

ALLEGED BOOZE RUNNER TRAPPED BY STATE AGENTS

St. Joseph Man Arrested on Douglas Street Bridge; High-Powered Car Laden With Whisky.

A racing-type automobile laden with 517 pints of whisky and six quarts of beer was captured early Tuesday morning by state agents on the Douglas street bridge. Roy Hanson, St. Joseph, Mo., driver of the car, was arrested.

Another high-powered automobile, which was coming directly behind Hanson's car and which officers say was filled with liquor, escaped.

Several shots were fired at it. Hanson was charged with unlawful possession and transportation of liquor. The latter charge is a federal offense.

Hanson declined to divulge the name of the pilot of the escaped car. He said, however, that both automobiles were purchased recently for the purpose of making overland trips between St. Joseph and Omaha.

Hanson's car is held at the police station.

Many Applications for Leases on Right-of-Way

Railroad officials are surprised at the number of applications that are being received to lease right-of-way along the lines in Nebraska. Indications are that all through the agricultural portion of the state the railroad right-of-way will all be leased and cropped.

Out in the state, especially close to the towns, in many instances there are more applicants than there are tracts of land to lease. In all instances the rule of first come, first served, is followed, providing the applicant can qualify as to character and ability to keep the land free of weeds and plant it to vegetables and grain suitable for human or stock food.
