TO GIVE BRIGGS CHANCE TO BID FOR LAND LEASE

Alliance Man Who Objected Because State Board Sold Potash Right, Now May Make Good.

(From a Staff Correspondent.) Lincoln, Neb., April 8.—(Special.)—Lincoln, Neb., April 8.—(Special.)—The Board of Educational Lands, according to a letter written by Land Commissioner Shumway in answer to one received by the commissioner from Mr. Briggs. The commissioner says in his letter: "If the present mineral leasing bill becomes a law, you will have an opportunity to make good on your offer to bid on section 36-26-45 Sheridan county."

On October 25 you warned us that we were buying a law suit and that you proposed to "stand on my rights" as agricultural lessee to remove potash. We are told that you say you knew the supreme court would knock out the lease and that is why you refused to bid even \$1,000 on this section at that time.

A public officer probably has no right to consider anything except at face value, your offer is therefore assumed to be bona fide and will be so treated.

This lease is the one over which there has been so much controversy, being owned by W. S. Ridgell. Mr. Ridgell made a bid of 12 1/2 per cent to go to the state as a royalty and \$1,000 bonus which he paid and the same was turned over to the state treasury. Briggs has informed the land commissioner that he will raise Ridgell's ante to \$10,000, and will also give a royalty of 12 1/2 per cent.

Five Sons and Daughter From Thomas Family in Service

York, Neb., April 8.—(Special.)—It is believed that David Thomas of this city has done about as much toward helping win the war as any man in Nebraska. He has given five sons and a daughter into the service and another son is going as soon as he is of age.

Mr. Thomas has signified his intention of going to the front in any capacity that may be suggested, but his age, 66 years, bars him from the service. However, he is doing his "bit," as he is janitor of the federal building here.

Of the sons who are in the army, Fred and Forrest are attached to Battery F, 127th heavy field artillery, stationed at Camp Cody. Edward is a field rider and on his way to an Atlantic port, having been sent from Camp Dodge. Gordon is in training at Camp Logan. Warren, who recently enlisted, is in a hospital in Lincoln with an injured foot.

Miss Emma, the only daughter of Mr. and Mrs. Thomas, volunteered as a nurse, has been accepted and is waiting for the call that will take her away for overseas duty with the United States' armies on the French battlefield.

Mr. and Mrs. Thomas have another son, Lawrence, 18 years old. He is anxious to enlist and his parents will give their consent to his entering the service as soon as he is old enough to be accepted.

SENATORS EXPLAIN VOTE ON SEDITION

Ten Members of Upper House Unite in Statement Concerning Provisions of Measure Passed by Legislature.

(From a Staff Correspondent.) Lincoln, Neb., April 8.—(Special.)—In the senate some of the members today were dissatisfied with the action of Saturday night in adopting the sedition bill and a resolution of explanation of their feelings was read signed by John Mattes, George M. Adams, John F. Moriarty, R. C. Stuhlon, J. H. Bennett, Thomas Lahnen, J. L. Albert, J. H. Buhnen, John M. Tanner and Wallace H. Wilson.

The resolution reads: "We feel we owe it to the people of the state to lodge a protest against the so-called sedition bill as it finally passed, and, to apprise them of the grounds of our protest. "As the bill now stands, many of its provisions are unconstitutional and in direct conflict with the views and wishes of President Wilson and the settled policy of his administration. It is calculated to engender race hatred and to divide rather than unite our people. It is an invidious attack on the right of free speech and religious liberty. It is Prussian in its disregard of the rights of the individual and Mexican in its avoidability as a weapon for unscrupulous politicians. It makes our lawful and constitutional authorities subservient and subordinate to the Council of Defense, an unconstitutional and irresponsible body, whose members are not elected by nor answerable to the people, and are under no bond for the faithful discharge of their duties. "It gives them power to adopt arbitrary rules having the force of law, enforceable by heavy penalties. It clothes that body with a semblance of authority greater than was ever conferred by a free people on any of their civil officers—a power which may easily be employed to intimidate voters, officers in the discharge of their sworn duties and even clergy-

men in the exercise of their holy functions. "It is so worded that the charge of a complaint founded upon it, however, unfounded the charge, brands the accused as a criminal and degrades him in the eyes of his fellowmen. It is so framed as to wound the sensibilities of thousands of loyal citizens of foreign birth whose sons are now in the uniform of the United States and fighting under the stars and stripes, striving for the end we are all devoutly wishing the utter crushing of German militarism. "Its ostensible purpose is to promote loyalty, but by its harsh, offensive, oppressive and undemocratic provisions, it is calculated to defeat that purpose. No more lethal blow was ever aimed at constitutional liberty. We can only hope that the government which has never been found wanting in courage—will not fail in its duty to remember that the constitution is supreme, whether in war or in peace, and is intended to safeguard the rights of the minority against the hasty, selfish and unwise acts of the majority."

RIVAL CHURCHES REACH AGREEMENT

Bases of Harmony Found at Conference of Reorganized Church and Church of Christ.

Independence, Mo., April 8.—(Special Telegram.)—Frederick M. Smith, president of the reorganized Church of Latter Day Saints, this morning addressed the woman's auxiliary, represented in an audience which more than filled the tower auditorium of the stone church here. He told them that the time had come for them to perfect their organization in order that they may accomplish the definite and specific work which is for them to do in the establishment of Zion. "How long are you women going to allow us men to assume the egotistical position that we have all the brains, and you none?" he challenged. He said he hoped to see the Latter Day Saints women in the vanguard of the forward movement of women in the work of today.

Mrs. Frederick M. Smith also addressed the women concerning the general importance and scope of their work. Israel A. Smith, brother to the president, addressed the body of the priesthood this morning on "Stewardships and Trusts."

Harmony Agreement

What is perhaps one of the most far reaching legislative actions of this conference was the adoption this afternoon of a working basis of harmony between the "Reorganized Church" and the "Church of Christ."

The salient points of the document provide that each church recognizes that both organizations are in agreement on the following points:

- (a.) The divine mission of Joseph Smith. (b.) The fundamental principles of the Gospel of Jesus Christ. (c.) The Book of Mormon as a divine record. (d.) The law of monogamous marriage and loyalty to the government. (e.) That where there are six regularly baptized members, one of whom is an elder, there exists the Church of Jesus Christ. (f.) That faith and righteousness and the call from God are ministerial essentials.

HIGH SHERIFFS OF THE SOUTH NOW CONVINCED

Sheriff Mangum of Atlanta, Ga., Sheriff Anderson of Houston, Texas, Sheriff Lewis of Marion, Ark., and Sheriff Kelley, of Odessa, Texas, Come Out With Strong Statements and Tell What Tanlac Has Done for Them.

FOUR leading Sheriffs in widely separated states—have recently given their unqualified endorsements to Tanlac. The word of men whose records for honesty and uprightness has won and held for them the highest county office in the gift of the people of their own communities, cannot be doubted, for if there is any office that demands a man of unimpeachable integrity, it is the office of sheriff.

"Tanlac has certainly helped me and I recommend it for the good it has done in my case," said Hon. C. W. Mangum, ex-sheriff of Fulton County, Georgia, who resides in Atlanta, Georgia, and there is not a better known man in Harris county. "I was continually belching up undigested food," he continued, "and I would blot and swell up like I was poisoned and suffered from muscular pains of the worst sort and nothing relieved me. I began to feel better after taking the first bottle of Tanlac and have just started on my third and feel like a different man already. I sleep like a log now and can eat anything and everything I want without the slightest discomfort afterwards."

"Texas Sheriff's Endorsement. "I needed a general all around building up for the last seven months and Tanlac has done that very thing for me," said Hon. S. A. Kelley, Sheriff of Ector County, Texas, who resides at Odessa, Texas, and who is one of the most popular officials in that section of the state. "I'm mighty glad now that I took Tanlac, for I had been in a badly run-down condition for several months. I had no appetite and didn't enjoy what I did eat and at times I suffered terribly with rheumatic pains. My back ached all the time and my liver was so sluggish and out of shape that I had dull head aches continually. "I have taken only two bottles, but I feel like a different man already. My appetite is fine and what I eat gives me nourishment and strength. The rheumatism is much better and my liver is in good condition. I am relieved of the headaches and feel more active and energetic than I have in months."

"Tanlac is sold in Omaha by Sherman & McConnell Drug Company, corner 16th and Dodge streets; Owl Drug Co., 16th and Harney streets; Harvard Pharmacy, 24th and Farnam streets; Northeast corner, 19th and Farnam streets, and West End Pharmacy, 48th and Dodge streets, under the personal direction of a special Tanlac representative.—Advertisement.

Be Careful In Using Soap On Your Hair

Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle. The best thing to use is just plain mulsified coconut oil, for it is pure and entirely greaseless. It's very cheap, and beats the most expensive soaps or anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months. Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy, and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and flandruff.—Adv.
