, Sawyer, Spirk, Wilson of Frontier—17. No—Adams, Albert, Bennett, Buhrman, Gates, Kohl, Lahters, Matthes, Moriarity, Sandall, Soost, Sirehlow, Tanner, Wilson of Dodge—14. Senator Henry was finally found and came in and voted for the resolution.

Senate Passes Bills

The senate passed H. R. No. 10, providing that a soldier in the service cannot be sued while in service or six months afterward on a debt; H. R. No. 7, the appropriation bill for \$2,400 for salary of state bacteriologist; H. R. No. 8, an appropriation bill for \$9,062.56, for payment of insurance examiners.

On Motion a Committee of Three, Consisting of Moriarity, Beal and McMullen, was appointed as a conference committee on H. R. No. 5, the sedition bill.

H. R. No. 9, the potash bill, was amended by the senate so as to put it up to the Board of Public Lands and Funds to validate all former leases, where, in the opinion of the board, it was the just and proper thing to do. The house had cut out the validating clause of the bill altogether and inserted an amendment cutting out perpetual leases, but giving future legislatures the right to cancel such leases, when, in the opinion of the legislature such action should be taken. The bill was then sent to conference.

The Oberlies resolution, as it finally was passed, read as follows: "Resolved, That we approve the request of the State Council of Defense that private and public schools discontinue the teaching of foreign languages as a medium of instruction for secular or religious subjects to public or grade schools."

Among the New Rugs

Beautiful, but Different

If you will visit our Rug Department Monday we will turn over a pile of the new Rugs, you'll be surprised—pleasantly surprised, for the colors and patterns show a marked difference that is decidedly in their favor. The choice is wide—very wide—yet every pattern seems to mean more than the rugs of previous seasons. Among the novelties are Chinese designs that disregard balance, tapestry patterns, such as we have never seen before, large geometric designs with new ideas incorporated in the borders. The colors are generally soft and harmonious, while the grounds favor such practical effects as moret, jaspe and striped. Oval-braided Rugs woven by hand in a great variety of colorings are quite sensational.

French Wiltons and Anglo Persians

This year the colorings are in the soft tawpes, copper rose, ivory and blue, designs show the jaspe and corduroy effects, also tapestry and panel effects as well as landscape, Oriental, Japanese and Chinese copies. They can be matched up in all sizes and are also procurable to order in special sizes. Note a few of those we stock—
