WILSON'S 'WAR' CABINET SPEEDS DOOM OF KAISER

Meets Every Wednesday and and Deals Only With Industrial Progress Necessary for Victory.

Washington, April 8 .- The nation's war-making agencies have achieved a close harmony of action in the last two weeks through the Wednesday conferences at the White House, which high officials said today has speeded the prosecution of the fight for democracy to the point of greatest efficiency yet reached.

Decisions of far-reaching importance have been made by close contact between the heads of the various branches involved, under the guidance of President Wilson, who is said authoritatively to have smoothed numerous differences which might have resulted in delay or friction without a mutual understanding reached in conterence.

The president now virtually has two cabinets, the first of which advises him on diplomatic and political questions, while the second discusses with the chief executive the problems of mobilizing the industrial powers of the nation, without which there could be no war.

Cuts Out Politics.

The cabinet proper, meets every

"war cabinet," or "industrial cabinet," as it is coming to be known gathers at the White House every Wednesday, and includes the director general of railroads, the chairmen of the shipping, war industries and war trade boards, the food administrator and the fuel administrator. At times when the army or navy has a special problem involving industrial questions, Secretary Daniels or acting Secretary of War Crowell attends. The war-cabinet at no time has touched on political questions. This

was learned today from a very high source. All of the war cabinet's work has been to further the preparation of America to throw its entire re sources into the scale against the Hun. So important has this work become that the prosecution of the war, except for directions of actual military and naval movements, now is entrusted to the little group of six

Results of Work.

First results of the war cabinet's work have become apparrent in the decision of the war industries board to give preference in delivery to 100 per cent requirements of ship yards for steel. Mr. Hurley gave the conierence last Wednesday detailed accounts of demands made on him for tonnage. His statement to the conference was prepared after frequent consultations with Major General March, chief of staff, The War department was said to be well satisfied with the shipping facilities available.

Rice in No Way Connected With Death of A. Barrett

The intimation that I was in the slightest manner implicated in the leath of Albert Barrett, or was even near him when he fell to his death, s a gross injustice, wholely untrue and is slanderous," said John Rice, 1451 South Eighteenth street, a laporer on the Conant hotel building, where Barrett was instantly killed saturday morning when he fell from the eighth floor. Rice was not on the scaffold with Barrett, but was on the nside of the building when the acident occurred. It was reported to he place at the time of the accident hat the man was shoved from the scaffolding, but there is no truth in that statement, says Rice, who saw

Pneumonia Takes John Albers; Grain Exchange Closes

Out of respect to the memory of John Albers, who died of pneumonia Omaha Grain exchange will not open until 11 o'clock- Tuesday morning The body will be taken to the old home in Earling, Ia., for burial, where the funeral will be held at 10 o'clock Tuesday morning.

The body will be accompanied by A. Linderholm, O. M. Smith, J. W. Holmquist, S. P. Mason and Frank P. Manchester, a committee for the ex-

years ago and had been in the grain business, head of the Albers Grain company. He is survived by widow and three daughters.
